Total					18	8	0

Order No. G. 16186-9 (1) P. P. 27-20-25, dated 16th February 1921

Government are of opinion that the present system under which the Garrison Cemeteries at Seringapatam and French Rocks are under the control of the Local Revenue Officers while their annual repairs are carried out by the Public Works Department, is not conducive to the careful preservation of the cemeteries. They are accordingly pleased to direct that they should in future be transferred to the control of the Public Works Department. The Local Public Works Officer should be required to carry out regular monthly inspections and submit a report to his immediate superior officer who, in his turn, will inspect these monuments once a quarter. The Executive Engineer of the Division should also inspect them at least once every year and submit his report to Government through the Chief Engineer.

2. The Deputy Commissioner, Mysore District, is requested to transfer the charge of the cemeteries together with the existing establishment attached to them to the Public Works Department.

3. The Chief Engineer is requested to issue necessary instructions to the officers concerned to remedy the defects pointed out and to submit proposals for the revision of the establishment at an early date.

K. MATTHAN.

Offg. Chief Secy. to Govt.

**To—The Comptroller to Government.

The Deputy Commissioner in Mysore.**

End.—c. a.

No. G. 16186-9 (1) P. P. 27-20-25, DATED 16TH FEBRUARY 1921.

ANNEXURE.

Letter No. 409-20, dated the 13th July 1920, from the Chaplain of Mercara and Mysore, Mercara, to the First Assistant to the Hon'ble the Resident in Mysore.

At the request of the Lord Bishop of Madras, I have the honor to submit a report of my inspection of the two Garrison Cemeteries at Seringapatam and at French Rocks on June 22nd 1920.

I. The Large Garrison Cemetery at Seringapatam.—Two malis are employed at this cemetery and are paid a salary of Rs. 5 each per mensem. When I arrived at the cemetery at 9 A. M. neither of the malis was at the cemetery but one appeared immediately after my arrival. The other was away. There is very little work being done here beyond the annual repairs which consist chiefly of colour and whitewashing. Inscriptions on many of the tombs have completely disappeared probably as a result of being whitewashed. Possibly some of them could be restored by scraping of the whitewashing. Many of the inscriptions also have been mutilated by entrusting to illiterate persons the work of re-lettering and re-painting.

The Executive Engineer informed me that the two malis are probably paid by the Government of India through the Mysore Revenue Department and the Amildar certifies to the annual repairs.

II. The Small Garrison Cemetery at Seringapatam.—There is no mali employed here and the cemetery appears to be in charge of the two Mahomedans who are in charge of Tippu's Tombs. These officers informed me that they received no grants for the upkeep of this cemetery but that they occasionally spend a little money from the surplus received from the Government of India for the maintenance of Tippu's Tombs. There is however little to show that any funds are being spent on this cemetery beyond what is spent on the annual repairs. The inscriptions here have been better preserved than in the Large Garrison Cemetery.

It appears that these cemeteries are in charge of the Amildar of Seringapatam but it is not evident that he takes much interest in them.

III. The Garrison Cemetery at French Rocks.—This is in a good state of preservation. There are only about five monuments with obliterated inscriptions. A mali is employed here and his pay is drawn by the Chaplain of Mysore (in whose charge the Cemetery is) at the Mysore Treasury. He receives including allowances Rs. 9 a month.

For the better maintenance of these three historic cemeteries the following suggestions are made:—

(1) That the two Garrison Cemeteries at Seringapatam be placed under the sole charge of the Chaplain of Mysore and that the two malis employed at the Large Garrison Cemetery be made responsible for the good preservation of both cemeteries as there is not enough work for two malis in the cemetery they are employed in at present.

(2) That the malis should be under the sole charge of the Chaplain of Mysore and that their pay be increased and drawn by the Chaplain at the Mysore Treasury as is done in the case of the mali at French Rocks.

(3) That the annual repairs to the three cemeteries be submitted to the Chaplain of Mysore for approval before the work is undertaken and certified by him when accomplished.

(4) That the obliterated inscriptions be retraced where possible and mutilated inscriptions rectified.

This report together with the suggestions has been approved by the Deputy Commissioner of Mysore.

Annual Volumes of the "Mysore Gazette."

GOVT. OF H. H. THE MAHARAJA OF MYSORE,
GENERAL AND REVENUE SECRETARIAT,
Dated Bangalore, 23rd February 1921.

No. Pol. 916

FROM

K. MATTHAN, Esq., B. A.,
*Offg. Chief Secretary to the Government of His Highness
the Maharaja of Mysore.*

TO

Major C. T. C. PLOWDEN, I. A.,
First Assistant to the Hon'ble the Resident in Mysore.

SIR,

With reference to your Memo No. 1713-351-1385, dated the 14th instant, I am directed to state that the Durbar will be glad to arrange for the supply of two bound volumes of the *Mysore Gazette* annually to the Government of India, Legislative Department, and that the necessary instructions have been issued to the Compiler, *Mysore Gazette*, in the matter.

I have the honour to be,

Sir,

Your most obedient servant,

K. MATTHAN,

Offg. Chief Secretary to Government.

Memo No. G. 16600—P. P., dated 24th February 1921.

Copy of the above is forwarded to the Compiler, *Mysore Gazette*, for information and guidance with reference to the correspondence ending with his letter No. 12, dated 14th July 1920, to the Registrar, Government of India, Legislative Department.

By Order,

K. MATTHAN,

Offg. Chief Secretary to Government.

Lxd.—C. R.

**Rules for the submission of petitions

**PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS,
THE MAHARAJA OF MYSORE.**

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. 5520, dated the 9th December 1920, from the Chief Commandant, Mysore State Troops, forwarding copy of a Indian Army Order No. 712, dated 14th September 1920, and recommending that the rules in question in the matter of the submission of petitions by Indian ranks, followers and their relatives may be adopted in the Mysore Military Department.

Order No. G. 15122-3—Mily. 215-20-2, dated 3rd February 1921.

Approved.

The rules are slightly revised in view to adapt them to the requirements in the Mysore Military Department and printed as an annexure to this order

K. MATTHAN.,

Offg. Chief Secretary to Government

**To—The Chief Commandant, Mysore State Troops.
The Comptroller to Government.**

ANNEXURE.

Rules for the submission of petitions by the ranks and followers of the Mysore Military Department and their relatives.

Officers and soldiers including those departmentally employed, and followers, also their relatives, must understand that a petition or representation made to His Highness the Maharaja, His Highness Government or the Chief Commandant, will not be attended to unless it is submitted through the local authorities.

2. The correct channel for the submission of a petition is as follows and must be strictly adhered to :—

- (A) By those still in the service of Government :— The representation must be made personally to the immediate superior, who will, after enquiry, dispose of it himself, or report to the next senior Officer for the orders of the Officer Commanding the Unit.
- (B) By those who have left the service of Government :— The petition or representation must be made either in writing or in person to the Officer Commanding the Unit or depot of the Unit in which the petitioner last served.
- (C) By relatives of serving and ex-soldiers :— Petitions or representations from the relatives of those serving with the colors in India as a rule unnecessary and should be referred to the relative serving.

Petitions and representations from relatives of men serving out of India or have served in the Army, including departments of the Army, must be sub-mitted as 'B' above.

No. G. 15122-1 MILY. 215-20-2, DATED 3RD FEBRUARY 1921.

3. If the petition or representation is submitted in writing, the following rules must be observed :

- (a) It must be legible, intelligible and couched in loyal and respectful language.
- (b) It must be duly signed by the petitioner and accompanied by copies of previous decisions or a copy of the orders against which the appeal is made.
- (c) It must conclude with a specific prayer.

4. All petitions from soldiers and followers to the Civil authorities on non-military subjects should be forwarded on receipt by the Commanding Officer of the petitioner, to the local Civil Officer concerned.

5. It is the duty of each Commanding and General Officer in the chain of submission to enquire carefully into each case and note the result of enquiry into the specific prayer. If, in the opinion of the Military Authorities through whom the petition passes, or the representation is made, the petitioner has not complied with the rules laid down in paragraph 3 above then a reply should be sent to the petitioner accordingly.

Should it be considered that the prayer of the petitioner is one which is deserving of consideration by higher authority, the Commanding or General Officer concerned should ensure the disposal of the prayer accordingly or, if not within the powers delegated to him by higher authority, forward it to the next higher authority.

6. The Chief Commandant may withhold a petition —

- (i) When it is unintelligible, illegible, or couched in disloyal, improper or disrespectful language.
- (ii) When a previous similar petition has been disposed of by the Government and no new facts which would afford grounds for reconsideration are brought to light.
- (iii) When it is a mere application for relief, pecuniary or otherwise, which is presented by a person manifestly possessing no claim or advancing a claim of an obviously unsubstantial character or is so belated that its consideration is clearly impossible, or is an application for employment from a person not in Government Service.
- (iv) When the petition is an appeal against a judicial decision, unless it be an appeal for mercy.
- (v) When the petition is an appeal in a case for which the law provides a remedy.
- (vi) When the petition relates to a subject on which the Chief Commandant, is competent to pass orders and no previous application for redress has been submitted to him.

When a petition is withheld the petitioner should be informed of the reason, and a quarterly return of all petitions addressed to His Highness or the Government so withheld, will be submitted to the Government. The return will give the name of the petitioner, the subject matter of the petition and the reason why it was withheld.

7. Leaflets in Kannada and Hindustani explaining the procedure prescribed in these rules will be circulated to all ranks and followers.

No. G. 15463-522—Ad. & S. 59-20-1, DATED 9TH FEBRUARY 1921.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE

GENERAL AND REVENUE DEPARTMENTS

Order No. G. 15463-522—Ad. & S. 59-20-1, dated 9th February 1921.

Government are pleased to direct that arrangements for the purchase of machinery, stores and other articles manufactured in foreign countries sanctioned in Government Order No. G. 419-69—P. P. 11-19-1, dated the 7th July 1919, be terminated by the end of April 1921.

2. The Heads of Departments and Officers purchasing foreign goods are accordingly requested to discontinue placing orders through the Agents referred to in the Government Order mentioned above. For future purchases of such articles, arrangements should be made by them by calling for tenders after making the necessary enquiries and orders placed direct with suppliers or manufacturers after obtaining the sanction of the Government

**A General Inspection every month
by the Presiding Officer.**

No. 1289-1342
E. A. G.

GOVERNMENT OF H. H. THE MAHARAJA OF MYSORE,
GENERAL AND REVENUE SECRETARIAT,

Dated Bangalore, the 14th February 1921.

CIRCULAR MEMORANDUM.

The attention of all officers is invited to Rule 56 of the Revised General Rules of Office Procedure (issued with G. O. No. 1414-1463—E. A. G. 263, dated 18th November 1918, and printed in the First Supplement to the Manual of General Circulars and Standing Orders, Part I) prescribing a test inspection of the work of one or more officials once a month by the head of each office or his assistant and also to paras 186 and 300 of the Manual of General Circulars and Standing Orders, Part I, in regard to scrutiny by the Head of the Office of the State of work in it and the arrears of correspondence, etc.

2. Government are constrained to observe that sufficient attention is not being paid in some offices to these rules with the result that various kinds of irregularities and delays have been facilitated by the neglect of the officers to periodically examine some section or other of their offices and to thoroughly overhaul the entire office once a year as prescribed in Rule 57 to 59 of the Revised General Rules of Office Procedure.

3. Government consider it necessary to direct that either the presiding officer or the officer immediately subordinate, if any, should devote the first working day of each month to a general inspection of the condition of the rooms, furniture and records of his office, of all reference books and files of standing orders in addition to the test inspection of the work of one or more officials as prescribed in Rule 300 of the Manual of General Circulars. A record of the result of such inspection should be maintained in the Inspection Note for scrutiny by the superior officers during their visits to the office.

K. MATTHAN,

Offg. Chief Secy. to Government.

To—The Heads of Departments.
The Deputy Commissioners of Districts.
The Secretaries to Government.

READ

G O. No. 137-190—E. A. G. 419-19-4, dated 14th July 1920, laying down rules permitting members of services to form themselves into Associations.

Order No. 1421-74—E A. G. 419-19 5, dated 23rd February 1921.

The rules prohibit such associations including among their members any persons not actually in the public service ; but at present there is no means of checking whether this rule is observed in fact. With a view to enable Government to verify that this rule is strictly observed, Rule 29 A (2) of the Rules for the Conduct of Public Servants issued with the above order is modified as follows :—

“ 29 A (2). No such Association shall include among its members any persons not actually in the Public Service. As soon as an Association is formed and every half-year thereafter lists of all its members, giving particulars of the official positions they hold, should be submitted to the Chief Secretary to Government for the information of Government.

K. MATTHAN,

Monthly Statement of Daily Rainfall.

No. 723-735—STL. 32-20-1, DATED 17th FEBRUARY 1921.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

G. O. No. R. 5042-80—L. R. 190-6-2, dated 15th November 1906, directing among other things, the publication in the *Mysore Gazette* of the monthly statements of daily rainfall at the taluk headquarter stations, besides sending printed copies thereof to the Meteorological Reporter to the Government of India.

Order No. 723-735—Stl. 32-20-1, dated 17th February 1921.

Government consider that it is unnecessary to continue the publication of the statements, referred to above in the gazette and that it will suffice if copies are printed and distributed among the offices interested. The Revenue Commissioner and the Meteorological Reporter in Mysore who were consulted in the matter are also of the same opinion. Government accordingly direct that the publication of these statements in the *Gazette* be discontinued in future.

2. The Revenue Commissioner is requested to get 160 copies of the statement printed in future and distribute the same as follows :—

	No. of copies.	
1. Director General of Observatories, Calcutta.	72	(inclusive of two advance copies)
2. Meteorological Reporter in Mysore.	2	
3. Director of Agriculture.	5	
4. Nineteen Sub-Division Office at 2 each.	38	
5. Eight District Offices at 3 each.	24

THE MAHARAJA OF MYSORE.**

GENERAL AND REVENUE DEPARTMENTS.

Read—

G. O. No. R. 4115-24—R. M. 712-04-21, dated 25th October 1906, requiring the Revenue Commissioner in Mysore to compile and publish in the *Mysore Gazette*, among other returns, fortnightly statements of wholesale prices of food grains at the district headquarter stations.

Order No. 736-749—Stl. 34-20-3, dated 18th February 1921

Government consider that the publication in the Gazette of the statements referred to above is not serving any useful purpose and that it will suffice if copies are printed and supplied to the Revenue Commissioner for distribution among the offices and agencies interested in them. The Mysore Chamber of Commerce and the Revenue Commissioner who were consulted in the matter also concur in the above view. Government accordingly direct that the publication of these statements in the Gazette be discontinued in future.

2. The Revenue Commissioner is requested to get 200 copies of the statement printed in the Government Press and distributed as noted below:—

Revenue Commissioner's Office	12
Eight District Offices at 3 each	24
Director of Industries and Commerce	2
Director of Agriculture	6
Deputy Director of Commerce	50
Mysore Chamber of Commerce	100
Chief Secretariat (Statistical Branch)	6
	200

3. Separate orders will be passed in regard to the points raised by the Revenue Commissioner and the Chamber of Commerce, *viz.*, (1) question of transferring the work of compiling and publishing the fortnightly returns of wholesale and retail prices of food grains at the district headquarter stations to the Deputy Director of Commerce and (2) arranging for the publication of the "Price current and market report" of the Chamber in the Gazette.

K. MATTHAN,
Offg. Chief Secy. to Govt.

Tables of Agricultural Statistics.

No. 757-768—Stl. 20-20-4, DATED 21ST FEBRUARY 1921.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

Read—

G. O. No. R 4475-85—Agri. 28-15-2, dated 4th November 1915, directing the adoption of a list of crops for the compilation of table A—3 (now table IV) of the agricultural statistics.

2. G. O. No. 393-404—Stl. 20-20-1, dated 8th November 1920, revising the tables of agricultural statistics so as to correspond with those of British India as nearly as possible.

3. Letter No. 904—36-1888, dated 28th January 1921, from the First Assistant to the Hon'ble the Resident in Mysore, enclosing for adoption copies of an alphabetical list of crops grown in India and a classified table IV as also a copy of the forms of agricultural statistics as lately revised by the Government of India.

Order No. 757-768—Stl 20-20-4, dated 21st February 1921.

Government direct that the list of crops and the tables of agricultural statistics in use in the State be revised so as to accord with those of the Government of India. Tables VII (a) and (b) and VIII relating to classifications of holdings and holders of land and transfers of property in land, respectively, will be retained here, though they are discontinued in British India. The list of crops and the tables as revised are printed as appendices "A and B" to this order.

2. The Superintendent, Government Printing, is requested to print and stock a sufficient number of copies of the revised tables for supply to the Revenue Commissioner and the Deputy Commissioners of Districts on indent, 50 copies of the same being sent to the Secretariat.

K. MATTHAN,

Offg. Chief Secretary to Government.

To—The Revenue Commissioner in Mysore.
The Director of Agriculture in Mysore.
The Revenue Secretary to Government.
Deputy Commissioners of Districts.
The Superintendent, Government Printing.

Exp.—M. A. N.

Korai (see Matting sedge, Indian)		
Kokam (see Mangosteen)		
Kolinji or vempali ..	Tephrosia purpurea ..	Drugs and Narcotics—others.
Koorka	Strobilanthes ..	Fruits and Vegetables including root crops.
Kuhudi	Panicum trypheron ..	Food grains—other food grains, etc.
Kulthi (see Gram) ..		
Kutki (see Millet) ..		
Lemon (see Citron) ..		
Lentils	Lens esculenta or Eryum lens ..	Food grains—other food grains, etc.
Lettuce	Lactuca Scariola ..	Fruits and Vegetables including root crops.
Lime (see Citron) ..		
Linseed	Linum usitatissimum ..	Oilseeds—Linseed
Lobia (see Barbati) ..		
Locust tree (see Carob)		
Lucerne	Medicago sativa ..	Fodder crops
Madder	Rubia tinctorum and R. cordifolia ..	Dyes and Tanning Materials—others
Mahua	Bassia latifolia and B. longifolia ..	Miscellaneous food crops
Maize	Zea Mays ..	Food grains—Maize
Makhan Sim (see Beans, Sword)		
Mango	Mangifera indica ..	Fruits and Vegetables including root crops.
Mangosteen or Kokam ..	Garcinia indica ..	" " "
Mankachu	Alocasia indica ..	" " "
Margosa or Neem tree ..	Melia azadirachta ..	Miscellaneous non-food crops.
Marians	Bouea burmanica ..	Fruits and Vegetables including root crops.
Marijoram	Origanum vulgare ..	Condiments and spices
Maru (see Millet) ..		
Marukkolundu or Indian worm-wood ..	Artemisia vulgaris ..	Miscellaneous non-food crops.
Mat wood	Calophyllum inophyllum ..	Oilseeds—others.
Mat Kalai (see Black Gram) ..		
Matting sedge, Indian or Korai ..	Cyperus corymbosus, C. tegetum ..	Fibres—others.
Medlar, Indian	Vangueria edulis ..	Fruits and Vegetables including root crops.
Melon, Kharbuja	Cucumis Melo ..	" " "
" Kakri	Cucumis Melo var momor- dica ..	" " "

No. 757-768—STL. 20-20-4, DATED 21ST FEBRUARY 1921.

Alphabetical List of Crops—contd.

NAME OF CROP		Heads of classification in Table IV of Agricultural Statistics
English or Vernacular	Botanical	
Melon, Musk ..	<i>Cucurbita moschata</i> ..	Fruits and Vegetables including root crops.
" Water ..	<i>Citrullus vulgaris</i> ..	" " "
" White Gourd (<i>see</i> Gourd) ..		" " "
Metha (<i>Fenugreek</i>) ..	<i>Trigonella Fœnum-græcum</i> ..	Condiments and spices
Millet, Common or Cheena ..	<i>Panicum miliaceum</i> ..	Food grains—other food grains, etc.
" Great or jawar or cholum ..	<i>Sorghum vulgare</i> ..	Food grains—Cholum or Jawar.
" Italian, Kangni, or Kaon ..	<i>Panicum italicum</i> or <i>Setaria italica</i> ..	Food grains—other food grains, etc.
" Kodo or Varagu ..	<i>Paspalum scrobiculatum</i> ..	Food grains—other food grains, etc.
" Little, Kutki, or Gondli ..	<i>Panicum miliare</i> ..	Food grains—other food grains, etc.
" Marua or Ragi ..	<i>Elusine coracana</i> ..	Food grains—Ragi or marua.
" Spiked, Bajra or Cumbu ..	<i>Pennisetum typhoideum</i> ..	Food grains—Cumbu or Bajra.
Mint or Pudina ..	<i>Mentha arvensis</i> ..	Condiments and spices
Morinda or Al ..	<i>Morinda tinctoria</i> ..	Dyes and Tanning Materials—others.
Moth (<i>see</i> Bean) ..		
Mulberry ..	<i>Morus indica</i> ..	Miscellaneous non-food crops.
Mung (<i>see</i> Gram) ..		
Mustard ..	<i>Brassica</i> sp ..	Oilseeds—Rape and Mustard.
Naval (<i>see</i> Plum, black) ..		
Neem tree (<i>see</i> Margosa) ..		
Neerali ..	<i>Gynocordia odorata</i> ..	Oilseeds—others.
Niger Seed or Sorguja ..	<i>Guizotia abyssinica</i> ..	Oilseeds—others.
Nutmeg ..	<i>Myristica fragrans</i> ..	Condiments and spices
Oats ..	<i>Avena sativa</i> ..	Fodder crops.
Oadmula (reeds) ..	<i>Ochalandra Rheedii</i> ..	Miscellaneous non-food crops
Ol (<i>see</i> Elephant foot) ..		
Onion ..	<i>Allium Ceba</i> ..	Fruits and Vegetables including root crops.
Opium ..	<i>Papaver somniferum</i> ..	Drugs and Narcotics—Opium.
Orache, garden (<i>see</i> Spinach) ..		
Oranges ..	<i>Citrus Aurantium</i> ..	Fruits and Vegetables including root crops.
Palm, Date ..	<i>Phoenix sylvestris</i> ..	Sugar—others
" Palmyra ..	<i>Borassus flabellifer</i> ..	" " "
Papay ..	<i>Carica papaya</i> ..	Fruits and Vegetables including root crops.
Parvar or Patol ..	<i>Trichosanthes dioica</i> ..	" " "
Peach ..	<i>Prunus persica</i> ..	" " "
Peas ..	<i>Pisum sativum</i> or <i>Pisum arvense</i> ..	Food grains—other food grains, etc.
Panut (<i>see</i> Groundnut) ..		
Pepper ..	<i>Piper</i> or <i>Capsicum</i> ..	Condiments and spices
" Black ..	<i>Piper nigrum</i> ..	" " "
" Long ..	<i>Piper longum</i> ..	" " "
Pigeon or bottle grass ..	<i>Setaria glauca</i> ..	Food grains—other food grains, etc.
Pigeon pea (<i>see</i> Arhar) ..		

No. 757-768—STL. 20-20-4, DATED 21ST FEBRUARY 1921.

Name of Crop.		Heads of classification in Table IV of Agricultural Statistics
English or Vernacular	Botanical	
Pimakotti, Pouna (<i>see</i> Mastwood)		
Pine-apple	Ananas sativa ..	Fruits and Vegetables, in- cluding root crops.
Plantain	Musa sapientum ..	" " "
Plum, black, Jambo tree or Naval	Eugenia Jambolana ..	" " "
" Hog, or Ampazham ..	Spondias mangifera ..	" " "
Poi (<i>see</i> Spinach)		
Pomegranate	Punica Granatum ..	Fruits and Vegetables, in- cluding root crops.
Pomelo	Citrus decumana ..	" " "
Ponnagantikura	Alternanthera sessilis ..	" " "
Potato	Solanum tuberosum ..	" " "
" Sweet	Ipomœa Batatas, Batat- as edulis ..	" " "
Pudina (<i>see</i> Mint)		
Puliyavara	Oxailis corniculata ..	Fruits and Vegetables, in- cluding root crops.
Pumpkin	Cucurbita Pepo ..	" " "
" Melon (<i>see</i> Gourd red)		
Radish or Sother	Raphanus sativus ..	Fruits and Vegetables, in- cluding root crops.
Ragi (<i>see</i> Millet)		
Randhuni (<i>see</i> Ajmud) ..		
Rapeseed	Brassica sp ..	Oilseeds—Rape and Mustard
Raspberry	Rubus lasiocarpus ..	Fruits and Vegetables, in- cluding root crops.
Rhea	Bœhmeria nivea ..	Fibres—others
Rice	Oryza sativa ..	Food grains—Rice
Rose apple (<i>see</i> Apple) ..		
Roselle	Hibiscus subdariffa ..	Fruits and Vegetables, in- cluding root crops.
Rubber (India)	Hevea brasiliensis, mani- hot Glaziovil ..	Miscellaneous non—food crops.
Sabai grass	Ischemum augustifolium ..	Fibres—others
Safflower	Carthamns tinctorious ..	Dyes and Tanning Mate- rials—others.
Saffron	Croces sativus ..	" " "
Sage	Salvia officinalis ..	Condiments and spices
Sam tree or Chaplash ..	Artocarpus Chaplasha ..	Miscellaneous non—food crops.
Sank-alu	Pachyrhizus angulatus ..	Fruits and Vegetables, in- cluding root crops.
Sapodilla	Achras Sapota ..	" " "
Sawan (<i>see</i> Swank)		
Sebestan	Cordia Myxa ..	Fruits and Vegetables, in- cluding root crops.
Senna	Cassia angustifolia and C. ovata ..	Drugs and Narcotics— others.
Sesamum, til or jinjili ..	Sesamum indicum ..	Oilseeds—Sesamum
Shahjirah (<i>see</i> Caraway, black)		
Shama (<i>see</i> Swank)		
Singhara or water caltrop ..	Trapa bispinosa ..	Fruits and Vegetables, in- cluding root crops.
Siris tree or vagai	Albizzia Lebbek ..	Miscellaneous non—food crops.

No. 757-768—STL. 20-20-4, DATED 21ST FEBRUARY 1921.

Name of Crop		Heads of classification in Table IV of Agricultural Statistics
English or Venacular	Botanical	
Sisal hemp (<i>see</i> Hemp)		
Soapnut or Kumkudu-Kaya	Sopindus trifoliatus	Miscellaneous non—food crops.
Sorguja (<i>see</i> Niger seed)		
Sorrell	Rumex vesicarius	Fruits and Vegetables, including root crops.
Sowa (<i>see</i> Dill)		
Sother (<i>see</i> Radish)		
Soy bean (<i>see</i> Bean)		
Spelt wheat (<i>see</i> Wheat)		
Spinach	Spinacea oleracea	Fruits and Vegetables, including root crops.
„ Indian or poi	Basella alba	
„ Mountain, or Garden Orache	Atriplex hortensis	
Strawbery	Fragaria vesca	
Sugrcane	Saccharum officinarum	Sugar—Sugarcane
Sunflower	Helianthus annuus	Oilseeds—others
Swallow-wort	Calotropis sp	Fibres—others
Swank, Sawan, or Shama	Panicum frumentaceum	Food grains—other food grains, etc.
Sweet flag	Acorus Calamus	Drugs—and Narcotics—others.
Sweet potato (<i>see</i> Potato)		
Tamarind	Tamarindus indica	Condiments and spices
„ Manila	Pithecolobium dulce	Fruits and Vegetables, including root crops.
Taramira	Eruca sativa	Oilseeds Rape and Mustard
Tea	Camellia Thea	Drugs and Narcotics—Tea
Tejpat	Cinnamomum Tamala and C. obtusifolium	Condiments and spices
Tepari (<i>see</i> Gooseberry)		
Thattan-payara (<i>see</i> Barbati)		
Thetke (grass)	Imperata arundinacea	Miscellaneous non-food crops.
Til (<i>see</i> Sesamum)		
Tobacco	Nicotiana Tabacum and N. Rustica	Drugs and Narcotics—Tobacco.
Tomato	Lycopersicum esculentum	Fruits and Vegetables, including root crops.
Tori, Toria	Brassica Napus	Oilseeds—Rape and Mustard.
Turmeric	Curcuma longa	Condiments and spices
Turnip	Brassica Rapa	Fruits and Vegetables, including root crops.
Uchhe	Momordica muricata	do
Udai	Acacia eburnea	Miscellaneous non-food crops.
Unda	Pongamia glabra	Oilseeds—others
Urad (<i>see</i> Gram)		
Varagu (<i>see</i> Millet)		
Vagai (<i>see</i> Siris tree)		
Vempali (<i>see</i> Kolinji)		
Vetch, Field or gawar	Cyamopsis psoraliodies	Fodder crops
„ Chickling or khesari	Lathyrus sativus	Food grains—other food grains, etc.
Water caltrop (<i>see</i> Singhara)		
„ melon (<i>see</i> Melon)

36. Area sown more than once.							36. —	
37. (35-36) Net area sown during the year.							37. —	

NOTE.—(1) This table should exhibit the areas actually sown whether the crop comes to maturity or not, except when fields, owing to the failure of the first sowing have been devoted to other crops. In this case the area first sown should be omitted.

(2) In the case of crops which are transplanted the "area transplanted" should be treated as the "area sown."

(3) In cases where two or more crops are grown together an estimate should be made of the area covered by each and the areas estimated should be separately returned. The estimate should be made by the village accountant or should be subsequently determined on formulae prescribed by the provincial authorities.

(4) Head 32—Fodder crops should include crops that in normal times are used only as fodder.

No. 757-768—STL. 20-20-4, DATED 21ST FEBRUARY 1921.

APPENDIX B

TABLE I, and II—Total Area and Classification of area of each taluk

Taluk							
-------	--	--	--	--	--	--	--

TABLE I

	Acres	Acres	Acres	Acres	Acres	Acres	Acres
1 Area according to professional survey							
2 Deduct—Area for which no returns exist							
3 Net area by professional survey							
4 Corresponding area by village papers							

TABLE II—Classification of Area

1 Forests							
2 Not available for cultivation							
3 Culturable waste other than fallow							
4 Current fallows							
5 Net area sown during the year							
Total							

TABLE III—Area irrigated and crops irrigated in each taluk

1 Area irrigated during the year from—	(a) Government channels						
	(b) Private channels						
	(c) Tanks						
	(d) Wells						
	(e) Other sources						
Total							
2 Crops irrigated—	(a) Rice						
	(b) Wheat						
	(c) Ragi						
	(d) Gholum (jowar)						
	(e) Cambu (bajra)						
	(f) Maize						
	(g) Other cereals and pulses						
	(h) Sugar cane						
	(i) Other food crops						
	(j) Cotton						
	(k) Other non food crops						
Total							

Note (1) Table I—Head 4 should include the whole area entered against head 3, the net area by village papers being subtracted where it differs from the area of corresponding tracts by professional survey

(2) Table II—Head 1 'Forests' mean any land classed or administered as forest under any legal enactment dealing with forests. Any district, however, is free to exclude any cultivated areas which may exist within such forests and to enter them under the heading 'Net area sown during the year,' an explanation for given in a note

TABLE VI.—Incidence of the Land Revenue on Area and Population in each taluk—

Taluk	Nature of tenure	Total area by survey	Deduct		Balance, that is fully assessed area for which returns are available		Total land revenue (excluding cesses) of taluk (column 2)	Population of taluk (column 2)
			Area not fully assessed	Area for which returns, so far as required for this table, are not available	Total	Cultivated		
	1	2	3a	3b	4a	4b	5	6
		Acres	Acres	Acres	Acres	Acres	Rs.	
Total of each nature of tenure.								
GRAND TOTAL...								

NOTE TABLE VI.—Column 3 (a).—Areas revenue-free or held at privileged rates should be deducted, but the deduction need not be made where these areas are in any case less than an entire village and where there is any difficulty in estimating the corresponding deduction to be made in the population (column 11.) Areas should not be entered in this column merely because the assessments due from them has been suspended or remitted on account of short crops, etc.

District in the Revenue year ending 30th June 192 .

ol. 4 (b)—Will show only the net shown area corresponding with that given under Head 37 of Table IV, but limited to the fully assessed area for which returns are available of Col. 4 (a).

ol. 8—As in column 5, but enter only "Ordinary land revenue," on areas fully assessed.

ol. 9—will be column 8 divided by column 4 (a).

ol. 10—will be column 8 divided by column 4 (b).

The Report on the Administration of the Revenue Department

No. R. 8863-922—L. R. 10-20-8, DATED 11TH FEBRUARY 1921.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

The report on the Administration of the Revenue Department for the year 1919-20 received with the Revenue Commissioner's letter No. C. Per. 118, dated 30th September 1st October 1920.

Order No. R. 8863-922—L. R. 10-20-8, dated 11th February 1921.

Personnel.—Mr. K. R. Srinivasiengar, M.A., was the Revenue Commissioner from 1st July to 18th July 1919 and from 8th May 1920 to the end of the year, and Mr. K. Chandy officiated as Revenue Commissioner for the rest of the year from 19th July 1919 to 7th May 1920, except for a short period of 13 days when he proceeded on privilege leave and Mr. C. S. Kuppuswami Iyengar was in charge of the office.

2. *District and Sub-Division charges.*—Excepting Bangalore, Shimoga and Chitaldrug Districts the Deputy Commissioners of all the districts remained in charge of their districts almost throughout the year. The Sub-Division Officer, French Rocks, the Personal Assistant to the Deputy Commissioner, Mysore District and the officers in charge of the Tumkur, Hassan and Shimoga District Treasuries, were each changed not less than four times during the year.

3. *Administration Reports.*—The non-receipt of administration reports from the Civil Officer, Bangalore District and the Personal Assistant to the Deputy Commissioner, Mysore District, is unsatisfactory and the officers concerned should be asked to explain the omission.

4. *Season and Agriculture.*—(i) Though the aggregate rainfall was in excess of the average, the rains were not timely and well distributed in some of the districts. The *Mungar* rains were inadequate in portions of Kolar, Hassan and Shimoga Districts. In the Kolar District the dry crops suffered from insufficient rainfall in the beginning and excessive rains at harvest time. Most of the tanks received a full supply from the heavy mungar rains. The Vani Vilas Sagar filled and discharged during the year for the first time since its construction.

(ii) The area under sugarcane decreased in all the districts except Chitaldrug, owing chiefly to the larger demand for food crops. In the Chitaldrug District ragi displaced jolum to a certain extent and paddy and sugar-cane were cultivated over a larger area. The markets were fairly well supplied although, the prices of food grains continued to rule high.

Prices.—The prices of the principal food grains except cholum ruled higher on the whole than in the previous year and would have gone up further but for the restrictions imposed by Government against their export outside the State. The price of ragi was at its highest in the Kolar District being 6'86 seers per rupee. The comparatively better harvests realised during the year had little or no effect on the prices, which were not dependent entirely on local produce but are greatly influenced by the conditions governing the world market. The poor and middle classes, especially those with fixed incomes, naturally suffered most from the prevalent high prices. The arrangements made by Government for the import and sale of Burma rice tended greatly to keep down the price of local rice and afforded appreciable relief to the poorer classes. The total quantity of Burma rice imported by Government during the year amounted to 31,800 tons valued at Rs. 53 lakhs and it was stored and distributed to the public in 62 depots spread all over the State. In this connection, the Revenue Commissioner is requested to submit a comprehensive note on the problem of increasing the area under food crops.

No. R. 8863-922—L. R. 10-20-8, DATED 11TH FEBRUARY 1921.

(iii) The area taken up and relinquished was 29,803 acres and 29,532 as against 27,579 and 10,426 acres respectively in the preceding year, with the result that the net occupied area increased by 276 acres. An extent of about 27,282 acres was sub-divided and made available for cultivation in the Kankanhalli Taluk and the Closepet Sub-Taluk. Out of this nearly 10,900 acres were disposed of for an aggregate price of Rs. 79,730 in the Kankanhalli Taluk. Besides these lands, 29,808 acres assessed at Rs. 36,091 or 2,229 acres more than in the preceding year were taken up for cultivation in the several districts. There was some decrease in the area taken up for cultivation in the Bangalore, Kolar, Kadur and Chitaldrug Districts, but this decrease was more than made up by the increase in the Districts of Tumkur, Hassan, Shimoga and Mysore. The extent relinquished during the year, viz., 29,532 acres was in excess of that for last year by 19,106 acres. The largest relinquishment was in the Shimoga District and is reported to be due mainly to the sale of a larger number of occupancies for arrears of revenue. The Revenue Commissioner is requested to pursue the investigation into the causes of the increase in the area relinquished during the year under report, as contrasted with the previous year and submit a report by the end of June 1921.

5. *Condition of the people.*—The year under report was a fairly prosperous one to the agriculturists who got good prices for their produce as also to the merchants who did good business. But prevailing high prices strained the resources of the middle and poorer classes to whom a measure of relief was rendered by the Food Control operations of Government. The payment of a liberal scale of grain compensation and local allowance to the smaller officials as well as to the menial establishment was of great help to them in the difficult times.

There were no unusual movements of people in search of employment in any of the districts during the year. There was an appreciable decrease in the number of emigrants from the State, due mainly to the fact that the larger number of public works in progress in the State provided sufficient employment for labourers in search of employment. In the Mysore District the number of emigrants to Ceylon and other British Provinces was only 227 against 878 in the previous year. There was the usual influx of coolies from South Canara for work in the Coffee Estates and areca-nut gardens in the Malnad and 800 immigrants mostly Vaddars, are reported to have come from outside the State for work on the Nanjangud-Chamarajnagar Railway line.

6. *Area under select crops.*—There was an appreciable increase in the area under paddy, ragi and cotton, as compared with the previous year, while the area under horse-gram and sugar-cane fell considerably. There was a marked increase of the area (48,590 acres) under paddy in the Tumkur District, while the Shimoga District showed a shrinkage of 11,496 acres which is attributed to the failure of the *Mungar* rains at the time of sowing this crop. The increase in the area under ragi was spread over all the districts, the Tumkur District showing the largest increase (1,58,490 acres). This is due to the heavy fall in the area under ragi in the previous year owing to unfavourable seasonal conditions. The increase in the area under ragi also accounts chiefly for the decrease of the area under horse-gram which is sown on the better class of lands, only as a last resort when the seasonal conditions do not permit of the cultivation of other superior crops. There was an increase of 21,722 acres under cotton of which 16,275 acres was contributed by the Chitaldrug District. The Revenue Commissioner is requested to inquire and report if this increase in the Chitaldrug District is of a permanent nature.

7. *Transfers of lands.*—It is noted that the returns now submitted are reported to be not quite accurate and capable of furnishing sufficient data for drawing safe inferences. The Revenue Commissioner is requested to submit for the consideration of Government, in consultation with the Inspector-General of Registration, his suggestions for the purpose of rendering these returns which are intended to show transfers of lands (and value thereof) from agriculturalists to non-agriculturalists more accurate and reliable.

8. *Public health and material prosperity of the people.*—The year was on the whole a good one from the standpoint of public health, the total mortality during the year being only 25 per cent of that in the year previous. The largest number of accidental fires occurred in the Shimoga District resulting in the loss of 27 human

No. R. 8863-922—L. R. 10-20-8, DATED 11TH FEBRUARY 1921.

lives, and a sum of Rs. 4,000 was granted on the occasion of His Highness the Maharaja's visit to the district for the relief of the sufferers in the fire at Shikarpur town. Government note that the Shimoga District has of late come to un-enviable prominence by the alarming regularity of the accidental fires occurring there year by year, causing much damage. The Revenue Commissioner is requested to report what practical steps may be taken to minimise occasions for such accidental fires. The Government will also be glad if the Inspector-General of Police, the Revenue Commissioner, the Deputy Commissioner of Shimoga and the Conservator of Forests will meet together and suggest what precautionary measures may be found helpful in the matter.

9. *Jamabandi*.—Twenty-two taluks were settled before the collection season against 16 taluks in the year previous. This cannot be considered a sufficiently satisfactory improvement. In Kolar District not even a single taluk was settled before the commencement of the collection season. The Jamabandi of some of the taluks like Nagamangala and Seringapatam appears to have been rushed through with undue haste. Regarding the timely and well ordered conduct of the Jamabandi, the Revenue Commissioner is requested to impress its supreme importance on the minds of the District Officers. The explanations of the Officers who did not submit their Jamabandi reports should be submitted very early for orders of Government.

10. *Demand, Collection and Balance. Land Revenue*.—The demand for the year including arrears of previous years was Rs. 1,31,72,719 or Rs. 1,84,691 more than in the previous year. This increase was mainly due to the better realisations from sales of amara, the assessment on the additional lands taken up for cultivation, the revised rates of assessment due to the introduction of the revision settlement in the Nelamangala Taluk and the progressive water rate recovered on the lands commanded by the Krishnarajasagara Works in the Mysore District.

Out of the total demand of Rs. 1,31,72,719 irrecoverable arrears amounting to Rs. 1,04,599 relating to previous years were written off including a sum of Rs. 30,431 being half the wet assessment in Sorab Taluk for 1918-19 remitted in accordance with the Government Order No. R. 1472-4—L. R. 375-18-17, dated the 26th July 1919. The net recoverable demand for the year was Rs. 1,30,43,967 as against Rs. 1,21,04,780 in the previous year. The total collection during the year was Rs. 1,18,73,104 and it is satisfactory to note that the percentage of collections to net recoverable demand was 91.0 as against 82.9 in 1918-19.

Maddur	Gundlupet	Chitaldrug	communicate to the Amildars concern-

ed the appreciation of Government for their good work in this connection.

11. *Mohatarfa*.—The demand for the year including the arrears of previous years was Rs. 3,04,830 against 3,38,778 in 1918-19; and the total collection including remission was Rs. 2,59,858 against Rs. 2,69,946 in 1918-19. The percentage of collections in the Chitaldrug, Tumkur and Bangalore Districts, was very satisfactory being 98.1, 97.2 and 92.1 respectively, while it was very poor in the Mysore District being only 68.4. The Revenue Commissioner is requested to enquire into the causes of the poor collections in the Mysore District and to report the result to Government.

12. *Supari Cess*.—Out of a demand of Rs. 28,405 including arrears, a sum of Rs. 26,302 was collected, leaving a balance of Rs. 2,103.

13. *Revenue Money Order System*.—In view of its growing popularity this system was made permanent with effect from 1st May 1920 (G. O. No. R. 1220-80—L. R. 358-19-5, dated 22nd July 1920).

No. R. 8863-922—L. R. 10-20-8, DATED 11TH FEBRUARY 1921.

14. *Coercive processes.*—The total number of processes of various kinds was 1,21,735 against 1,15,000 in the previous year. The amount realised by the issue of these processes was Rs. 14,77,546 being an increase of Rs. 3,76,002, over the realisations of 1918-19. It is reported by the Deputy Commissioner, Shimoga District that these processes had to be largely resorted to on account of the heavy arrears of Rs. 4,09,182 outstanding at the beginning of the year. There was an increase in the number of demand notices issued under section 158, Land Revenue Code especially in the Districts of Kolar and Mysore and more than 68% of the amount involved was recovered as the result of such notices. There was no case of arrest or imprisonment for the recovery of revenue under section 163 of the Land Revenue Code.

15. *Tanks.*—Three hundred and sixty major tanks in all the districts (except Bangalore for which the required information is said not to have been furnished by the Deputy Commissioner) and 611 minor tanks in all the districts were restored or repaired at an outlay of Rs. 1,41,183 and Rs. 1,21,355 as against 402 and 750 at an outlay of Rs. 1,82,354 and Rs. 1,53,798, respectively, in the year 1918-19. Government note that the Deputy Commissioner, Bangalore District, has not furnished in his report any information regarding major tanks or the number of minor tanks the repairs of which were in progress but not completed during the year—an omission which, it is hoped, will not recur. As an inducement to the raiyats to maintain their tanks in good condition Government have authorised payment for a period of 3 years of 50% of the total money value of the annual repairs to individual tanks, by way of remission of the irrigation cess leviable on the atchkat lands, if the annual repairs are satisfactorily executed (No. R. 5135-40—L. R. 193-16-22, dated 3rd November 1919). The Deputy Commissioner, Kolar District, has not furnished information *re* the number of major and minor tanks that are in urgent need of repair in his district. Government have sanctioned the continuance till the end of June 1921 of the Marahmat Establishments under the Deputy Commissioners of districts.

16. *Vani Vilas Sagara Channels.*—The total extent under the block system of irrigation under the Vani Vilas Sagara was 11,435 acres 2 guntas against 11,364 acres 26 guntas in 1918-19, of which 2,268 acres 30 guntas were under occupation as against 8,635 acres 14 guntas in the previous year, leaving an extent of 2,166 acres 12 guntas still available for cultivation.

In their Order No. R. 13853-7—L. R. 42-18-22, dated 18th June 1920 Government have directed the continuance of the block system of irrigation under the reservoir for a further period of 3 years and sanctioned additional concessions for the expansion of cultivation under the channels.

17. *Tank Panchayet Scheme.*—Including the two Panchayets sanctioned in the Tumkur District during the year, the total number of Panchayets sanctioned since the inception of the scheme is 105 out of which only 85 are said to have been actually formed. Of these 85 again, only a few are reported to have done any actual work. Government regret to note that the working of the scheme has not been satisfactory and to observe that the poor progress made by the Panchayets speaks ill of the energy, enthusiasm and earnestness on the part of the Revenue Officers in pushing on the scheme. The Revenue Commissioner is requested to submit very early his proposals for simplifying the existing rules so as to make the scheme more popular.

18. *Land Improvement and Takavi Loans.*—A sum of one lakh of rupees was sanctioned for takavi loans, etc., during 1919-20. As this was found insufficient, an additional sum of Rs. 80,000, was sanctioned during the year. Out of this amount, a sum of Rs. 1,54,944 was sanctioned during the year in 1,363 cases, (takavi advances 1,133 cases, Land Improvement loans 220 and loans for irrigation wells 10 cases) as against 2,870 in the previous year for all the three classes of loans. The amount actually advanced during the year was Rs. 1,12,194 for takavi advances, Rs. 34,030 for other land improvement and Rs. 1,825 for irrigation wells. The instalments that fell due during the year including arrears were Rs. 1,22,931, Rs. 93,163 and Rs. 37,797, respectively under the three heads; the recoveries were Rs. 74,929, Rs. 59,668 and Rs. 31,206 respectively, representing 60.9 per cent, 64.0 per cent and 82.5 per cent as against 67.8, 65.5, and 83.1 per cent in the previous year.

It is reported that there are 298 loan applications pending in the Kolar District of which 101 relate to the Srinivasapur Taluk alone. This large pendency in the district

No. R. 8863-922—L. R. 10-20-8, DATED 11TH FEBRUARY 1921.

is unsatisfactory and the Deputy Commissioner should take special measures for their early disposal. There was some improvement in the recovery of loan instalments in the districts of Bangalore, Kolar, Tumkur and Kadur, while there was a set-back in the other four districts. The recoveries in Shimoga and Mysore Districts are very poor, only 38 per cent of the demand having been collected. This is hardly satisfactory. Out of a total demand of Rs. 8,719 under loans for irrigation wells in the Bangalore District, the recovery amounted to only Rs. 5,511 which shows great neglect on the part of the local officers.

19. *Cattle and Civil Veterinary Department.*—It is gratifying to note that the cattle mortality in all the districts fell from 86,258 in the previous year to 56,171 due to the improvement in the agricultural conditions of the year as compared with the year previous. Inoculation of healthy cattle against rinderpest was largely resorted to. The number of fresh admissions and the daily cases treated in the several Veterinary Hospitals and Dispensaries rose from 24,046 and 78,416 in 1918-19 to 28,657 and 87,553 respectively during the year.

There were 8 Hospitals and 8 Dispensaries in the State at the beginning of the year. Four more dispensaries were opened at Dodballapur, Chintamani, Hunsur, and Channagiri at the end of the year. Besides Hospital work, the officers of the department did a considerable amount of inoculation and also propagandist work by way of lectures, etc., on occasions of conferences and jatras. The department has been recently placed under the control of the Director of Agriculture (G. O. No. R. 2044-55—R. M. 11-19-17, dated 12th July 1920).

20. *Treasuries.*—The Deputy Commissioners of Kolar, Mysore, Shimoga and Kadur inspected their District Treasuries only once, while the Deputy Commissioner, Chitaldrug District did not inspect any of the Taluk Treasuries and the Taluk Treasuries at Kunigal and Malvalli were not inspected at all either by the Sub-Division Officers or the Treasury Officers. The explanation of these officers for their omission to inspect these Treasuries as required under the standing orders should be obtained and submitted.

21. *Darkhasts.*—The number of darkhasts pending disposal at the beginning of the year was 7,744. The number of darkhasts received during the year was 10,198 i. e., nearly twice as many as in the previous year. This increase was due to favourable seasonal conditions which induced people to go in for more lands. Out of 17,942 darkhasts 9,256 or 55 per cent were disposed of during the year. There was an improvement in the percentage of disposals in the Bangalore, Mysore, Hassan, Shimoga and Chitaldrug Districts, while the other three districts showed a fall. It is not satisfactory that there are still more than 720 darkhasts of more than two years' duration in the Kadur District and 626 in the Mysore District. The pendency of the darkhasts is still very heavy.

It would be interesting to know (even if approximately in the case of gomal and kharab lands) the annual assessment of lands, darkhasts for which are pending in the several offices. The Revenue Commissioner is requested to suggest, in consultation with the Deputy Commissioners of Districts, needful changes in the form of the returns of darkhasts for incorporating this additional information.

In Government Order No. R. 12286-8—L. R. 371-19-2, dated 20th April 1920, the continuance of the temporary establishment for Sub-Division of lands till the end of March 1921, was sanctioned. Owing to the paucity of qualified Mojinidars it is reported that the Deputy Commissioners have been requested to employ shekdars for this purpose. The Revenue Commissioner is requested to issue necessary instructions for the early completion of the phod work to enable the disposal of darkhasts long pending.

No portion of Amrut Mahal Kaval lands surrendered under the order of September 1918 to the Revenue Department for cultivation, was handed over during the months from July to October 1919 for want of measuring instruments. From November 1919 to February 1920 an extent of only 16,084 acres was demarcated and an extent of 921 acres in June 1920 after joint inspection by the Deputy Commissioner concerned and the Amrut Mahal Superintendent as directed in Government Order No. G. 24545-54—Mily. 238-19-14, dated the 29th April 1920. Thus a total extent of 17,005 acres was demarcated during the year, the total extent so demarcated up to

No. R. 8863-922—L. R. 10-20-8, DATED 11TH FEBRUARY 1921.

the end of the year being 52,710 acres out of 1,27,000 acres to be surrendered. Government must observe that the progress in the matter has been very slow.

Out of 8,851 acres of Kaval actually surrendered in the Tumkur District, 2,518 acres were sub-divided and 712 acres were disposed of for cultivation for Rs. 4,653; and in the Mysore and Chitaldrug Districts out of 947 acres and 852 acres sub-divided, 911 acres and 690 acres were granted for Rs. 912 and Rs. 1,940 respectively.

In Government Order No. 10692-6—Ex. 18-18-36, dated the 11th March 1920, an extent of nearly 6,675 acres of date groves were thrown open for cultivation.

Out of the lands newly sub-divided (*vide* Government Order No. R. 856-60—L. R. 606-14-8, dated the 19th July 1916) 5,092 acres were disposed of during the year in the Kankanhalli Taluk, of which 2,504 acres were granted for an upset price of Rs. 13,691 and 2,588 acres sold by auction for Rs. 20,657. There remains some 1,754 acres available at the end of the year. It is unsatisfactory that none of the lands specially sub-divided in the Closepet Sub-Taluk was disposed of during the year. The delay in the disposal of these lands is reprehensible and the local officers should be directed to push the work through and show better results.

22. *Darkhasts under special orders. Eksal tenure.*—The total extent of assessed waste lands taken up under *eksal tenure* is 798 acres against 122 acres in 1918-19. Government sanctioned the continuance of the Scheme of *eksal* cultivation for a further period of three years and have authorised the recovery of only a fourth of the assessment in advance and the balance before removal of the crops instead of the full assessment being recovered in advance as hitherto (Government Order No. R. 6401-9—L. R. 362-14-9, dated the 1st December 1919). An extent of 337 acres of gomal lands in the Chikballapur and Bagepalli Taluks is reported to have been given out for gram cultivation under Government Order No. R. 3938-47—L. R. 201-07-2, dated the 27th December 1907.

Grant of lands overgrown with lantana and prickly-pear.—It is reported that no applications were received in any district except Hassan, where two applications for 10 acres 13 guntas assessed Rs. 10-8-0 were sanctioned during the year and that 28 applications are still pending disposal in the Hassan District. In their Order No. R. 8362-422—L. R. 281-17-5, dated the 28th January 1920, Government have issued revised instructions re the grant for cultivation of lands overgrown with lantana and prickly-pear and directed that the concessions allowed in the order of November 1910 should be granted more freely than at present. The Deputy Commissioners should be requested to take necessary action in the matter.

Sisal Hemp Cultivation.—An extent of 362 acres comprising assessed waste, kharab and gomal lands in the Bangalore and Anekal Taluks was sanctioned for this purpose during the year. One application was pending in each of the districts of Bangalore and Mysore at the end of the year and no applications were received in the other districts. The Revenue Commissioner is requested to furnish, for the information of Government, a detailed report showing the actual progress of sisal hemp cultivation in the State.

Large Landed Estates Scheme.—Out of 149 applications received during the year (including the opening balance) 33 were rejected and 116 were pending at the close of the year. Proposals for the better working of the scheme called for by the Revenue Commissioner from the Deputy Commissioners should be expedited and submitted to Government.

23. *Special concessions due to the food situation, etc.*—The total area given out in the several districts for the promotion of the growth of food crops at the concession rates sanctioned under the Government Orders Nos. R. 4602-16—L. R. 276-18-3, dated 21st September 1918 and R. 4292-305—L. R. 220-19-2, dated the 3rd October 1919, was 15,746 acres. Of this the largest extent taken for the cultivation of food crops was in the Tumkur District, being 3,839 acres. Kolar, Mysore and Chitaldrug come next in order with 3,681, 3,469 and 3,002 acres respectively.

24. *Military Settlement Scheme.*—One hundred and eleven acres of land out of those set apart for grant to the Military men under Government Order No. G. 3512-15—Mily. 172-15-17, dated the 12th September 1917, are reported to have been given in the Mysore District, to 16 persons who rendered active service at the front.

No. R. 8863-922—L. R. 10-20-8, DATED 11TH FEBRUARY 1921.

25. *Takrar Cases*.—Out of 9,338 cases that came up for orders, 6,221 cases or 66 per cent were disposed of, leaving a balance of 3,117 cases pending at the close of the year. The number of cases was large, as usual, in the Mysore and Hassan Districts; the Chamarajnagar, Gundlupet, Channarayana, Hole-Narsipur, Arsikere and Arkalgud Taluks accounting for 339, 433, 440, 494 and 546 cases respectively. The disposals were very poor in the Hassan and Chitaldrug Districts, being only 42 per cent and 44 per cent respectively, of the cases submitted for orders. In the Hole-Narsipur Taluk only 5 per cent of the cases were disposed of and in the Malur Taluk only one was disposed of out of a total of 39 cases mostly relating to surreptitious use of Government water. This calls for explanation from the Amildars concerned. Delay in the disposal of takrar cases should be systematically noticed by the Revenue Commissioner who is also requested to report to Government if it is not feasible to classify takrar cases under a few important major heads.

26. *Boundary Marks*.—Government regret that no earnest endeavour was made by the taluk officers to make a systematic inspection of boundary marks in accordance with the instructions conveyed by the Revenue Commissioner's circular No. C 3932, dated 10th April 1917. The Amildars of Bangalore, Sidlaghatta, Goribidnur, Malur and Hassan and the Deputy Amildar of Gudibanda are reported not to have made any inspections of boundary marks. The number of boundary marks either missing or in a state of disrepair at the end of the year was very large in all the districts and the Deputy Commissioners should be requested to remedy this defect early. The bandhs in the black cotton soil of T. Narsipur and Chamarajnagar Taluks are reported to be much below the standard height and in some cases in Nanjangud and Gundlupet Taluks to be in such utter disrepair that their identification is very difficult and it is reported that the Deputy Commissioner, Mysore District, remarks that unless a special mojinidar is appointed for each taluk to supervise the proper maintenance of these marks, there is likely to be slackness in this most important work. Government agree with the Revenue Commissioner that the deterioration in the condition of the boundary marks is chiefly due to want of proper attention to this most important item of Revenue work on the part of the Shekdars and Amildars and that there is no necessity for a separate staff for this purpose as proposed by the Deputy Commissioner, Mysore District. Information re number of cases in which according to the rules in this behalf notice was taken of the default of raiyats in maintaining bandhs and the amount of fines levied should be given hereafter, *Talukwar*.

27. *Frontier Boundary Marks*.—It is unsatisfactory that no attention was paid to the inspection of frontier boundary marks in the Hoskote, Malvalli, Mudgere and Koppa Taluks. The explanation of the Officers concerned should be obtained and forwarded for orders of Government.

28. *Avenue Trees*.—The planting, numbering and trimming of avenue trees is reported to have received more attention during the year than in the previous year. The number of avenue trees planted was 78,191 against 70,707 in 1918-19. The trees were numbered in the Taluks of Bangalore, Kankanhalli, Nelamangala, Channarayana, Hoskote and Closepet Sub-Taluk, some taluks of the Mysore District and in the Kumsi Sub-Taluk of the Shimoga District. The practice of planting trees on the Birthday of His Highness the Maharaja should be encouraged to develop into a system.

29. *Village Improvement Scheme*.—The number of Village Committees fell from 8,957 in 1918-19 to 8,934 during the year and the number of villages served by the Committees also fell from 16,767 to 15,713. Five thousand one hundred and nine Village Committees or about 57 per cent of the whole number devoted half a day a week for communal labour, 5,509 subscribed for Newspapers and 3,619 held weekly meetings for recreation and instruction, as against 5,234, 5,383 and 4,004 Committees respectively in the previous year.

The total estimated cost of works sanctioned or undertaken under the scheme during the year was Rs. 73,330 of which Rs. 34,176 were contributed by the villages in the shape of money or labour. More than 50 per cent of the allotments were utilised in the Kolar and Shimoga Districts, while the work turned out in Tumkur, Kadur and Bangalore Districts was poor. Work estimated at Rs. 2,29,182 was executed by the villagers without Government aid as against Rs. 2,49,561 during 1918-19. Towards the Village Common Fund, Rs. 48,549 and 1,138 pallas of grain were collect-

No. R. 8863-922—L. R. 10-20-8, DATED 11TH FEBRUARY 1921.

ed as against Rs. 36,150 and 550 seers in the previous year. It is gratifying to note that a large number of Grain Banks and Fodder Stores were started in the villages of the Malur Taluk and the Gudibanda Sub-Taluk at the instance of the Deputy Commissioner, Kolar District and it is hoped that this example will be largely followed in the other districts with advantage.

30. *District and Taluk Conferences.*—District and Taluk Conferences were held in all the districts.

It is reported that at these conferences, stock was taken of work actually done under the Village Improvement Scheme and other measures of general or local importance, local requirements were discussed and lists were prepared of major and minor wants of the districts and taluks. Lectures were delivered on educational subjects by officers of the Agricultural, Co-operative, Educational and Sericultural Departments. Panchama conferences are reported to have been organised as adjuncts to taluk conferences in the Kolar District. At the Kadur District Conference, the Director of the Boys' Scouts Movement is reported to have rallied the local Boy Scouts and indicated by practical illustrations the kind of training that was given to them.

31. *Village Forests.*—The total number of village forests sanctioned in the several districts up to the end of June 1920, amounted to 97. Though panchayets have been constituted for 51 of the forests the number that did actual work was only 5, (3 in the Mysore and 2 in the Shimoga District). These were the Panchayets of Hanasoge and Kuppe in the Yedatore Taluk, of Halasahalli, Malvalli Taluk, and of Nallur and Basavapatna in the Channagiri Taluk. The Special Forest Range Officer whose entertainment was sanctioned in Government Order No. R 8314-6—Ft. 33-19-4, dated 31st January 1920 in connection with the scheme, is reported to have joined duty on 21st July 1920. The Revenue Commissioner is requested to keep the popularisation of the scheme steadily in view and to give necessary instructions to the Special Range Officer in the matter.

32. *Public Buildings.*—All the public buildings in charge of the Revenue Department are reported to have been generally maintained in good condition. A number of new offices have been created during the past few years, for whom accommodation has to be provided in Revenue offices and it is reported that the growth of public buildings has not kept pace with the increase in the number of offices and that great difficulty is experienced for want of adequate accommodation for the offices in all the districts. The Revenue Commissioner is requested to send up the promised programme of all public buildings required for the Revenue Department for the next 5 or 10 years, which is stated to be under preparation.

No information has been furnished in the report *re* the amount spent on the maintenance of public buildings though the omission was pointed out in the last year's review. This information should be invariably furnished in future reports.

33. *Village Officers.*—Information as to the number of literate patels has not been furnished by the Deputy Commissioners of Bangalore, Kolar, Tumkur and Mysore. Out of 2,514, 1,811 and 1,345 patels in the Districts of Hassan, Shimoga and Chitaldrug, 1,748, 1,643 and 1,034 respectively are said to be literate. In the Tarikere Taluk and Narasimharajpura Sub-Taluk 229 and 41 patels out of 249 and 59 respectively, are literate, while in the other taluks of the Kadur District only about 60 per cent of the patels are reported to be literate. Most of the Shanbhogs of the Hassan and Shimoga Districts are gumastas who do not reside within their circles and it is reported that much difficulty is experienced in securing suitable men. The Revenue Commissioner is requested to submit in consultation with the Deputy Commissioners suitable proposals for minimising, if not abolishing, the evils entailed by absentee Baravarddar Village Officers appointing long-term gumasthas for their work, by fixing a time-limit to the appointment of gumastas or any other effective remedy. The Revenue Commissioner reports that about 16 per cent of the shanbhogs and 13 per cent of the patels were fined. Sixty-nine shanbhogs and 116 patels were suspended during the year against 63 and 122 respectively in the previous year, while the number of dismissals of shanbhogs and patels amounted to 15 and 3 respectively against 3 and 9 in 1918-19. The Revenue Commissioner states that this high percentage indicates either that they have been generally very unsatisfactory in the discharge of their duties or that punishments are inflicted without judicious discrimination. Government agree with the Revenue Commissioner that a frequent resort to

finer is neither a desirable nor an effective way of dealing with these officers. He is therefore requested to issue needful instructions in the matter. One patel and 2 shanbhogs in the Kadur District were convicted for embezzlement of Government money. In the Mysore District one patel and 3 shanbhogs are reported to have embezzled Government money.

34. *Shekdars*.—Out of a total number of 387 Shekdars for all districts the number of old and new scheme Shekdars at the end of the year amounted to 118 and 269 respectively. Out of 40 candidates that were admitted into the Shekdari Training School 32 came out successful at the final examination held during the year. With a view to give training in mojini work to the old class of Shekdars as well as to the new Shekdars not trained therein before, a special mojini class was attached to the Shekdari School and 53 Shekdars were trained during the year. The Revenue Commissioner reports that the question of increasing the number of hoblis is engaging his attention but seeing that the unit of the Shekdar's charge is on the average not large it does not seem really necessary to generally reduce the size of such charge. The Revenue Commissioner's proposals on the subject will, however, be awaited.

35. *Sorting of records*.—It is reported that the Deputy Commissioner of Hassan has not furnished information as to the extent of sorting work done in the several offices in his district. This is not satisfactory. Both sorting and indexing work turned out in the Bangalore District Office was very poor. Deputy Commissioners of Districts should see that record sorting work is systematically attended to in their offices and offices subordinate to them. They should also depute an intelligent official for proper indexing, as this is one of the most essential parts of the disposal number system.

36. *District Sub-division and Taluk Offices*.—The condition of work in most of the District, Sub-division and Taluk Offices cannot be said to be satisfactory. In the disposal of darkhasts, loan applications and land acquisitions and other cases, in the punctual and prompt submission of periodical returns and reports, in the inspection of interior villages, tanks, boundary marks, etc., in the attention to be given to the work of the Minor Tank Restoration, Village Improvement, Tank Panchayet, Village Forests, Large Landed Estates and other schemes, etc., there remains a great deal of improvement required to bring the work up to standard. It is hoped that strenuous endeavours will be made to show better progress in these directions.

37. *Itineration and Inspection*.—The Revenue Commissioner (Mr. Chandy) toured only for 58 days as against 113 days in the previous year. Hassan District was not at all inspected by the Revenue Commissioner. Only one Sub-Division Office at Chitaldrug was inspected as against nine in 1918-19. Government regret to note that the touring and inspection of the Revenue Commissioner (Mr. Chandy) was not adequate, as he was in charge of the Revenue Commissioner's office for practically throughout the year until 8th May 1920.

It is unsatisfactory that the Deputy Commissioners of Kolar, Kadur, Chitaldrug and Bangalore inspected only 6, 2, 5 and 5 taluk and sub-taluk offices, respectively, out of a total of 11, 6, 9 and 10 offices in their districts. The largest number of days spent on tour was by the Deputy Commissioner, Tumkur District (Mr. Ananda Rao Sirsi) who also camped out the largest number of days (*viz.* 79) within his district. The information regarding the number of days camped out has not been furnished by the Deputy Commissioner, Kadur District. The Deputy Commissioner, Bangalore District, has not given the total number of days spent on tour by the several officers who were in charge of his district during the year. The Deputy Commissioner, Bangalore District has camped out the least number of days *viz.*, 36 days. This is not satisfactory.

Only the marginally noted Sub-Division Officers are reported to have camped out the prescribed number of days. The Sub-Division Officers of Closepet, Mysore, French Rocks and Hole-Narsipur are reported not to have furnished information in this respect.

Chikballapur
Chintamani
Kolar
Dodhallapur
Hassan

Shimoga
Davangere
Sagar
Saklespur
Maddur

The Deputy Commissioners of Bangalore and Shimoga are reported to have inspected only 68 and 110 villages respectively.

No. R. 8863-922—L. R. 10-20-8, DATED 11TH FEBRUARY 1921.

The Revenue Commissioner's report does not furnish the information *re* the number of villages inspected by (Mr. Ananda Rao Sirsi) the Deputy Commissioner, Tumkur District, who is reported to have toured and camped out the largest number of days. The Sub-Division Officers of Chikballapur and Tumkur have not submitted their tour maps while those submitted by the Sub-Division Officers of Closepet, Shimoga and Chikmagalur are reported to have been drawn to a scale of 4 miles to an inch and not the prescribed scale of 8 miles. It is also reported that the tour maps of the Doddballapur, Nanjangud, Hassan and Hole-Narsipuri Sub-Division Officers indicate only the places where halts were made and not the villages inspected. All these defects should be remedied in future and the officers should follow the standing instructions laid down by Government in this behalf. The Deputy Commissioners of Districts, Sub-Division Officers and Amildars should give more attention to the inspection of interior villages.

38. *Inam Commission*—The Commission appointed by Government to examine the relationship between Inamdars, their tenants and Government completed its enquiries and submitted the final report in February 1920 and this is engaging the attention of Government.

39. *Revenue Commissioner's Office*—The Revenue Commissioner reports that more than 80 per cent of the pendency of cases in his office was due to want of prompt reply from subordinate offices to the references issued to them calling for report records or detailed information. This is not satisfactory and the Revenue Commissioner should in the course of his inspection of the various offices scrutinize the checks maintained to ensure the early disposals of such references. It is reported that a Manual of the Veterinary Department was prepared in the Revenue Commissioner's Office and published during the year and that a Manual of circulars by the Revenue Commissioner's Office was also prepared and sent to the Press for printing and publication.

40. *Conclusion*.—It is gratifying to note that owing to the favourable seasonal conditions there was decided improvement in the total land revenue collections and that a large extent of land was taken up for cultivation of food crops. But it is unsatisfactory that the various schemes such as the Village Improvement, Village Forests, Minor Tank Restoration, Large Landed Estates and the scheme for the extirpation of lantana and prickly-pear have made no decided progress during the year, in spite of the improved seasonal conditions. The large pendency of darkhasts, the unsatisfactory inspection of Treasuries by Revenue Officers, the neglect of boundary marks, the unsatisfactory condition of work in the District, Sub-Division, and Taluk Offices and the inadequate inspections of the superior Revenue Officers indicate that there is still much room for improvement in the work of the Revenue Department all round. Government earnestly hope that better progress will be shown in the next year.

Restoration of Minor Tanks.

No. R. 9442-51—L. R. 15-20-14, DATED 24TH FEBRUARY 1921.

**PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.**

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letters Nos. B. 13125, dated 14th June 1920 and B. 6107, dated 14—18th January 1921, from the Chief Engineer of Mysore, forwarding consolidated statements showing the progress of irrigation works under the Minor Tanks Restoration Scheme entrusted to the Public Works Department, during the half-years ending 31st December 1919 and 30th June* 1920 respectively.

*(Statement annexed.)

No. R 9442-51—L. R. 15-20-14, dated 24th February 1921.

Recorded with the following observations :—

1. The inordinate delay in the submission of the statements is very unsatisfactory and ought to have been avoided
 2. Date of commencement of work has not been noted in respect of Serial No. 28 in the statement for the half-year ending 30th June 1920.
 3. Intimations of commencement of works are not being sent as required by Government Order No. R. 12100-10—L. R. 36-17-21, dated 14th June 1918, though the omission was pointed out in G. O. No. R. 10450-9 —L. R. 15-19-14, dated 10th March 1920. The Chief Engineer is requested to take early necessary action to remedy this in future.
 4. Works sanctioned but not commenced should be started without delay.
- (2.) The submission of the progress report for the half-year ending 31st December 1920, should be expedited.

B. RAMASWAMAIYA,
Secretary to Government, Rev. Dept.

To—The Revenue Commissioner in Mysore.
The Chief Engineer of Mysore.
The Deputy Commissioners of Districts.

**PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.**

GENERAL AND REVENUE DEPARTMENTS

READ—

Government Order No. R. 11090-100—L. R. 203-19-9, dated 23rd March 1920, sanctioning the budget estimates under the Irrigation Cess Fund for the year 1919-20.

2. Government Order No. R. 2385-9—L. R. 203-19-15, dated 19th August 1920, sanctioning an additional allotment from the General Irrigation Cess Fund, not exceeding 4,826 rupees, to meet the actual expenditure on account of the maintenance of river channels in the Mysore District, during the year 1919-20.

3. Letter No. C. 1454—Gl. 20-21, dated 16—19th October 1920, from the Revenue Commissioner in Mysore, forwarding a copy of his review on the Budget Estimates of the Irrigation Cess Fund for the year 1920-21. (Printed as Appendix I.)

4. Letter No. B. 4272, dated 8th November 1920, from the Chief Engineer of Mysore, forwarding with his remarks, the consolidated Budget Estimates under the Irrigation Cess Fund for the year 1920-21, and stating that the amount provided for maintenance of river channels in the Mysore District has to be raised from Rs. 58,596 to Rs. 65,922 an increase of Rs. 7,326 having been allowed during 1919-20. (Printed as Appendix II.)

5. Letter No. T. A. D. A. 885-6, dated 8th December 1920, from the Comptroller to Government, forwarding a statement showing the opening balance on 1st July 1920, available to the credit of the General Irrigation Cess Fund and the Districtwar Irrigation Cess Fund and stating that the figures furnished are provisional and that the actual balance on 1st July 1920 will be intimated after the accounts for June 1920 are finally closed. (Printed as Appendix III.)

Order No. R. 9458-69—L. R. 69-20-4, dated 24th February 1921

I. Estimated Receipts.—The estimated receipts of the several districts for the year 1920-21, as per Revenue Commissioner's figures, amount to Rs. 3,11,753 as against Rs. 3,17,130 in the previous year, as shown below:—

District	Estimated receipts for 1920-21	Estimated receipts for 1919-20	Difference + or —
	Rs	Rs.	Rs.
Bangalore	27,454	27,454	
Kolar	45,208	44,241	+ 967
Tumkur	40,443	40,538	— 95
Mysore	50,319	50,319	
Hassan	40,701	36,934	+ 3,767
Shimoga	66,962	66,882	+ 80
Kadur	26,691	35,792	— 9,101
Chitaldrug	18,975	14,970	— 995
Total. ..	31,753	3,17,130	— 5,377

The reasons for the variations in estimates, especially in the Kadur and Hassan Districts should have been explained. The estimates, however, will be allowed to stand.

No. R. 9458-62—L. R. 69-20-4, DATED 24TH FEBRUARY 1921.

2. The following items of receipts have to be added to the figures above referred to:—

	Rs.	A.	P.
(1) Opening balance on 1st July 1920, as intimated by the Comptroller.	5,59,706	14	10
(2) Contributions from State Funds on account of the cost of establishment, tools and plant at 18% of the expenditure under the Irrigation Cess Fund.	41,016	0	0
(3) Contributions from State Funds of 60% of the cost of maintenance of river channels in Mysore and Hassan Districts, and the channels drawn from the Vani Vilas Sagara in Chitaldrug District.	59,560	0	0
Grand Total	9,72,035	14	10

4. The total estimated receipts for the year, including the opening balance on 1st July 1920, thus amount to Rs. 9,92,035-14-10 as against Rs. 9,65,212-2-5 for the preceding year.

4. (ii) *Estimated Expenditure.*—The expenditure proposed to be incurred during 1920-21, as compared with that of the previous year, is shown in the following statement:—

District	Expenditure proposed during 1920-21		Expenditure proposed during 1919-20		Difference + or —
	Ordinary Irrigation Works	River channels	Ordinary Irrigation Works	River channels	
Bangalore	21,985	...	22,058	...	— 73
Kolar	34,500	...	39,000	...	— 4,500
Tumkur	30,100	...	35,000	...	— 4,900
Mysore	24,000	65,922	21,000	61,096	+ 4,826
Hassan	16,000	16,823	16,000	16,823	...
Shimoga	18,198	...	10,402	...	+ 7,796
Kadur	12,060	...	12,743	...	— 683
Chitaldrug	11,480	16,520	11,650	16,520	— 170
Total	1,68,323	99,265	1,70,853	94,439	+ 2,296

5. The prescribed limit of expenditure (*viz.*, 95% of the estimated receipts in the case of Mysore and Chitaldrug Districts, and 75% in respect of other districts) has been adhered to only in the case of Tumkur, Kadur, Hassan and Shimoga Districts.

6. The excess of expenditure over receipts continues in the Mysore and Chitaldrug Districts, in spite of the concessions sanctioned in Government Order No. R. 9981-91—L. R. 55-18-9, dated 8th February 1919, *viz.*, increase of the limit of expenditure in these districts from 75 to 95% of the receipts and enhancement of the State Grant from 40 to 50% on account of the maintenance of Irrigation Channels in these districts. As observed by the Revenue Commissioner, the excess of expenditure over receipts has been the feature in these districts for some years, owing to the fact that the Irrigation Channels of these districts are constantly in need of repairs. The estimate of Rs. 58,596 for the Mysore District on this account will be increased to Rs. 65,922 as proposed by the Chief Engineer.

7. The estimates proposed are provisionally sanctioned, pending receipt of correct balances from the Comptroller, with the following observations:—

- (1) The expenditure on ordinary Irrigation works should be cut down as much as possible so as to keep it well within the prescribed limit.

No. R. 9458-69—L. R. 69-20-4, DATED 24TH FEBRUARY 1921.

- (2) As belated submission and sanction of the budget estimates results in laxity of financial control, the Revenue Commissioner is requested to arrange for the submission of the budget estimates at least three months before the commencement of the year to which they relate.

8. The expenditure in excess of the prescribed limit in the case of Mysore and Chitaldrug Districts, will be met by special grants, as noted in the margin, from the General Irrigation Cess Fund this year.

9. The provisional deficits of Rs. 36,327-7-6 and Rs. 868-14-4 against these districts in respect of the Ordinary Irrigation Cess Fund, will also be met from the General Irrigation Cess Fund as a special case.

10. *Sanctioned Budget Estimates for 1920-21.*—The budget estimates as provisionally sanctioned, pending receipt of correct balances from the Comptroller, stand as shown in the accompanying statement (printed as an Annexure.)

11. The Comptroller is requested to submit as soon as possible the statement showing the correct balances available on 1st July 1920, to the credit of the ordinary and the General Irrigation Cess Funds.

APPENDIX I.

Letter No. C. 1454, Gl.—20-21, dated 16—19th October 1920, from the Revenue Commissioner in Mysore, to the Secretary to Government, Revenue Department.

I have the honor to forward herewith a copy of my review on the Budget Estimates of the Irrigation Cess Fund for the year 1920-21.

Memorandum on the Irrigation Cess Fund Budget Estimates of Receipts and Expenditure for the year 1920-21.

The statement showing the estimated receipts and expenditure in the several districts under the Irrigation Cess Fund during the year 1920-21, is appended.

The estimated receipts amount to Rs. 10,19,660 as per details given below :—

		(1) Opening balance on 1st July 1920, as estimated by the Comptroller to Government	Rs.
	Rs.		
*Bangalore	.. 27,454	(2) Receipts as estimated by the Deputy Commissioners	.. 6,12,518
Kolar	.. 45,208		.. *3,11,753
Tumkur	.. 40,443	(3) Contribution from the State funds on account of the cost of establishment and tools and plant at 18 per cent	.. 40,225
Mysore	.. 50,319	(4) Contribution on account of the cost of maintenance of river channels in the Mysore and Hassan Districts and of Irrigation channels under the Vani Vilasa Sagara in the Chitaldrug District at 60 per cent	.. 55,164
Hassan	.. 40,701		
Shimoga	.. 66,962		
Kadur	.. 26,691		
Chitaldrug	.. 13,975		
Total	.. 3,11,753		
		Total	.. 10,19,660

Out of the estimated receipts of Rs. 3,11,753, the expenditure that could be incurred in the Mysore and Chitaldrug Districts at the higher limit of 95 per cent as laid down in Government Order No. R. 9981-91—L. R. 55-18-9, dated 8th February 1919, and in the other six districts at the normal limit of 75 per cent as laid down in para 1 (2) of

No. R. 9458-69—L. R. 69-20-4, DATED 24TH FEBRUARY 1921.

Government Order No. R. 2157-68—L. R. 630-13-4, dated 22nd September 1914, is shown below :—

		Amount Rs.	Percentage of expenditure to receipts
Bangalore		20,590	.. 75
Kolar		33,906	.. 75
Tumkur		56,332	.. 75
Mysore		47,803	.. 95
Hassan		30,526	.. 75
Shimoga		50,222	.. 75
Kadur		20,013	.. 75
Chitaldrug		13,276	.. 95
Total		2,46,673	

The expenditure proposed to be incurred in the several districts on account of fresh and incomplete works of both major and minor tanks and the maintenance of river channels in the Mysore and Hassan Districts and the channels under the Vani Vilas Sagara in the Chitaldrug District, is given in detail below :—

District	Major tanks		Minor tanks		Cost of maintenance of river channels	Total	Cost of establish- ment and tools and plant	Total
	Fresh works	Incomplete works	Fresh works	Incomplete works				
	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.
Bangalore	11,417	3,583	6,985	...	...	21,985	3,957	25,942
Kolar	25,500	...	9,000	...	...	34,500	6,310	40,710
Tumkur	19,100	11,000	...	...	...	30,100	5,418	35,518
Mysore	5,000	14,000	2,000	3,000	58,596	82,596	10,648	93,244
Hassan	9,000	3,000	4,000	...	16,823	32,823	4,697	37,520
Shimoga	8,000	...	5,000	5,198	...	18,198	3,275	21,473
Kadur	10,040	920	700	500	...	12,060	2,170	14,230
Chitaldrug	4,854	3,000	1,626	2,000	16,520	28,000	3,850	31,850
Total	92,911	35,403	29,311	10,698	91,939	2,60,262	40,225	3,00,487

Notwithstanding the fact that the percentage of Government contribution has been raised from 40 to 60 in the Mysore and Chitaldrug Districts on account of the maintenance of Irrigation channels and that the total expenditure has been fixed at 95 per cent of the receipts, provision has been made for an excess expenditure of Rs. 34,793 and Rs. 14,724 by the Deputy Commissioners of these districts. In the Mysore District, the provision made in the previous year for the maintenance of river channels has been repeated this time also. But, in view of the fact that an additional sum of Rs. 2,500 was provided in the approved budget and that an extra allotment of Rs. 4,826 was specially sanctioned in Government Order No. R. 2385-9—L. R. 203-19-15, dated 19th August 1920, on account of unusual expenditure in respect of the Krishnarajasagara and other channels, a higher provision than what is asked for by the Deputy Commissioner of Mysore seems to be necessary. The excess of expenditure over receipts has been the feature in these districts for some years, owing to the fact that the Irrigation channels of these districts are constantly in need of repairs.

The excess expenditure, *viz.*, excess over 75 per cent, amounts to Rs. 1,395, Rs. 594 and Rs. 2,297 in the Bangalore, Kolar and Hassan Districts respectively. It is only in the districts of Tumkur, Kadur and Shimoga that the expenditure is within the prescribed limit.

No. R. 9458-69—L. R. 69-20-4, DATED 24TH FEBRUARY 1921.

(2) As belated submission and sanction of the budget estimates results in laxity of financial control, the Revenue Commissioner is requested to arrange for the submission of the budget estimates at least three months before the commencement of the year to which they relate.

8 The expenditure in excess of the prescribed limit in the case of Mysore and Chitaldrug Districts, will be met by special grants, as noted in the margin, from the General Irrigation Cess Fund this year.

9. The provisional deficits of Rs. 36,327-7-6 and Rs. 868-14-4 against these districts in respect of the Ordinary Irrigation Cess Fund, will also be met from the General Irrigation Cess Fund as a special case.

10. *Sanctioned Budget Estimates for 1920-21.*—The budget estimates as provisionally sanctioned, pending receipt of correct balances from the Comptroller, stand as shown in the accompanying statement (printed as an Annexure.)

11. The Comptroller is requested to submit as soon as possible the statement showing the correct balances available on 1st July 1920, to the credit of the ordinary and the General Irrigation Cess Funds.

B. RAMASWAMIYA,

APPENDIX I.

Letter No. C. 1454, Gl.—20-21, dated 16—19th October 1920, from the Revenue Commissioner in Mysore, to the Secretary to Government, Revenue Department.

I have the honor to forward herewith a copy of my review on the Budget Estimates of the Irrigation Cess Fund for the year 1920-21.

Memorandum on the Irrigation Cess Fund Budget Estimates of Receipts and Expenditure for the year 1920-21.

The statement showing the estimated receipts and expenditure in the several districts under the Irrigation Cess Fund during the year 1920-21, is appended.

The estimated receipts amount to Rs. 10,19,660 as per details given below :—

	Rs.		Rs.
		(1) Opening balance on 1st July 1920, as estimated by the Comptroller to Government	6,12,518
Bangalore ..	27,454	(2) Receipts as estimated by the Deputy Commissioners	*3,11,753
Kolar ..	45,208	(3) Contribution from the State funds on account of the cost of establishment and tools and plant at 18 per cent ..	40,225
Tumkur ..	40,443	(4) Contribution on account of the cost of maintenance of river channels in the Mysore and Hassan Districts and of Irrigation channels under the Vani Vilasa Sagara in the Chitaldrug District at 60 per cent	55,164
Mysore ..	50,319		
Hassan ..	40,701		
Shimoga ..	66,962		
Kadur ..	26,691		
Chitaldrug ..	13,975		
Total ..	3,11,753		
		Total ..	10,19,660

Out of the estimated receipts of Rs. 3,11,753, the expenditure that could be incurred in the Mysore and Chitaldrug Districts at the higher limit of 95 per cent as laid down in Government Order No. R. 9981-91—L. R. 55-18-9, dated 8th February 1919, and in the other six districts at the normal limit of 75 per cent as laid down in para 1 (2) of

No. R. 9458-69—L. R. 69-20-4, DATED 24TH FEBRUARY 1921.

Government Order No. R. 2157-68—L. R. 630-13-4, dated 22nd September 1914, is shown below :—

		Amount Rs.	Percentage of expenditure to receipts
Bangalore		20,590	.. 75
Kolar		33,906	.. 75
Tumkur		30,332	.. 75
Mysore		47,803	.. 95
Hassan		30,526	.. 75
Shimoga		50,222	.. 75
Kadur		20,013	.. 75
Chitaldrug		13,276	.. 95
Total		2,46,673	

The expenditure proposed to be incurred in the several districts on account of fresh and incomplete works of both major and minor tanks and the maintenance of river channels in the Mysore and Hassan Districts and the channels under the Vani Vilas Sagara in the Chitaldrug District, is given in detail below :—

District	Major tanks		Minor tanks		Cost of maintenance of river channels	Total	Cost of establish- ment and tools and plant	Total
	Fresh works	Incomplete works	Fresh works	Incomplete works				
	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.
Bangalore	11,417	3,563	6,985	...	...	21,985	3,957	25,942
Kolar	25,500	...	9,000	...	...	34,500	6,210	40,710
Tumkur	19,100	11,000	...	...	...	30,100	5,418	35,518
Mysore	5,000	14,000	2,000	3,000	58,596	82,596	10,648	93,244
Hassan	9,000	3,000	4,000	...	16,823	32,823	4,697	37,520
Shimoga	8,000	...	5,000	5,198	...	18,198	3,275	21,473
Kadur	10,040	820	700	500	...	12,060	2,170	14,230
Chitaldrug	4,854	3,000	1,626	2,000	16,530	28,000	3,850	31,850
Total	92,911	35,403	29,311	10,698	91,939	2,60,262	10,325	3,00,487

Notwithstanding the fact that the percentage of Government contribution has been raised from 40 to 60 in the Mysore and Chitaldrug Districts on account of the maintenance of Irrigation channels and that the total expenditure has been fixed at 95 per cent of the receipts, provision has been made for an excess expenditure of Rs. 34,793 and Rs. 14,724 by the Deputy Commissioners of these districts. In the Mysore District, the provision made in the previous year for the maintenance of river channels has been repeated this time also. But, in view of the fact that an additional sum of Rs. 2,500 was provided in the approved budget and that an extra allotment of Rs. 4,826 was specially sanctioned in Government Order No. R. 2385-9—L. R. 203-19-15, dated 19th August 1920, on account of unusual expenditure in respect of the Krishnarajasagara and other channels, a higher provision than what is asked for by the Deputy Commissioner of Mysore seems to be necessary. The excess of expenditure over receipts has been the feature in these districts for some years, owing to the fact that the Irrigation channels of these districts are constantly in need of repairs.

The excess expenditure, viz., excess over 75 per cent, amounts to Rs. 1,395, Rs. 594 and Rs. 2,297 in the Bangalore, Kolar and Hassan Districts respectively. It is only in the districts of Tumkur, Kadur and Shimoga that the expenditure is within the prescribed limit.

* Separate allotment for incomplete works has not been asked for in the case of minor tanks.

No. R. 9458-69—L. R. 69-20-4, DATED 24TH FEBRUARY 1921.

APPENDIX II.

Letter No. B. 4272, dated 8th November 1920, from the Chief Engineer of Mysore, to the Secretary to Government, Revenue Department.

I have the honour to forward herewith, for favour of orders, the accompanying budget estimates under "Irrigation Cess Fund" for the year 1920-21, received from the Revenue Commissioner in Mysore, and to state that, as explained in the Revenue Commissioner's Office Note, the sum of Rs. 58,596 provided therein for the maintenance of the river channels in the Mysore District is inadequate and it must be increased to Rs. 65,922 as per G. O. No. R. 2385-9—L. R. 203-19-15, dated the 19th August 1920.

APPENDIX III.

Letter No. T. A. D. 885-6, dated 8th December 1920, from the Comptroller to Government, to the Secretary to Government, Revenue Department.

With reference to your letter No. R. 6328—L. R. 69-20-3, dated 25th November 1920, regarding the actual opening balance on 1st July 1920 under the General and District Irrigation Cess Funds, I have the honour to forward herewith a statement showing the opening balance, receipts and expenditure and the closing balance for the year 1919-20. The figures are provisional and the actual balance on 1st July 1920 will be intimated after the accounts for June 1920 Final are completely closed.

Statement of Irrigation Cess Fund for the year 1919-20.

*Includes Rs. 2,500 applied for on account of repairs to branch channels in the Krishnaraja Sagara Circle and also an extra allotment of Rs. 4,826 on account of the maintenance of river channels in Mysore District.

Forest Settlement.

No. R. 8705-8—Ft. 127-20-2, DATED 8TH FEBRUARY 1921.

**PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.**

GENERAL AND REVENUE DEPARTMENTS

READ—

Notification No. R. 1086-7—Ft. 171-16-3, dated 4th May 1917, issued under Section 4 of the Forest Regulation declaring the reservation of the Konankal Forest Block in the Nagamangala Taluk preliminary to its being constituted as a State Forest.

2. Letter No. C. 517—21-20-21, dated 6th December 1920, from the Revenue Commissioner in Mysore, submitting the records relating to the settlement of the block and recommending that as the Conservator of Forests has agreed to the settlement as effected by the Forest Settlement Officer and finally modified by the Deputy Commissioner, Mysore, a final notification under Section 17 of the Forest Regulation may be issued.

3. Representations from the ryots of the villages concerned praying for reduction in the area constituted into a Forest Block so that the existing facilities for the grazing of their cattle may not be retrenched.

Order No. R. 8705-8—Ft. 127-20-2, dated 8th February 1921.

The area of the block as originally proposed measured 3,240 acres and 39 guntas, but on appeal to the Deputy Commissioner by the villagers of Koochahalli and other villages, it was reduced to 2,356 acres, 36 guntas, sufficient gomal being allowed for the village cattle and the settlement as modified by the Deputy Commissioner makes ample provision for the requirements of the villages concerned. Government are therefore pleased to approve of the settlement as effected by the Forest Settlement Officer and finally modified by the Deputy Commissioner, Mysore.

2. A notification under Section 17 of the Forest Regulation constituting the block as a State Forest with effect from 1st April 1921, will be published in the Gazette.

3. The Deputy Commissioner, Mysore District, is requested to duly promulgate the boundaries of the block in the villages concerned.

B. RAMASWAMIYA,
Secy. to Govt., Rev. Dept.

To—The Revenue Commissioner in Mysore.
The Conservator of Forests in Mysore.
The Superintendent, Revenue Survey in Mysore.
The Deputy Commissioner, Mysore, with map and registers.

Exd.—C. R.

No. R. 8705-8—Ft. 127-20-2, DATED 8TH FEBRUARY 1921.

Notification.

No. R. 8709---Ft. 127-20-3, DATED 8TH FEBRUARY 1921.

The Government of His Highness the Maharaja of Mysore are pleased to declare, under the provisions of Section 17 of the Mysore Forest Regulation (XI of 1900), that from 1st April 1921 the area, the boundaries of which are set forth in the schedule annexed to this notification, shall be deemed to be a "State Forest" subject to the exercise of rights specified at foot thereof:—

SCHEDULE.

District	Taluk	Approximate area	Name of block	Boundaries
Mysore	Nagamangala	2,356 acres and 36 guntas or 3.68 square miles	Konankal	Boundary Notification of Konankal Block. <i>Situation.</i>—It is situated to the north-west of Nagamangala Town at a distance of about 10 miles from it. BOUNDARIES.

North.—Starting from a point about 14 chains south-east from the southernmost corner of survey No. 44 of Huralahalli, the line runs north-east for about 23 chains through survey No. 43 of Huralahalli to a point on the common boundary between the said village and Koochahalli about 6 chains south-west from the south-east corner of survey No. 133 of Koochahalli; then south-east for about 25 chains along the common boundary between Koochahalli and Huralahalli to a point about 30 chains south-east from the south-east corner of survey No. 133 of Koochahalli; then north-east for about 85 chains along the cart-track leading from Gondenahalli to Kuridigere to a point about 12 chains north-west from the north-west corner of survey No. 57 of Bettadahalli; then south-east for about 9 chains along the common boundary between Koochahalli and Gondenahalli to the trijunction bhand of the said two villages with Bettadahalli; then south-east for about 7 chains along the common boundary between Koochahalli and Bettadahalli to a point about 7 chains west from the south-west corner of survey No. 57 of Bettadahalli; then south-east for about 64 chains through survey No. 51 of Bettadahalli, to a point about 8 chains west from the south-west corner of survey No. 11; then south-east for about 8 chains along the north side of survey No. 15 to a point about 5 chains south-west from the south-west corner of survey No. 12; then south-east for about 45 chains through survey No. 15 to a point about 35 chains south from the southernmost corner of survey No. 14; then north-east for about 100 chains through survey Nos. 15 and 17 of Bettadahalli to a point on the common boundary between the said village and Doddenahalli about 17 chains north-east from the north-east corner of survey No. 59 of Bettadahalli; then south-east for about 32 chains along the said common boundary to the trijunction bhand of Doddenahalli, Gomdarahalli with Bettadahalli.

East.—Then the line runs south for about 30 chains along the common boundary between Bettadahalli and Gomdarahalli to the trijunction bhand of the said 2 villages with Cholinahalli; then south-west for about 17 chains along the common boundary between Bettadahalli and Cholinahalli to a point about 15 chains south-west from the north-west corner of survey No. 70 of Gomdarahalli; then south-west for about 51 chains through survey No. 58 of Cholinahalli to a point on the common boundary between the said village and Neelakantanahalli about 22 chains south-west from the south-west corner of survey No. 63 of Cholinahalli; then south-west for about 35 chains through survey No. 31 of Neelakantanahalli to a point about 5 chains west from the north-west corner of survey No. 53, then south-east for about 10 chains through survey No. 31 for about 10 chains to a point about 5 chains west from the south-west corner of survey No. 53; then south-east for about 27 chains through survey Nos. 31 and 19 to a point about 5 chains south-west from the south-west corner of survey No. 25; then south-east for about 44 chains through survey No. 19 to a point about 17 chains south-east from the south-west corner of survey No. 17; then north-east for about 55 chains through survey No. 19 to the trijunction bhand of Neelakantanahalli, Mallaragapura with Naraganahalli; then south-west and south for about 57 chains along the common boundary between Neelakantanahalli and Mayigondanahalli on one side and Mallaragapura on the other side to a point about 6 chains north-east from the north-east corner of survey No. 18 of Mayigondanahalli.

No. R. 8705-8—Fr. 127-20-2, DATED 8TH FEBRUARY 1921.

corner of survey No. 18 (Tank) of Bettadahalli and passes south-east for about 35 chains through survey Nos. 17 and 15 of Bettadahalli and quits the forest in the eastern boundary of the block at a point about 11 chains north-west from the north-west corner of survey No 70 of Cholinahalli.

7. Cart-track leading from Koppalu (hamlet of Bettadahalli) to Cholinahalli, it enters the forest in the northern boundary of the block at a point about 9 chains south-east from the south-east corner of survey No. 59 of Bettadahalli and passes south-east and south-west for about 53 chains through survey Nos. 17 and 15 of Bettadahalli and quits the forest in the eastern boundary of the block at a point about 15 chains south-west from the north-west corner of survey No. 70 of Bettadahalli.

8. Cart-track leading from Cholinahalli to Mayigondanahalli, it enters the forest in the eastern boundary of the block at a point about 20 chains south-west from the south-west corner of survey No. 63 of Cholinahalli and passes south-west and south-east for about 112 chains through survey Nos. 58 of Cholinahalli, 31 and 19 of Neelakantanahalli and 17 of Mayigondanahalli and reaches the enclosure at the north-east corner and again it re-enters the forest from the said enclosure at the south-east corner and passes south-west for about 11 chains through survey No. 17 of Mayigondanahalli and quits the forest in the southern boundary of the block at a point about 17 chains south-east from the south-east corner of survey No. 18 (enclosure).

9. Foot-path leading from Neelakantanahalli to Mayigondanahalli, it enters the forest in the eastern boundary of the block at a point about 14 chains east from the south-east corner of survey No. 17 of Neelakantanahalli and passes slightly south-east for about 37 chains through survey Nos. 19 of Neelakantanahalli and 17 of Mayigondanahalli and quits the forest in the southern boundary of the block at a point about 6 chains north-west from the north-west corner of survey No. 18 of Mayigondanahalli.

10. Foot-path leading from Kenchagonahalli to a Katte situated in survey No. 57 of the said village, it enters the forest in the southern boundary of the block at a point about 24 chains north-west from the north corner of survey No. 55 of Kenchagonahalli and passes west for about 6 chains through survey No. 57 of Kenchagonahalli and reaches the said Katte.

Enclosure.—Survey No. 18 being a cultivated land of Neelakantanahalli situated in survey No. 17 of Mayigondanahalli, is treated as an enclosure with a margin of 5 chains all round, access to it by means of cart-track No. VIII *supra*.

Concessions.—The villagers of Koochahalli are allowed to take their cattle for watering in the Moorkalbanihalli and in 3 wells close to it. The villagers of Gondanahalli are allowed as a special case to graze their cattle in the State Forest on payment of one-fourth seigniorage. The villagers of Kenchagonahalli are allowed to take their cattle for drinking water in the Katte situated in survey No. 57 of the said village.

The villagers of Kuridigere are allowed to take their cattle to the 3 Kattes namely Jamnerlekatte, Dabankatte and Karadikal Katte situated at the foot of the hill in survey No. 96 of the said village.

By Order,
B. RAMASWAMAIYA,
Secy. to Govt., Rev. Dept.

No. R. 8705-8—Ft. 127-20-2, DATED 8TH FEBRUARY 1921.

B.—Register of claims to lands, rights to forest produce, etc.—*contd*

Serial No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement
1	2	3	4	5	6	7	8
1	Nagannagowda, Patel of Haralhalli on behalf of the villagers.	26 9 17	Prays that gomul land Survey No. 43 may be excluded from reversion. 1 The temple of Maranuma may not be included in the forest. 3 Want more land for pasture for cattle	...	...	The temple of Haralhalli "Maramma" is situated in Survey No. 43. It is said that about 500 or 600 people assemble for jatra of the said goddess in the month of Magha every year. As the pichunna demarcation line now runs, the temple is included in the forest and it is undesirable that such a temple should be in a forest. I have therefore shifted the line about 6 chains to the east of the temple as shown in the sketch. This will give the villagers about 33 acres more for the use of their cattle. (2) A cart track, 12 feet wide from Kavadivari to Koorahalli gadi passing through Survey No. 17 is allowed. (3) A footpath 6 feet wide from Kavadivari to Koorahalli is also allowed. To allow a cultivation margin to Survey Nos. 47 and 58 and also to give a little more land for the use of the villagers, cattle owing to the hilly nature of the country the preliminary demarcation line is shifted so as to leave about 70 acres more to the villagers as noted in the sketch. (4) A cart track 12 feet wide from Haralhalli to Gondenahalli is allowed. (5) One footpath 6 feet wide becoming from the said cart track and going to Kadikeri via Haralhalli is allowed. (6) The cattle of the village will be allowed to drink water in Mannatti and Voonakalbhavahalli, a footpath to the latter hills and to the three wells will be allowed from the footpath referred to in para 1.	A portion of Survey No. 59 to the north of and up to the east end of the traced track from Koradivari to Gondenahalli will be allowed to the villagers.
2	Kalogowda, Patel of Koorahalli on behalf of the villagers.	Do	Prays that gomul land Survey No. 59 may be excluded from the State Forest. 2 To allow the cattle to drink water in Mannatti and Koorahalli.	..	..	(7) The villagers of Gondenahalli assert that they were paying "a bulbanu" of Rs. 5 per year to the village of Bettadahalli and were grazing their cattle in the latter village and as such they want the lands of Bettadahalli not to be taken. This does not seem to be a sound contention. If Government had any kharab lands it is open to the villagers to pay bulbanu and graze their cattle. This state of things may be continued as long as the Government keep them as kharab lands. But the bulbanu system of grazing does not create any right for the jayats that will compel the Government to keep the lands as kharab. Government is not bound to keep these lands as kharab. But as there are no gomul lands in the village of Gondenahalli and the kharab lands in that village about 37 acres only which are barely sufficient for 360 horned cattle and 1,015 sheep and goats which the village contains. On the other hand the number of grazing cattle in Bettadahalli is small being 101 cattle, 83 sheep and 11 goats only. It is very probable that Gondenahalli cattle were using the pastures of the Bettadahalli village in consideration of the helpless condition of the Gondenahalli cattle. I decide that as a special case the sheep and horned cattle of Gondenahalli may be allowed to graze in the State Forest on payment of one fourth of the seigniorage in the prescribed season. (8) To give the cultivation margin for Survey Nos. 3, 8, 9, 10 and 11 and also to have the line straight it is shifted as shown in the sketch. (9) Bettadahalli people say that they intend to institute a jatra for Srimadewara hereafter when about 1,000 people may be expected to assemble. This is yet in the stage of intention.	
3	Muddamallaiiah, Patel of Bettadahalli on behalf of the villagers.	Do	Represents that the gomul for the villagers is insufficient and more is required for their cattle.	..			
4	Jogegowda, Patel of Gondenahalli on behalf of the villagers.	Do	Represents that they are paying a "bulbanu" of Rs. 5 per year to the village of Bettadahalli for grazing their cattle; as such they pray that the lands of Bettadahalli may be excluded as there are no other pasturage land in Gondenahalli village.	..	..		

No. R. 8705-8—Fr. 127-20-2, DATED 8TH FEBRUARY 1921.

B.—Register of claims to lands, rights to forest produce, etc.—*contd.*

Serial No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement
2	3	4	5	6	7	8	
5	Karigowda, Patel of Gowdaraballion behalf of the villagers.	26-9-17	Prays that their gomal land Survey No. 25 may be excluded from the State Forest.	..	..	and is therefore not worthy of being considered. This may be after all only a trick to get more land for the villagers. At present about 200 people assemble for Kaithacha and Yagadi festivals. The temple is to the west of the tank Survey No. 18 and is about 12 furlongs from the line and is outside the forest. There seems to be no necessity to allow more space on account of the temple. (4) The gomal still left for the villagers is about 271 acres and this together with 65 acres of Karab will afford more than ample pasturage for the number of cattle in the village which is not after all very large. (5) A foot path 6 feet wide to Kuradugeri through Survey Nos. 51 and 15 as shown in the sketch is allowed. (6) A foot path 6 feet wide to Koppa through Survey No. 15 is allowed. (7) A foot path 6 feet wide to Cholenahalli through Survey No. 17+15 is allowed as shown in the village map. (8) A cart track 12 feet wide through Survey Nos. 17 and 15 is allowed. To give a little more land to the village cattle, I have changed the line and excluded a triangular bit about 34 acres for the village and this will be more than ample for the small number of cattle in the village. At this time are 329 heads of 1 horned cattle and 125 sheep and 85 goats in the village I change the line so as to give 32 acres more to the village, this will leave about 237 acres of gomal to the cattle. (2) A cart track 12 feet wide to Neelantanahalli is allowed. (3) Puttagowdankatte referred to by the villagers of Matimankojpal or haveli attached to Cholenahalli is excluded by the shifting of the line in Neelantanahalli village and there is nothing to prevent cattle using the water of that katta. Survey No. 18 of this village is a cultivation land included in the forest. It will be treated as an enclosure with 5 chains all round and a foot path 6 feet wide from the cart track going from Cholenahalli to Mayagonehalli is allowed. (2) The cattle of this village are— Cows and Bullocks ... 48 Calves ... 23 Buffaloes ... 19 Buffaloes calf ... 1 Sheep ... 317 Goats ... 48 For these the gomal still left for the village is 210 acres and 16 guntas which coupled with extra space allowed in leaving the cultivation margin will more than suffice for the village cattle. (3) The line is shifted as shown in the sketch to give the cultivation margin to Survey Nos. 53 and 25. (4) A cart track 12 feet wide from Cholenahalli to Mayagonehalli passing through Survey No. 31 and 19 as shown in the sketch is allowed. (5) A foot path 6 feet wide from this village to Mayagonehalli is allowed. People of this village want that no land of the village should be taken for the forest. The area taken for the forest from this village is only 180 acres out of a total gomal area of 368 acres and 7 guntas. The cattle of the village are only— Oxen and Cows ... 246 Buffaloes ... 88 Sheep ... 302 Goats ... 136 Asses ... 8	
6	Hannegowda, Patel of Cholenahalli on behalf of the villagers of Cholenahalli and Koppaln	Do	States that the gomal lands of these two villages together with those of Bettadahalli and Hodethe Hosalli villages have been included in the State Forest and therefore prays that the gomal of Bettadahalli village may be excluded from the State Forest.	...	...		
7	Kempegowda, Patel of Neelakanthahalli on behalf of the villagers.	26-9-17	Prays that the gomal land left for the village is insufficient and more is required for their cattle. (2) Prays that Survey No. 18 now under cultivation may be excluded from the forest.	...	...		
8	Siddagowda, Patel of Mayagonehalli on behalf of the villagers.	Do	Prays that all their gomal lands may be excluded from reservation.	...			

The line may be taken on the western boundary of the village from Survey No. 44 of Doddanahalli to Survey No. 68 of Cholenahalli.

No. R. 8705-8—Fr. 127-20-2, DATED 8TH FEBRUARY 1921.

B.—Register of claims to lands, rights to forest produce, etc.—*contd.*

Serial No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement																
1	2	3	4	5	6	7	8																
9	Haravegowda, Patel of Kenchagonahalli	26-9-17	States that the gomal land of this village has been included in the State Forest and prays that their gomal land may be excluded from reservation. (2) Cattle of the village may be allowed to drink water in the katto in Survey No. 57.			I have left about 35 acres more for the village. That is the pasturage area available for the village will now be 218 acres which is more than enough for the cattle. (2) As the line is altered the cultivation margin for Survey No. 18 is secured. (3) A cart track 12 feet wide from Neelakantnahalli to this village passing through Survey No. 17 is allowed. (4) A foot path 6 feet wide from Neelakantnahalli as shown in the village map is also allowed. Out of a gomal land of 397 acres only 80 acres have been taken and the remainder is more than ample for the cattle which are only as follows:— <table><tr><td>Oxen and Cows</td><td>... 191</td></tr><tr><td>Buffaloes</td><td>... 23</td></tr><tr><td>Sheep</td><td>... 572</td></tr><tr><td>Goats</td><td>... 126</td></tr></table> (2) The cattle of the village will be allowed to drink water in the katto in Survey No. 57 and a foot path 6 feet wide will be showed as shown in the sketch. (3) Cultivation margin of 5 chains is allowed for Survey No. 51 The villagers represent that no portion of the Survey No. 16 should be taken for the forest that being the only gomal of the village only about 60 acres have been taken out of 142 acres and 18 gautas. The remaining gomal is, it is alleged, insufficient for the cattle which are:— <table><tr><td>Cows and Bullocks</td><td>151</td></tr><tr><td>Buffaloes</td><td>51</td></tr><tr><td>Sheep</td><td>227</td></tr><tr><td>Goats</td><td>68</td></tr></table> In order to allow a little more pasturage ground for the village cattle, I change the lines as to leave about 15 acres more. To allow cultivation margin to Survey Nos. 1 + 3 of this village and 11 + 15 of Koppa the line is slightly altered. No further consideration is necessary.	Oxen and Cows	... 191	Buffaloes	... 23	Sheep	... 572	Goats	... 126	Cows and Bullocks	151	Buffaloes	51	Sheep	227	Goats	68	The line is shifted north to run from the trijunction of Koppa, Nalakanahalli, and Kenchagonahalli to trijunction border of Kenchagonahalli, Hosur and Byadgeri.

Goats	68																						
10	Lingegowda, acting Patel of Hosur on behalf of the villagers.	25-9-17	Represents that this village has no other pasturage land, hence prays Survey No. 16 should be left entirely to the villagers.	..	..	The villagers represent that no portion of the Survey No. 16 should be taken for the forest that being the only gomal of the village only about 60 acres have been taken out of 142 acres and 18 gautas. The remaining gomal is, it is alleged, insufficient for the cattle which are:— <table><tr><td>Cows and Bullocks</td><td>151</td></tr><tr><td>Buffaloes</td><td>51</td></tr><tr><td>Sheep</td><td>227</td></tr><tr><td>Goats</td><td>68</td></tr></table> In order to allow a little more pasturage ground for the village cattle, I change the lines as to leave about 15 acres more. To allow cultivation margin to Survey Nos. 1 + 3 of this village and 11 + 15 of Koppa the line is slightly altered. No further consideration is necessary.	Cows and Bullocks	151	Buffaloes	51	Sheep	227	Goats	68	Hosur lands excluded. The line will be taken in the south border of Byadgeri.								
Cows and Bullocks	151																						
Buffaloes	51																						
Sheep	227																						
Goats	68																						
11	Lunga, Patel of Byadgeri on behalf of the villagers.	Do	Represents that they are the rayats of Hosur and are using the gomal of Byadgeri as Hosur has no gomal and states that Byadgeri is becharak from a long time.	..		To allow cultivation margin to Survey Nos. 1 + 3 of this village and 11 + 15 of Koppa the line is slightly altered. No further consideration is necessary.																	
12	Byregowda, Patel of Koppa on behalf of the villagers	Do	Prays that— (1) The gomal land may be excluded from the State Forest. (2) The demarcation line has come close to his occupied Survey No. 11 and it should be removed further. (3) To allow free grazing in the reserved State Forest for cattle.	..		The line has come too near the cultivation lands Survey Nos. 9, 12, 37, 35 and 33, owing to the proximity of a katto to Survey No. 12. The line has to be shifted to the south of the katto in question. Survey Nos. 11 and 42 are the only assessed wastes in the village and I don't want to include them in the Forest. They are left for the villagers to give a chance for expansion of cultivation with a view to safeguard all the interests enumerated above. I change the line as shown in the sketch. (2) As the settled line now stands Survey No. 42 is excluded from the forest. (3) A foot path 6 feet wide from this village to Bettadahalli as shown in the sketch is allowed. Out of a total area of 951 acres and 24 gautas of gomal about 520 acres are proposed to be taken for the forest. This leaves 431 acres and odd for the village which is in my opinion more	The line to be taken from the south east corner of the katto in Survey No. 11 to the south-east corner of Survey No. 30 of Koradigeri.																
13	Siddigowda of Koppa.	26-9-17	Prays to exclude his occupied Survey No. 13 from the State Forest	..		I change the line as shown in the sketch. (2) As the settled line now stands Survey No. 42 is excluded from the forest. (3) A foot path 6 feet wide from this village to Bettadahalli as shown in the sketch is allowed. Out of a total area of 951 acres and 24 gautas of gomal about 520 acres are proposed to be taken for the forest. This leaves 431 acres and odd for the village which is in my opinion more																	
14	Javaregowda of Koradikeri on behalf of the villagers.	..	Represents that: The three kattes viz:—(Dabanathakatte, Jammerleykatte, and Kardikal katto) may be left for the village and the rest of the land taken for the forest.	..		Out of a total area of 951 acres and 24 gautas of gomal about 520 acres are proposed to be taken for the forest. This leaves 431 acres and odd for the village which is in my opinion more																	

No. R. 8705-8—Ft. 127-20-2, DATED 8TH FEBRUARY 1921.

No. R. 8820-3—Ft. 152-20-2, DATED, 10TH FEBRUARY 1921.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Notification No. R. 8809, dated 26th February 1918, issued under Section 4 of the Forest Regulation in the matter of the proposed constitution of the Muthurayanahosalli Forest Block in the Hunsur Taluk.

2. Letter No. C. 4661—19-20, dated 17th January 1921, from the Revenue Commissioner in Mysore, forwarding the records relating to the Final Settlement of the block, stating that the Conservator objects to the settlement and recommending the issue of the final notification in the matter, as no appeals were preferred to the Deputy Commissioner, Mysore District, against the decision of the Forest Settlement Officer by the District Forest Officer or the raiyats.

(Printed with the B and C Registers as an accompaniment.)

Order No. R. 8820-3—Ft. 152-20-2, dated 10th February 1921.

The Conservator of Forests, who was consulted in the matter, objects to the settlement effected on the ground that the Forest Settlement Officer has unnecessarily cut down the area of the block. The Revenue Commissioner states that the District Forest Officer should have safeguarded the interests of the Forest Department at the time of settlement or by appeal to the Deputy Commissioner against the Forest Settlement Officer's decision. Under these circumstances, Government approve of the settlement effected by the Forest Settlement Officer.

2. The notification under Section 7 of the Forest Regulation constituting the block a State Forest with effect from the 1st April 1921, will be published in the Gazette.

3. The Deputy Commissioner, Mysore District, is requested to duly promulgate the boundaries of the block in the villages concerned.

B. RAMASWAMAIYA,
Secy. to Govt., Rev. Dept.

To—The Revenue Commissioner in Mysore
The Conservator of Forests in Mysore.
The Superintendent, Revenue Survey.
The Deputy Commissioner, Mysore District, with map and register.

Exd.—G. R.

NOTIFICATION.

No. R. 8824—Ft. 152-20-3, dated 10th February 1921.

The Government of His Highness the Maharaja of Mysore are pleased to declare, under the provisions of Section 17 of the Mysore Forest Regulation (XI of 1900), that from 1st April 1921, the area, the boundaries of which are set forth in the schedule annexed to this notification, shall be deemed to be a "State Forest" subject to the exercise of rights specified at foot thereof.

SCHEDULE.

District	Taluk	Approximate area	Name of block	Boundaries
Mysore	Hunsur	A. g. 1,797 22 or 2'81 square miles.	Muthura- yanahosalli	<i>North.</i> —Starting from a point about 13 chains north-east from the south-east corner of survey No. 60 of Muthurayanahosalli, the line runs south-east for about 48 chains through survey No. 1 of Muthurayanahosalli Kaval to the tri-junction bands of the said kaval, Attiguppe and Kalhaili, then slightly north-east

No. R. 8820-3—Fr. 152-20-2, DATED 10TH FEBRUARY 1921.

or about 6 chains along the common boundary between Attiguppe and Kalhalli to a point about 7 chains slightly south-west from the north-west corner of survey No. 105 of Kalhalli.

East.—Then the line runs south-east for about 61 chains through survey No. 99 of Kalhalli to a point about 5 chains west from the north-west corner of survey No. 80 of Kalhalli, then south-west for about 25 chains through survey No. 99 of Kalhalli to a point on the common boundary between Kalhalli and Hunsagala about 6 chains north-west from the north-west corner of survey No. 68 of Kalhalli, then north-west along the said common boundary for about 43 chains (along the side of the high road leading from Hunsur to Panjavalli) to the tri-junction bands of Muthurayanahosalli Kaval, Kalhalli and Hunsagala, then south-east along the common boundary between Muthurayanahosalli Kaval and Hunsagala crossing the said high road to the tri-junction bands of the said villages and bairage.

South.—Then the line runs along the common boundary between Muthurayanahosalli Kaval and Bairage to a point about 12 chains north-east from tri-junction bands of the said villages and Hemmige, then north for about 17 chains north-west for about 10 chains and south-west for about 7 chains through survey No. 2 of Muthurayanahosalli Kaval to a point about 20 chains north-east from the tri-junction bands of the said Kaval, Hemmige and Bairage, then the line runs south-east and north-west along the common boundary between Muthurayanahosalli, on one side, Karnakuppe, Bairage and Hemmige on the other side to the tri-junction bands of Muthurayanahosalli Kaval, Karnakuppe and Harnahalli.

West.—Then the line runs along the common boundary between Harnahalli Muthurayanahosalli on one side and Muthurayanahosalli Kaval on the other side to a point on the high road leading from Hunsur to Panjavalli to the north-east corner of survey No. 17 of Muthurayanahosalli, then east along the said high road for about 12 chains to a point about 11 chains south-east from the south-east corner of survey No. 21 of Muthurayanahosalli, then north for about 78 chains through survey No. 1 of Muthurayanahosalli Kaval crossing the high road to the starting point.

REMARKS.

The following rights of way are allotted within the block for use by men and cattle in case of foot-paths and by men, cattle and carts in case of high roads throughout the cur.

1. *High road from Hunsur to Panjavalli.*—It enters the forest in the eastern boundary of the block at the north-west corner of Hunsagala about 43 chains runs west between survey Nos. 1 and 2 and quits the forest in the western boundary of the block at a point about 11 chains slightly north-east from the south-east corner survey No. 21 of Muthurayanahosalli.

2. *Foot-path from Kalhalli to Muthurayanahosalli.*—It enters the forest in the eastern boundary of the block at a point about 6 chains north-west from the north-west corner of survey No. 79 of Kalhalli runs north-west, west, north-west, west and south-east through survey No. 99 of Kalhalli and 1 of Muthurayanahosalli Kaval (by the side of Muthurayanadevasthana, Maritaldevaru and Dindalmaradidevaru) about 125 chains in length, 6 feet in width and quits the forest in the western boundary of the block at a point about 13 chains north-east from the south-east corner survey No. 65 of Muthurayanahosalli.

ENCLOSURE.

Muthurayapasevasthana, Maritaldevaru and Dindalmaradidevaru are treated as enclosures, with a margin of 2 chain all round access to it by means of a foot-path No. 2 *upra*

CONCESSION.

The villagers of Kalhalli will be allowed to take thorns on free permits issued by the Forest Department needed for hedges.

The villagers of Muthurayanahosalli are allowed to graze their cattle in the Kaval lands in the open season on payment of half the seigniorage rates as a special case. Thorns and hedges will be allowed free on free permits issued from the Forest Department.

By Order,
B. RAMASWAMIYA,
Secy. to Govt., Rev. Dept.

No. R. 8820-3—Ft. 152-20-2, DATED 10TH FEBRUARY 1921.

B.—Register of claims to lands, rights to forest produce or easements in the proposed Muthurayanahosalli Block State Forest in the Hunsur Taluk.

Serial No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claim by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of Final Appeal and Settlement
1	2	3	4	5	6	7	8
1	Eraysgowda, Patel of Attiguppe, for the villagers	8-8-18	States that — He knows how the forest line is marked in the village remises and the line has come too near the cultivation lands. The gomal S. No. 63 should be left for the village cattle. A portion of S. No. 7 in the north is taken to Kallabetta State Forest. Cattle of the village have to go to Kallabhalli tank through S. No. 63. Certain raiyats had taken lands in Muthurayanahosalli Kaval. But recently Saguvai chits granted have been since withdrawn.		The note written on the margin of the petition presented by Kallabhalli raiyats is applicable to this case also.	The Forest Department proposes to take about 80 acres of Gomal S. No. 63. The villagers represent that a portion of Gomal S. No. 7 has already been taken for the Kallabetta Forest to the east of the village. If the proposed portion of S. No. 63 is taken the village will be hemmed in on both sides to its great discomfort. There is a hill running from the north to south in S. No. 63. Cultivation margin is to be left for S. Nos. 62, 64, 66, 69, 89 and 71. This will take the demarcation line on the top edge of the hill which is very inconvenient for fire protection operations. If the line is taken to the west of the ridge the portion available for the forest will be insignificantly small and will not add much to the forest. I therefore decide to take no land from Attiguppe village.	
	Narvanegowda, Patel of Kallabhalli, for the villagers	8-8-19	States that if land S. No. 99 is taken to the forest the villagers have no place to bring thorns for the hedges. There are Muthuraya and other idols on the top of the hill in S. No. 99. Puja is performed once in 8 days by a Pujari living in Muthurayanahosalli. There is a way to the temple from our village and also a footpath from Muthurayanahosalli. Once a year the procession idol which is generally in the village of Muthurayanahosalli is taken to the top of the hill and Puja performed and taken in procession in the villages of Muthurayanahosalli, Nagamangal, Hunsagala and Kallabhalli about 100 and odd people assemble there. On the top of the Hill the line is close to cultivation lands. S. No. 19 a portion of gomal is taken for Kallabetta State Forest.		These raiyats have enough district jungle for the use of cattle grazing towards Kallabhalli and their cultivation that they have not enough ground is taken some land has already been abandoned by giving the same for cultivation. A right of way may be granted to go to the hill for worshipping.	There are only 519 heads of cattle and 90 goats in the village. There is a Gomal (S. No. 19) area 342 acres and 24 guntas in the village which in my opinion ample for the village cattle. To allow cultivation margin to S. Nos. 107, 105, 104, 100, 97, 94, 81, 80, 79, 78, 77, 76, 75 and 68, the line is slightly changed. This will release about 60 acres in addition for the villagers. The villagers will be allowed to take thorns wanted for the hedges on free permits from the Forest Department. A foot path 6 feet wide from this village to Muthuraya's temple through S. No. 99 as noted in the sketch will be allowed for men throughout the year.	
3	Basavanna, Patel of Muthurayanahosalli and Harinahalli for the villagers.	8-8-18	States that preliminary demarcation line has come too near the cultivation of Muthurayanahosalli. To the east of the last village there is a temple on the top of the hill. We have no gomal enough for the village. Harinahalli too has not enough of gomal. So the villagers want Muthurayanahosalli Kaval lands and they want also to take fuel and thorns for hedges.		The proposed reserve contains only lands included in the Kaval known as Muthurayanahosalli. The raiyats have enough of grazing ground in the district jungle which is close by, i. e., to the left of Hunsur Cannanore road. A foot path of 6 feet wide may be marked out in the reserve for their use to the hill for worship. It is their own fault if they use up all their gomal for cultivation.	As requested by the people, the idol of Muthuraya under a rock will be treated as an enclosure with one chain all round and so also the idols of Dundamarudayya and Maritaldevuru on the way from Muthurayanahosalli to the 1st enclosure. As several raiyats have been trying for years to get small portions of survey No. 1 towards the north-east thereof and also some of them have already been sold and the Saguvai chits once granted have been withdrawn on the ground that that portion is included in the proposed forest. I consider it fair not to snatch away this bit from the poor raiyats. That portion has already been subdivided into small numbers and made available for cultivation to raiyats. There are no sufficient assessed waste lands for the extension of their cultivation. To allow cultivation margins for survey Nos. 59 to 65 and 68 of Muthu	

No. R. 8820-3—Ft. 152-20-2, DATED 10TH FEBRUARY 1921.

B.—Register of claims to lands, rights to Forest produce or easements in the proposed Muthurayanahosalli Block State Forest in Hunsur Taluk—*conold*

Serial No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of court of final Appeal and Settlement
1	2	3	4	5	6	7	8
						ayanahosalli, the line is changed about 10 chains more to the east. (4) A foot-path 6 feet wide from Muthurayanahosalli to the 3 temples referred to in para 1 above is allowed for men throughout the year. (5) The villagers of Hanurahalli Attiguppe, Kallabetti and Muthurayanahosalli claim grazing rights over the kaval lands, survey Nos. 1 and 2 of Muthurayanahosalli Kaval. (6) In Hanurahalli there is a big gomal of 213 acres and 20 guntas for 273 big cattle, 6 sheep and 20 goats, which is in my opinion more than enough. (7) The pasture available in the villages of Attiguppe and Kallabetti are considered enough for their cattle. (8) Last comes the case Muthurayanahosalli gomal survey No. 21 was formerly 151 acres, 2 guntas and the cattle of the village were only cattle 273, buffaloes 5, sheep 11 and goats 109. These had enough of pasture in that gomal and a kharab land (survey No. 17) of 72 acres and 6 guntas. But the villagers have thoughtlessly allowed bits of gomal to be granted for cultivation from time to time so that the gomal has gradually dwindled to 18 acres and 24 guntas. This state of helplessness was their own making. They might have been grazing their cattle in the Muthurayanahosalli Kaval lands but that is the nature of clandestine enjoyment and cannot be recognized as a right. But in view of this condition, I direct that the said cattle may be allowed to graze in the kaval lands in the open season on payment of half rates as a special case. (9) The other portions of the line are confirmed. (10) The high road from Hunsur to Panjavalli is allowed. (11) Thorns for hedges will be allowed free on free permits from the Forest Department. T. CHOKKANNA, Forest Settlement Officer in Mysore.	

No. R. 8820-3—Ft. 152-20-2, DATED 10TH FEBRUARY 1921.

Final Settlement.

No. R. 8589-92—Ft. 147-20-2, DATED 2ND FEBRUARY 1921.

**PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.**

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Notification No. R. 9590—Ft. 123-18-2, dated the 31st January 1919, declaring, under Section 4 of the Mysore Forest Regulation, that the Tavarehalli Block in the Sorab Taluk be reserved preliminary to its being constituted as a State Forest.

2. Letter No. C. 1345, dated the 3rd January 1921, from the Revenue Commissioner in Mysore, submitting the * records of settlement, effected by Mr. T. Chokkanna, Forest Settlement Officer, and requesting the issue of the final notification under Section 17 of the Forest Regulation declaring the block a State Forest, under the name of Ganjanur Block, and stating that the Conservator of Forests and the Deputy Commissioner, Shimoga District, have agreed to the settlement effected by the Forest Settlement Officer.

* (B. & C. Registers printed as accompaniments.)

Order No. R. 8589-92—Ft. 147-20-2, dated 2nd February 1921.

The settlement effected by the Forest Settlement Officer is approved. The final notification declaring the block a State Forest under the name of the Ganjanur Block, with effect from the 1st March 1921, will be published in the Gazette.

2. The assessment on the marginally noted assessed waste Survey numbers will be written off the accounts. Kharab Survey numbers 29, 30 and 31 of the Jambehalli village will be reserved as gomal.

Secy. to Govt., Rev. Dept.

To—The Conservator of Forests in Mysore.

The Revenue Commissioner in Mysore.

The Deputy Commissioner, Shimoga District, with the registers and map.

The Superintendent, Mysore Revenue Survey and Settlements.

Exd.—C. R.

No. R. 8589—Ft. 147-20-3, DATED 2ND FEBRUARY 1921.

NOTIFICATION.

No. R. 8589—Ft. 147-20-3, dated 2nd February 1921.

The Government of His Highness the Maharaja of Mysore are pleased to declare, under the provisions of Section 17 of the Mysore Forest Regulation (XI of 1900), that from 1st March 1921 the area, the boundaries of which are set forth in the schedule annexed to this notification, shall be deemed to be a "State Forest" subject to the exercise of rights specified at foot thereof:—

Schedule.

Dis- trict	Taluk	Approxi- mate area	Name of block	Boundaries
Shimoga	Sorab	761 acres and 39 guntas or 1.19 square miles	Ganjanur instead of Tavarehalli as first notified in Notification No. R. 9590—Ft. 123-18-2, dated 31st January 1919, published in Part I of the <i>Mysore Gazette</i> , dated 13th February 1919.	BOUNDARIES. <i>North.</i> —Starting from a point about 4 chains north-east from the south-east corner of survey No. 26 of Ganjanur, the line runs south-east and south, south-east, north-east and north for about 60 chains along the south and east side of survey No. 47 to the trijunction bhandas of the said village with Jodikoppa and Jambhalli; then north-east along the common boundary between Jodikoppa and Jambhalli for about 32 chains to the trijunction bhandas of the said 2 villages with Kanthanahalli; then north-east, south-east and north-east along the common boundary between Kanthanahalli

and Jambhalli for about 9 chains to the west side of a track running between Jambhalli and Kanthanahalli for about 8 chains north-east from the trijunction bhandas of the said 2 villages with Jodikoppa; then south along the said cart-track for about 12 chains through survey No. 28 of Jambhalli to a point about 5 chains north from the northernmost corner of survey No. 26; then west for about 5 chains through survey No. 28 to the easternmost corner of survey No. 27; then along the south side of the same survey number to its southernmost corner, then south-west for about 24 chains through survey No. 28 to a point about 5 chains west from the westernmost corner of survey No. 25; then south for about 6 chains through survey No. 23 to a point about 5 chains west from the westernmost corner of survey No. 22; then south-east for about 4 chains through survey No. 28 to a point about 5 chains south-west from the another western bend of survey No. 22; then south-east for about 20 chains through survey No. 28 to a point 5 chains south-west from the south-west corner of survey No. 22; then south-east for about 20 chains through survey No. 28 to a point about 6 chains south-west from the south-west corner of survey No. 21; then east for about 15 chains through survey No. 28 to a point about 5 chains south-east from the southernmost corner of survey No. 21; then north-east for about 15 chains through survey No. 28 to the south-eastern corner of a Katte situated on the south of survey No. 20; then north-west for about 15 chains through survey No. 28 to a point about 5 chains east from the north-east corner of survey No. 20; then north-east for about 12 chains through survey No. 28 to a point about 5 chains south-east from the south-east corner of survey No. 18; then south-east for about 13 chains through survey No. 28 to a point about 5 chains south-west from the southernmost corner of survey No. 11; then east for about 26 chains through survey No. 28 to a point about 6 chains south-west from the south-east corner of survey No. 11; then north-east for about 8 chains through survey No. 46 to the south-east corner of a Katte situated on the east side of survey No. 11; then along the east side of the said Katte to its north-east corner; then north-west for about 7 chains through survey No. 46 to a point about 5 chains north-west from the north-east corner of survey No. 11; then north-west for about 18 chains along the east side of survey No. 10 to a point about 5 chains south-east from the south-east corner of survey No. 3; then east for about 63 chains through survey No. 46 to a point about 6 chains south-west from the south-east corner of survey No. 45.

East.—Then the line runs south-west along the common boundary between Jambhalli and Tavarehalli to the trijunction bhandas of the said 2 villages with Thandige.

South.—Then the line runs south-west for about 18 chains through survey No. 51 of Thandige to a point about 5 chains north from the northernmost corner of survey No. 55; then north-west for about 16 chains through survey No. 51 to a point about 5 chains north-west from the north-west corner of survey No. 54; then south-west for about 11 chains through survey No. 51 to a point about 6 chains north-west from the westernmost corner

No. R. 8598—Ft. 147-20-3, DATED 2ND FEBRUARY 1921.

of survey No. 54; then south-west for about 14 chains through survey No. 51 to a point about 6 chains south-west from the south-west corner of survey No. 54; then south-east for about 4 chains through survey No. 51 to a point about 5 chains south from the same point; then south for about 25 chains through survey No. 51 to a point about 5 chains north-west from the south-west corner of survey No. 48; then west for about 10 chains through survey No. 51 to the southernmost corner of survey No. 52; then along its south side to its south-west corner; then north-west for about 16 chains through survey No. 51 of Thandige to a point on the common boundary between Hechi and Thandige about 8 chains north-east from the easternmost corner of survey No. 102 of Hechi; then north-west for about 12 chains through survey No. 100 of Hechi to a point about 4 chains north-west from the north-east corner of survey No. 101; then north-west for about 27 chains along the east side of survey No. 111 to a point about 5 chains south-east from the south-east corner of survey No. 112; then north-east for about 7 chains through survey No. 100 to the south-east corner of a Katte situated on the east side of survey No. 112; then along the east side of the said Katte to its north-west corner; then north-west for about 9 chains through survey No. 100 to a point on the eastern boundary of survey No. 99 about 4 chains north-west from the south-east corner of the said survey number; then along its south side to its south-west corner.

West.—Then the line runs north-east along the west sides of survey Nos. 99 and 98 crossing the road leading from Chandragutti to Sorab to the north-west corner of the latter survey number; then north-east for about 35 chains through survey No. 50 of Ganjanur to the starting point.

Remarks.

A. The following rights of way are admitted within the block for use by men, cattle and carts in case of cart-tracks which are 12 feet in width and for use by men and cattle in case of foot-paths which are 6 feet in width throughout the year.

I. Road leading from Chandragutti to Sorab, it enters the forest in the western boundary of the block at the north-west corner of survey No. 99 and passes south-east for about 122 chains through survey Nos. 100 of Ganjanur and 58 of Thandige and quits the forest in the southern boundary of the block at a point about 3 chains east from north-east corner of survey No. 58 of Thandige.

II. Cart-track leading from Ganjanur to Thandige, it enters the forest in the western boundary of the block at a point about 2 chains north-west from the north-west corner of survey No. 49 of Ganjanur and runs south-east for about a chain through survey No. 50 of Ganjanur and reaches the enclosure No. 1 and again it re-enters the forest from the said enclosure at a point about 4 chains south-east from the easternmost corner of survey No. 49 and passes south-east for about 44 chains through survey Nos. 48 and 50 of Ganjanur and 28 of Jambhalli and joins No. 1 *supra* at a point about 7 chains south-east from the quadro-junction bhand of Hechi, Ganjanur, Jambhalli and Thandige.

III. Foot-path leading from Thandige to Jambhalli, it branches from No. 1 *supra* at a point about a chain south-east from the quadro-junction bhand of Hechi, Ganjanur, Jambhalli and Thandige and passes north-east for about 25 chains through survey Nos. 58 of Thandige and 28 of Jambhalli and quits the forest in the northern boundary of the block at a point about 5 chains south-west from the north-west corner of survey No. 21 of Jambhalli.

IV. Foot-path leading from Thandige to Jambhalli, it enters the forest in the southern boundary of the block at a point about 4 chains north-west from the north-west corner of survey No. 58 of Thandige and passes north-west and north-east for about 23 chains through survey Nos. 51 of Thandige and 28 of Jambhalli and quits the forest in the northern boundary of the block at the south-east corner of a Katte situated on the south of survey No. 20 of Jambhalli.

V. Foot-path leading from Yalasi to Jambhalli, it enters the forest in the eastern boundary of the block at a point about 6 chains south-west from the south-east corner of survey No. 28 of Jambhalli and runs north for about 12 chains through survey No. 28 of Jambhalli and quits the forest in the northern boundary of the block at a point about 9 chains south-west from the south-east corner of survey No. 11 of Jambhalli.

VI. Foot-path leading from Thandige to the enclosure No. 2, it enters the forest in the southern boundary of the block at a point about 11 chains north-west from the south-west corner of survey No. 48 of Thandige and passes north-west for about 6 chains through survey Nos. 51 and 52 of Thandige and reaches the said enclosure at its southernmost corner.

VII. Foot-path leading from Jambhalli to Jodi Koppa, it enters the forest in the northern boundary of the block at a point about 5 chains north-west from the north-west

No. R. 8589—FT. 147-20-3, DATED 2ND FEBRUARY 1921.

corner of survey No. 25 of Jambehalli and runs north-west for about 13 chains through survey No. 28 of Jambehalli and quits the forest in the northern boundary of the block at a point about 16 chains south-east from the north-west corner of survey No. 26 of Jambehalli.

Enclosures.

1. Survey No. 49 of Ganjanur being an occupied land is treated as an enclosure with a margin of a chains all round access to it by means of a cart-track No. 2 *supra*.

2. Survey No. 53 of Thandige being an occupied land is treated as an enclosure with a margin of a chains all round access to it by means of a foot-path No. 6 *supra*.

Concessions.

The villagers of Thandige and Jambehalli are allowed to take junglewood for agricultural implements and thorns, etc., for fences free, on permits from the Forest Department.

By Order,
B. RAMASWAMAIYA,
Secy. to Govt., Rev. Dept.

No. R. 8589-92—Ft. 147-20-2, DATED 2ND FEBRUARY 1921.

B.—Register of claims to lands, rights to forest produce or easements in the proposed Thavarehalli Block State Forest.

No	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of Final Appeal and Settlement
1	2	3	4	5	6	7	8
1	H. P. Mallappa, Patel of Hechi on behalf of the raiyats.	22-2-20	Requests that Survey No. 100 which is the only gomai of their village remaining should be left for the use of the raiyat as Survey No. 181 has already been proposed to Abasi block.	...	The demand set up by the villagers in the above instance is not only one that is impossible to be met but one absolutely forbidden for being granted by the circumstances of the case. The decision of the Forest Settlement Officer in connection with the reservation of Abasi block already makes a provision of 196 acres being transferred from khasab to gomai lands of Hechi village. This compensates therefore for more than what is complained of by the raiyats to have been diminished from the gomai lands of Hechi on account of the reservation of Survey No. 181 included in Abasi block. The raiyats demand that they cannot be satisfied with anything less than the wholesale elimination. Survey No. 100 has absolutely no valid ground to stand upon. However, the proposal of the Forest Settlement Officer to set apart two-thirds of the survey number more than amply meets the present and prospective needs of this village (Hechi) as well as those of all its hamlets and I agree to the proposal.	The formation of this block was notified by Government in June 1919. Taking all requirements into consideration, I decide as follows:— The raiyats in attendance through their Patel objected to the inclusion of No. 100 in the proposed block, urging that they are losing a good bit of their gomai area in giving up 181 to the Abasi block. The cattle of this village total 755 all told and are distributed over the Asali and Dakali villages. The number in question is said to be conveniently situated to and wanted for Asali village of Hechi and Dakali Huliithikoppa. Taking their requirements into consideration, I slice off the number into three bits giving the south and west bits to the villagers and the eastern bit to the proposed block. The dividing lines will run (1) from the bend on the frontier between Tandagi and Hechi to the east of cultivation No. 101 to 5 chains north of the north-east corner of No. 101 and (2) from the south-east corner of assessed waste No. 99 with the north-east corner of tank adjoining No. 112. The usual rights of ways will be allowed. The assessed waste Nos. 98 and 99 now included in the Thavarehalli block may have their assessment written off. The usual cultivation margin is allowed.	
	Bhadrayya Gowda, Patel of Thandagi on behalf of the raiyats.	22-2-20	Stating that there is no objection for including the area proposed after leaving sufficient extent of lands for grazing and for obtaining fuel and agricultural implements, etc., required for them.	...	I agree to the proposal of the Forest Settlement Officer.	Survey No. 51 is proposed to be taken over for the Thavarehalli block. The village people protest on the ground of insufficiency of grazing ground. On similar consideration all that part of No. 100 of Hechi south of the bond in the border between Hechi and Thandagi to the east of No. 101 was left for their village. All part of 51 of Thandagi lying to the east of the above area will be left for Thandagi village. The boundary runs from the point on the common boundary to the south-west corner of assessed waste 52 and skirting its southern face along the line to the north-west corner of 45 to a point 5 chains from it. From here it goes 5 chains south-west to south-west corner of 54 and skirting the cultivation Nos. 54 and 55 with a cultivation margin of 5 chains all round goes on the western face of occupied of Khan No. 58, 5 chains from the northern corner of 56. No rights of way. Jungle wood for agricultural implements and thorns for fences will be given free on permits from the Forest Department. Survey No. 53 will be treated as an enclosure with a chain margin all round. Access will be from gomai 51, across assessed waste 52 whose assessment may be written off.	

No. R. 8589-92—Ft. 147-20-2, DATED 2ND FEBRUARY 1921.

B.—Register of claims to lands, rights to forest produce or easements in the proposed Thavarehalli Block State Forest.

Serial No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of Final Appeal and settlement
1	2	3	4	5	6	7	8
3	Chennabasappa, Patel of Jambehalli on behalf of the villagers	24-2-20	Stating that they have the only kharab Survey No 28 which has been taken for the forest and pray for its exclusion from the block.		The proposal of the Forest Settlement Officer amply meets the requirements of the villagers while preserving the "Jungle" belt for the block. Hence I agree	It is proposed to take kharab No. 46 and kharab No. 28 to the Thavarehalli block. The Patel of Jambehalli on behalf of the villagers protested against this on the ground that it will deprive the villagers of all grazing and cause much inconvenience to the western block of cultivation, round which all Survey No. 23 skirts. They asked for sufficient grazing for their benefit I decide to take over only the part of the No. 28 to the west of the road leading to Khanthahalli up to the frontier line between 28 and 46, the necessary cultivation margin will be allowed for all the numbers and out of 16 the bit south of the line joining a point 5 chains South of the southern bend between three and two with the bend bounds on the frontier between Jambehalli and Thavarehalli to the west of the track leading from Devarehalli to Sorab. The village will get free wood for agricultural implements and thorns for fences on permits from the Forest Department. The kharab Nos. 29, 30 and 31 may be converted into gomal and the assessment of assessed waste 27 included in the reserve written off. All rights of way shown in the village map are conceded.	
4	Tirukappa, Shanbhog of Gunjanur on behalf of raiyats	24-2-20	Represents that Survey No 50 may be exclusively left to the villagers as it will cause inconvenience for grazing cattle and also gomal numbers situated to the west of the village are liable to be submerged by the Varada River		I agree to the proposal of the Forest Settlement Officer.	Survey No. 50 of this village is proposed to be taken over to the Thavarehalli block. Gunjanur Shanbhog Gurnur on behalf of his raiyats urged for this number being left for the village cattle as the other gomal numbers are liable to be submerged by the Varada River. To give a satisfactory working line for the block and to provide sufficient grazing area for the village cattle, I slice off the number by a line joining the north west corner of assessed waste No. 48 of Hechi with a point on the northern face of the No. 50 of this village about 4 chains east of the corner of Survey No. 26. The rights of way will be allowed as also cultivation margin No. 49 will be treated as an enclosure with one chain margin all round. Access to it will be by the cart track leading to Sorab at the junction point of this number and kharab 47. The assessment of assessed waste No. 48 may be written off. It is unaccountable how this was proposed as Thavarehalli block as the village of Thavarehalli does not give even a single acre for its formation. I would propose the name of Jambehalli block as this village gives the largest area to the block.	

T. CHOKKANNA,

Forest Settlement Officer in Mysore, Bangalore

Excise Revenue.**No. R. 9322-3—Ex. 58-20-4, DATED 23RD FEBRUARY 1921.****PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.****GENERAL AND REVENUE DEPARTMENTS****READ—**

Letter No. Dt. 176-20, dated 15th October 1920, from the Excise Commissioner, forwarding the records relating to the claim of the inamdar of Mudalodu, Goribidnur Taluk, (the Uttaradi Matt) to the Excise revenue from toddy with his opinion thereon.

Order No. R. 9322-3 —Ex. 58-20-4, dated 23rd February 1921

The Sannad concedes "Sendi" or Excise Revenue from toddy to the inamdar. The original Sannad has not, however, been produced; nor an authenticated copy of it. But a Nirup of Government, granted during the time of the British Commission, has been obtained and referred to and this concedes the revenue to the inamdar. At the Inam Settlement the excise revenue was reserved to Government, although the Settlement Register admitted enjoyment of the revenue by the inamdar at the time of the settlement. Other documentary evidence is also adduced in support of enjoyment of the revenue by the inamdar. Government are therefore pleased to recognize the claim of the inamdar to the excise revenue of the village.

2. It is reported that there is a toddy shop in the inam village and that there are date groves also in it. Payment of excise revenue to the inamdar will therefore be regulated by Rules 2, 3, 5, 6, 7, and 9 of the Rules 1901.

Correspondence ending with letter No. H. C. 81, dated 26th January 1921, from the Commissioner of Income-tax in Mysore, forwarding certain forms of registers introduced into the income-tax offices in the State and submitting for approval certain forms of returns to be submitted to Government by the Commissioner of Income-tax and by the Collector to the Commissioner.

Order No. R. 9239-47—I. T. 22-20-3, dated 21st February 1921.

The registers prescribed for the several income-tax offices in the State numbered 1 to 10 as shown in the accompanying annexure, are approved.

The forms of returns proposed to be submitted to Government by the Commissioner and by Collector to the Commissioner of Income-tax are also approved, with slight modifications as shown against them in the annexure.

The Quarterly Business statement is prescribed for the first two years only whereafter it will be incorporated in the general business return of the Sub-Division Officers.

B. RAMASWAMAIYA

Secretary to Government, Revenue Department.

To—The Commissioner of Income-tax in Mysore with reference to correspondence ending with his letter No. 81, dated 21st January 1921.

The Deputy Commissioners of Districts.

Exd.—C. R.

No. R. 9239-47—I. T. 22-20-3, DATED 21ST FEBRUARY 1921.

ANNEXTURE A.

Registers I to 10 for all the Income-tax Offices in the State.

REGISTER I

Register of notices to send returns of Income and to produce accounts under Regulation VI of 1920.

Serial No.	Name	Address	Notice to send return of income		Date of receipt of return of income	Notice to produce accounts		Assessment finally fixed	Demand notice under Section 59		Remarks
			Date of issue	Date of service		Date of issue	Date of service		No.	Date

ANNEXURE B.

(i)—Returns to be submitted to Government by the Commissioner of Income-tax.

Name of return	For what period	When due	Remarks
I. Return containing the number and classification of persons assessed to Income-tax under Section 18 Preliminary.	Annually	15th September	As the Regulation was introduced during the current year, return No. I only shall be submitted after the close of the year 1920-21, and returns Nos II and III should be submitted from the succeeding year
II. Return containing the number and classification of persons assessed to Income-tax under Section 18 Final, after adjustments under Section 19.	Do ...	Do ...	
II. Returns relating to refunds under Section 37.	Do ...	Do ...	..
V. Return relating to Demand, Collection and Balance of Income-tax	Quarterly	End of the month following the quarter to which it relates.	.

(ii)—Returns to be submitted to the Commissioner of Income-tax by the Collector.

I. Of the above statement ..	Annually ...	15th August
II. Do	Do ...	Do
II Do	Do ..	Do
V. Return relating to Demand, Collection and Balance of Income-tax	Monthly ..	15th of the month following the month to which it relates
V. Business statements ..	Quarterly ...	Sub-Divisional Collectors should submit to the Deputy Commissioner concerned a statement of business done by them during the quarter before the 15th of the month following the quarter; the latter in turn should review these statements and send them, with a copy of his review and the business return of his own office before the end of the month following the quarter, to the Commissioner of Income-tax who will in turn review the work done by the District Collectors and Special Income-tax Collector for Bangalore and Mysore Cities (the latter submitting his return before the due date to the Commissioner) and send copies of his review to the officers concerned for necessary action.
		The quarterly business statement is prescribed for the first two years. Thereafter it will be incorporated with the general business return of the Sub-Division Officers.

No. R. 9230-47—I. T. 22-20-3, DATED 21ST FEBRUARY 1921.

Income-tax.]

RETURN No. I.

[Due to the Commissioner, 15th August]

[Due to the Government, 15th September] (annually)

Number and classification of persons assessed to income-tax in the year 1921-22 under Section 18 of the Income-tax Regulation, VI of 1920—*Preliminary.*

NOTE 1—The classification in column 2 will be based on the assessee's total income as determined by the Collector under Section 18 of the Regulation subject to such modification as any order passed on petition or review under Section 22 or 23 of the Regulation may require.

NOTE 2.—An estimate of the tax on salary and interest on securities should be included in this return by applying to assessee's income from these sources in the previous year the rate of tax found applicable by the Collector in his assessments under Section 1 but deductions at the source from dividends of companies should not be included in the Return—*vide* example below. Refunds including refunds of the tax on dividends of companies, made in the year on account of the assessments of the year, should be deducted from the figures.

EXAMPLE.

In his Return for 1921-22 under Section 17(2) of the Regulation A shows the following sums as deducted at the source from his income in 1920-21:—

(1) Rs. 93-12-0 on salary of Rs. 6,000 at the 3 pie rate

(2) Rs. 18-12-0 from interest amounting to Rs. 1,200 originally liable at the 1 anna rate but charged at the 3 pie rate under the refund rules.

(3) Rs. 50 on dividends of Rs. 800 at the 1 anna rate.

A's total income is Rs. 12,000 chargeable at the $1\frac{1}{2}$ pie rate. For the purpose of this return Rs. 168-12-0 will be added to the sum assessed on A by the Collector in 1921-22 according to the following detail:—

(1) On salary of Rs. 6,000 at $4\frac{1}{2}$ pies Rs. 140 10 0

(2) On interest of Rs. 1,200 at $4\frac{1}{2}$ pies " 28 2 0

Total ... Rs. 168 12 0

The refund at the rate of 3 pies admissible on the dividend for Rs. 800 is not taken into account as it is not a refund made in the year on account of the assessment of the year.

RETURN No. II.

[Due to the Commissioner on the 15th August.]

[Due to the Government on the 15th September.] (annually)

Number and classification of persons assessed to Income-tax in the year 192 -192 , Final, after adjustments under section 19 of the Regulation have been completed.

NOTE.—This return will show the correct number, classification and assessment of assesses in the previous year, after all adjustment under section 19 of the Regulation have been finally carried out. The figures of collections in columns 4 and 8 will show the actual amounts by which the income of an assessee (whether an individual or a firm) from all sources *except dividend of companies* in the previous year has been reduced on account of the tax, and account should be taken of all refunds on account of the assessments made in the previous year including refunds of the tax on dividends of companies. The figure in column 6 should similarly include the amount of tax paid by companies on interest on securities less any refunds obtained thereon.

READ—

Para 6 of the Government Order No. 800-10—L. B. 12-15-1, dated the 26th July 1915, directing, among other things, that a quarterly report on the progress of well works should be submitted to Government by the Presidents of the District Boards.

2. The following communications from the Presidents of the District Boards submitting statements showing the progress of work in the construction of drinking water wells in their districts during the quarter ended 30th September 1920:—

1. Letter No. C. Per. 142, dated 3rd November 1920, from the President, District Board, Bangalore.
2. Letter No. P. R. 7-2—L. B., dated 10th November 1920, from the President, District Board, Kolar.
3. Letter No. P. R. 14-1—L. B., dated 16th November 1920, from the President, Shimoga.
4. Letter No. L. B. Per. 5-3, dated 30th October—6th November 1920, from the President, District Board, Tumkur.
5. Letter No. C. 374—L. F., dated 29th November 1920, from the President, District Board, Hassan.
6. Letter No. 329—L. B., dated 29th November 1920—1st December 1920, from the President, District Board, Mysore.
7. Letter No. C. Per. 1-1, dated 29th November 1920, from the President, District Board, Kolar.
8. Letter Nos. Per. 8-1 and 9-1—L. F., dated 23rd November 1920, from the President, District Board, Chitaldrug.

Order No. R. 8644-53—L. B. 50-20-14, dated 4th February 1921

Recorded.

2. Government are pleased to direct that in future only half-yearly progress reports be submitted, the next report being for the half-year ending 31st December 1920.

3. Each half-yearly report should be submitted before the end of the succeeding month.

**PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.**

GENERAL AND REVENUE DEPARTMENTS

READ—

The Review on the Administration Reports of the Minor Municipal Councils in the Chitaldrug District for the year 1919-20, received with the Deputy Commissioner's letter No. D. Dis. ML. 44—20-21, dated 30th November 1920.

Order No. R. 8725-8—ML. 116-20-15, dated 8th February 1921.

I. Constitution.—The number of Minor Municipal Councils in the District was 9 all of them except that of Molakalmuru having non-official Vice-Presidents.

II. Meeting and attendance.—The prescribed number of 12 meetings were held in all the Municipalities except in that of Naikanhatti. The average strength of each Municipal Council was 11 with an average attendance of 7·31.

III. Taxation.—No fresh taxes were imposed nor were any of the existing ones abolished in any of the Municipalities, except in those of Naikanhatti and Mayakonda, where octroi on piece-goods and cart-tax, respectively, were newly introduced during the year.

The incidence of taxation per head of population ranged from Re. 0-6-4 in the Mayakonda Municipality to Re. 0-15-0 in the Holalkere Municipality.

IV. Financial position.—The opening balance at the beginning of the year was Rs. 44,886, the total income and expenditure respectively being Rs. 47,148 and Rs. 30,021 against Rs. 26,308 and Rs. 24,802 of the previous year. The increase under receipts in some of the Municipalities is stated to be due to the sale of building sites and better collection under octroi.

V. Demand, collection and balance.—The total demand including arrears under all heads during the year was Rs. 46,824 (arrears 8,059, current 38,765). Of this, the collection including a remission of Rs. 2,185 amounted to Rs. 40,005, leaving a balance of Rs. 6,819 (arrears of 3818, current 3,001). The collection work was fairly satisfactory leaving only a small percentage of 14·56 uncollected.

VI. Public works executed by the Civil Department.—According to statement XXI the total budget grant for the year under this head was Rs. 10,021 and the outlay incurred was only Rs. 7,144; this figure according to statement VIII amounts to Rs. 6,952; and this difference has not been explained. It is observed that the budget grant of Rs. 300 lapsed in the Naikanhatti Municipality, while in Jagalur the major portion of a grant of Rs. 1,771 was likewise allowed to lapse. The recurrence of such discrepancies in the figures and of heavy lapses in the budget grants should be avoided in future.

VII. Public health.—According to statement XVI, the number of births and deaths recorded in the year was 641 and 383 against 510 and 2,578 for the previous year. It is satisfactory to note that the mortality during the year was low since the public health was good throughout except in the Municipality of Malebennur, where plague prevailed in a mild form.

VIII. Water-supply.—It is noted that the management of the Hiriyr water-supply was taken over by the Municipal Council from the Public Works Department during the year. Government have also recently sanctioned the water-supply scheme of Molakalmuru in their Order No. R. 6668-70—ML. 71-1910-19, dated 4th December 1920. Proposals by means of pipes referred to in the Deputy Commissioner's review may be sent up to Government early.

IX. Vaccination.—The total number of persons vaccinated during the year was 1,048 against 597 of the previous year, showing good progress in vaccination work. But it is observed that the percentage of successful vaccinations for primary vaccination was only 79·11 against 84·1 of the previous year. The figures for re-vaccination have not been furnished by the three Municipalities of Jagalur, Hosdurga and

No. R.8725-8—ML. 116-20-15, DATED 8TH FEBRUARY 1921.

Holalkere. Compulsory vaccination was in force in only 6 of the Municipalities as the same was introduced into the Municipalities of Mayakonda and Naikanhatti only at the close of the year and has yet to be introduced into the Municipality of Malebennur. Early steps should, therefore, be taken by the Municipal Council of Malebennur to send proposals in this connection for sanction of Government.

X. Audit of accounts.—It is observed that the Municipalities of Hiriyur and Molakalmuru failed to furnish information on this point though it is reported that half-yearly audit was undertaken by the Local Audit Department of the Comptroller's office in the other Municipalities. The attention of the first two Municipalities should be drawn to this omission.

XI. General.—It is unsatisfactory to note that the statistics furnished in the Deputy Commissioner's reviews against the several items forming the subjects of this consolidated review, are very meagre and that some of the statements relating thereto have been prepared in a perfunctory manner. The Deputy Commissioner is requested to furnish all the full (statistical and other) particulars in his future reviews by getting the correct information in all the necessary points in time for his scrutiny.

Government are glad to note that the non-official members are reported to have evinced great interest in their work as Municipal Councillors.

B. RAMASWAMIYA,

Secretary to Government, Revenue Department.

Administration Report.

No. R. 8962-6—ML. 116-20-17, DATED 12th FEBRUARY 1921.

**PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAJARAJA OF MYSORE.**

GENERAL AND REVENUE DEPARTMENTS.

READ—

Administration Report of the Mysore City Improvement Trust Board for the year 1919-20, received with the Chairman's letter No. 59-8-16, C & O of 1920-21, dated the 12th October 1920.

2. Accounts of the Board received with Comptroller's letters Nos. W. A. D. I. 427 and 776, dated 30th September 1920 and 16th December 1920, respectively.

Order No. 8962-6—ML. 116-20-17, dated 12th February 1921.

There was no material change in the constitution of the Board and Rajasabha-bhushana Dewan Bhadr Mr. C. Srikantesvara Aiyar, President of the Mysore City Municipal Council, continued as its Chairman throughout the year and the Board held 11 meetings during the period.

2. *Finance.*—On account of financial stringency, Government could not allot a grant of rupees four and half lakhs as resolved in their Order No. 5905-10—ML. 95-17-5, dated 20th April 1918. At first a grant of rupees three and half lakhs was allotted for expenditure and it was supplemented by an additional grant of half a lakh of rupees for meeting heavy charges which had to be incurred on account of the Viceregal Visit and which could not be postponed till after the close of the year. The total receipts and expenditure according to the final accounts furnished by the Comptroller amounted to Rs. 513,341 and Rs. 528,305 respectively during the year. Of the expenditure, Rs. 2,91,285 was spent on acquisition and demolition of properties, Rs. 1,88,499 on construction of drainage and other sanitary works, Rs. 35,215 on establishments and the remainder on other items.

3. *Acquisition of properties and formation of extensions.*—The major portion of the expenditure on acquisition was spent on account of the properties taken up in the front area. At the end of the year, 2,026 declared properties remained over for acquisition and the limited allotment for expenditure accounts for the large number of properties pending acquisition.

Only 107 sites were made available and 70 disposed of during the year. A sum of Rs. 8,703 was spent on the Chamundi extension and Rs. 26,170 on the Narasimharaja Mohalla Extension. For the lay out of the Vontikoppal Extension and for housing the poor, the Municipal Council have resolved to co-operate with the Trust Board by raising a loan in the open market. Detailed proposals are reported to be under consideration and their submission should be expedited.

4. *Construction works.*—Thirty-Three incomplete works of the previous years and 23 new works were in progress and of these the construction of the New Municipal Offices and the laying of underground sewage pipes in the several parts of the City were the more important.

As the sewage works already constructed were reported to be defective in practical working, a Committee has been appointed to inspect the works and suggest remedial measures. The report of the Committee is overdue and it should be expedited.

5. *Loans for House building.*—No loans were newly sanctioned during the year. Instalments amounting to Rs. 21,123 fell due during the year and out of a total demand of Rs. 48,092 including overdue instalments only a sum of Rs. 17,418 was collected. The arrears rose from Rs. 26,969 to Rs. 30,674. The collection work was thus lax. Strenuous efforts should be made to promptly collect all the arrears.

6. The thanks of Government are due to the Trustees for their labours during the year.

B. RAMASWAMAIIYA,

**Holding of a Local Self-Government
Conference.**

No. R. 9418-37—ML. 180-20-2, DATED 24TH FEBRUARY 1921.

**PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.**

GENERAL AND REVENUE DEPARTMENTS

READ—

Government Order No. 6624-74—ML. 195-14-2, dated 25th February 1915, ordering the holding of a Local Boards and Municipal Conference at Mysore during the Birthday festivities of His Highness the Maharaja in June 1915.

2. The marginally noted subject No. 908 moved at the Representative Assembly

Holding of a Local Self-Govern. sittings in October 1920.
ment Conference once in two years

3. The marginally noted resolution moved by Mr. M. Ramachandra Rao, Member,

That this Council recommends to Government that a proposal be sent to all the Municipal Councils in the State that Municipal Conferences of Presidents, Vice Presidents and Representative Councillors of all the Municipalities throughout the State may be held for the purpose of further stimulating a high sense of civic responsibility among the people, for infusing into them a whole-some spirit of emulation in good Municipal work and for quickening the pace of progress in the development of Local Self-Government as contemplated in the Local Self-Government Scheme of 1916, and that Government be pleased to offer all reasonable facilities for holding such conferences.

Legislative Council, at the meeting of the said Council on 22nd November 1920, in the matter of holding a Local Self-Government Conference.

Order No. R. 9418-37—ML. 180-20-2; dated 24th February 1921.

Government observe that, in 1915, when the first Local Self-Government Conference was held at Mysore in accordance with the Government Order read above, the initiative was taken by the local bodies and municipalities themselves, and that it is also desirable that further action now is taken by these local bodies themselves. If a Conference is held and the Bangalore City Municipal Council takes all the necessary action in the matter as the Mysore City Municipal Council did in 1915, Government will, on a specific reference being made, render such assistance as may be necessary to make the Conference a success.

B. RAMASWAMIYA,
Secy. to Govt., Revenue Dept.

To—The Presidents of Bangalore and Mysore City Municipal Councils.

The Deputy Commissioners of Districts for communication to the Presidents of Town Municipal Councils.

The Presidents of District Boards.

The Chairman, Bangalore City Improvement Committee.

The Chairman, Mysore City Improvement Trust Board.

Public Libraries of Bangalore and
Mysore.

No. G. 7220-2—Edn. 64-20-89, DATED 4TH FEBRUARY 1921.

**PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.****GENERAL AND REVENUE DEPARTMENTS.****READ—**

Government Order No. 2789-91—Edn. 12-19-136, dated 11th September 1920, passing orders in the matter of the registration of the Public Libraries of Bangalore and Mysore under the Mysore Societies Registration Regulation III of 1904, and directing the Comptroller among other matters to submit proposals for the procedure to be followed in the payment of bills relating to and for providing for the audit of the two Libraries.

2 Letter No. T. A. D. C. 535, dated 22nd December 1920, from the Comptroller to Government recommending the procedure to be adopted in the matter.

Order No. 7220-2—Edn. 64-20-89, dated 4th February 1921.

Government have considered the proposals and are pleased to direct as follows:—

As already stated in para 3 of the Government Order read above the financial assistance to these libraries will take the form of grants-in-aid, the grant due being provided under grant-in-aid in the Education budget for each year, under a separate heading.

2. The amount of the grant will be drawn by the libraries once in a quarter on bills signed by the respective Presidents of the Libraries and countersigned by the Inspector-General of Education. No other bills of the Libraries will be audited by the Comptroller's office.

3. The Libraries will open personal deposit accounts with the Government treasuries or with the Bank of Mysore as may be found convenient to them and all the receipts of the libraries including subscriptions from members grant-in-aid from Government will be credited to this account.

4. The rules relating to the registration of the libraries provide for an audit of their accounts by the Sub-Committee to be constituted thereunder. Whenever an outside audit is found to be necessary this may be got done by the local audit staff of the Comptroller's office the cost of the audit being borne by the Library concerned.

5. It is understood that a set of account rules and forms has been sent for use in the Bangalore Library. The same set of rules and forms may be used for the Mysore Library also. The Comptroller is requested to send another set early.

K. MATTHAN,

Offg. Sec. to Govt. Depts. of Edn. & Agri.

To—The Officer in charge of the Public Libraries of Bangalore and Mysore,
The Comptroller to the Government of Mysore.

Travelling Allowance to Scholarship-holders.

No. 7212-14—Edn. 292-20-4, DATED 4TH FEBRUARY 1921.

**PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.**

GENERAL AND REVENUE DEPARTMENTS.

Read—

Paragraph 3 of Government Order No. 6212-4—Edn. 140-14-4, dated the 27th April 1916, stating that Unani scholarship-holders studying in the Tibbia College at Delhi will be allowed a single 3rd class railway fare to and from Delhi once a year.

2. Government Order No. 4749-50—Edn. 177-19-2, dated 5th December 1919, directing that all lady candidates to whom Medical scholarships are sanctioned may be allowed travelling expenses at the rate of an intermediate class fare or a second class fare for portions of journey for which there is no intermediate class.

3. Government Order No. 5006-7—Edn. 292-20-2, dated the 30th November 1920, directing that Medical Graduates and Unani Hakims or Ayurvedic Pandits, who are granted scholarships for the study of Ayurvedic or Unani Medicine and Western Medicine respectively may be allowed a single intermediate class fare and where there is no intermediate class a single second class railway fare.

4. Letter No. C. 3809, dated the 25th December 1920, from the Inspector-General of Education in Mysore, enquiring whether the travelling allowances sanctioned in the Government Order, dated the 30th November 1920, read above should be granted only once a year as in the case of scholars at the Tibbia and Lady Hardinge Medical College, Delhi.

Order No. 7212-14—Edn. 292-20-4, dated 4th February 1921.

Government consider that whenever travelling expenses are sanctioned to Government scholars in addition to the amount of scholarship, such expenses should be only for the initial journey to join the course and the final journey back after completion of course.

The Government Orders of 27th April 1916 and 5th December 1919 will be modified accordingly.

K. NATHAN,

Offg. Secy. to Govt., Depts. of Edn. & Agri.

Compensation to Aided Vernacular Schools.

No. 7185-6—Edn. 1-20-26, DATED 3RD FEBRUARY 1921.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. 6634-5—Edn. 357-19-1, dated 23rd January 1920, directing the abolition of fees in Government Middle Schools with effect from 1st July 1920.

2. Government Order No. 11403-4—Edn. 440-19-1, dated 7th June 1920, directing that such of the aided agencies as do not levy fees in the middle school classes may be given increased grants to compensate them for loss of fee income.

3. Government Order No. 1794-5—Edn. 1-20-9, dated 16th August 1920, laying down certain principles on which grants to Aided A.-V. Schools may be revised provisionally in view of the abolition of fees therein.

4. Letter No. H. C. 554 of 1919-20, dated 30th August 1920, from the Inspector-General of Education, enquiring whether the principles for the provisional revision of grants laid down in Government Order dated 16th August 1920, read above, apply to the purely vernacular schools also.

5. Correspondence ending with letter No. H. C. 554, dated 20th November 1920, from the same officer on the subject.

Order No. 7185-6—Edn. 1-20-6, dated 3rd February 1921.

Government are pleased to direct that pending further orders the principles laid down in Government Order dated 16th August 1920, may be applied in the case of purely Vernacular Aided Schools also. The total cost of compensation on account of abolition of fees in Aided Vernacular Schools which is estimated at Rs. 2,730 per annum or Rs. 227-8-0 per mensem as per details appended, will be met from the provision in the budget for 'additional grants.'

K. MATTHAN,

Offg. Secy. to Govt., Depts. of Edn. & Agri.

To—The Inspector-General of Education in Mysore.

The Comptroller, Mysore Government, through Financial Sectt.

**Rates of Remuneration to Examiners
in the Local Examinations.**

No. 7155-6—Edn. 163-20-11, DATED 3RD FEBRUARY 1921.

**PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.**

GENERAL AND REVENUE DEPARTMENTS.

READ—

Paragraph 2 of Government Order No. 3281-2—Edn. 163-20-9, dated 8th December 1920, stating that separate orders will issue regarding the revision of the present rates of remuneration in respect of the Examiners in the Local Examinations.

Order No. 7155-6—Edn. 163-20-11, dated 3rd February 1921.

At present remuneration to Examiners is fixed in a lump sum once in three years the amount being fixed on the average receipts for the preceding three years. The Inspector-General of Education reports that this practice works unfairly in the case of several Examiners and suggests the adoption of the individual rates for each paper in each subject in the case of these examinations as in the case of the S. S. L. C. Examination. The rates proposed by the Inspector-General of Education and concurred in by the Local Examinations Board are approved and appended to this order. The revised rates will have effect from the examinations in 1921 and onwards. The amount required to meet the expenditure will be provided in future budgets.

K. MATTHAN,

Agencies for the Sale of Government Publications.

No. 7147-9—EDN. 13-20-8, DATED 2ND FEBRUARY 1921.

**PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.**

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. 232, dated 6th August 1920, from the President, Chamber of Commerce, Mysore, bringing to notice certain inconveniences caused to the book-sellers in Bangalore consequent on the recent orders on the reorganization of the Government Central Book Depot and submitting certain proposals for consideration.

2. Correspondence ending with letter No. C. C. 138 of 20-21. dated 13th September 1920, from the Inspector-General of Education reporting on the several points referred to in the letter read above.

Order No. 7147-9—Edn. 13-20-8, dated 2nd February 1921.

The proposals of the Chamber of Commerce are:—

(i) that all the existing old bookselling firms be allowed to become agents of the Department for the sale of departmental publications on the same conditions as to furnishing security deposits, etc., as are given to recognised agents;

(ii) that in case it is considered necessary to relieve the Central Book Depot dealing with a large number of firms, the agencies proposed to be instituted should be required to sell only to *bona fide* booksellers allowing them the usual discount and not to individuals.

(iii) To enable the booksellers to stock all Government books Commission may be allowed on all Government publications.

(iv) The inconvenience complained of against the requirement of paying moneys to a Government Treasury may be minimised by ordering payment to the Mysore Bank to the credit of the Curator of the Depot.

The Inspector-General of Education reports that, under the terms of the notification calling for applications for agencies for the sale of publications of the Education Department, it is open to all the firms to apply for the agency and that each case would be considered on its merits. He is of opinion that it is not desirable to adopt the second proposal of the chamber as the scheme would become impossible in view of the low rate of profit that would be left to the agents themselves and as it would further tend to set up a large number of agencies over whom the Department cannot exercise any control. As regards the suggestion to permit payments being made in the Mysore Bank to the credit of the Curator of the Depot, the Inspector-General considers that the responsibility of the department would still continue and a separate Bank Account would have to be opened. Government consider that any one who is prepared to make the deposit and enter into the necessary agreement may be treated as a recognised agent for the sale of publications of the Education Department. The proposal of the Chamber of Commerce that permission may be given to make payments to the Mysore Bank to the credit of the Curator, Government Book Depot, is also approved. Subject to these modifications, Government are in general agreement with the views of the Inspector-General.

As regards the proposal of the Chamber to allow commission on all Government publications, the Inspector-General of Education is of opinion that it would suffice for the present if the agency for the sale of Government publications other than those of the Education Department be restricted to booksellers on the approved list published with Government Order No. Fl. 3238-87—G. F. 10-17-74, dated 4th January 1918, and supplements thereto. Government approve of the suggestion of the Inspector-General and direct that the booksellers in Mysore on the approved list may be entrusted with the sale of all such Government publications as have been published since March 1918 and as will be published in future, the commission payable to them being fixed at 15 per cent of the published prices as in the case of publications of the Education Department.

K. MATTHAN,

Offg. Secy. to Govt., Depts. of Edn. & Agri.

To—The Inspector-General of Education in Mysore.

The Comptroller to the Government of Mysore.

The President, Chamber of Commerce.

PRESS TABLE.

Exd.—c. n.

No. 8086-9—Edn. 45-19-55, DATED 25TH FEBRUARY 1921.

**PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.**

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. 11758, dated the 3rd June 1920, from the Registrar, Mysore University, requesting sanction to Messrs. M. Hiriyanna, M. A., L. T., and B. M. Srikantiah, M. A., B. L., accepting an honorarium of Rs. 100 each for having served on the Committee of Judges appointed for judging the merits of certain Kannada works received in response to the notice published by the University.

2. Correspondence ending with letter No. 2203, dated the 21st August 1920, from the same Officer on the subject.

Order No. 8086-9—Edn. 45-19-55, dated 25th February 1921.

Sanctioned.

2. In this connection Government apprehend that there is a certain amount of overlapping of functions among the several bodies in the State which are concerned in the publication of original works in Kannada. The work of publication is at present undertaken by the Education Department, the Board of Education of the Economic Development Board and the Publication Bureau of the University. With a view to avoid the overlapping of functions among these three agencies, Government are pleased to lay down the following rules to define the scope of functions of the three agencies. The Education Department with the aid of the Text Book Committee will confine itself to the publication of the text-books for schools according to the curricula prescribed by the Department. The Board of Education will interest itself in the publication of books of general knowledge of modern interest to the bulk of the people other than text-books intended for use in schools. Whenever the Board proposes to prepare books for the use of schools it should consult the Department of Education and proceed with the preparation and publication of books with the concurrence of the Department of Education regarding the lines on which the books are prepared. The scope of the Publication Bureau of the University should be limited to advanced treatises and works of higher study and also to the preparation of books suitable for the University grades of Education.

3. With a view to further co-ordinate the activities of these bodies, Government are also pleased to direct that each of the three bodies referred to above should submit for the information of Government before the 15th January of each year the programme of publication to be undertaken during the succeeding academic year to facilitate due provision being made in the budget for working out the programme.

4. The three bodies referred to above are requested to submit separate proposals for fixing rates of remuneration to be paid for judging the merits of the works.

K. MATTHAN,

Offg. Secy. to Govt., Depts. of Edn. & Agri.

THE MAHARAJA OF MYSORE.**

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. 8854-63—Agri. 27-16-11, dated the 27th February 1918, sanctioning among other matters the appointment of an Assistant Superintendent on a pay of Rs. 150—10—200, with territorial jurisdiction over the Shimoga, Kadur and Chitaldrug Districts, to exercise the duties of the Superintendent in this area.

2. Government Order No. R. 13584-5—R. M. 22-19-14, dated the 22nd June 1920, sanctioning the revision of the scale of pay of the Veterinary Inspectors and Assistant Veterinary Inspectors in the Mysore Civil Veterinary Department.

3. Letter No. 1952—V. D., dated 10th September 1920, from the Director of Agriculture submitting, for sanction, certain proposals to abolish the post of the Assistant Superintendent referred to in the first of the orders read above and to create to Divisions for the whole State with Headquarters one at Shimoga and the other at Bangalore with a senior Inspector in charge of each, and also to appoint two Inspectors for the charge of the Hospitals in Bangalore and Mysore under the immediate supervision of the Superintendent, Civil Veterinary Department.

Order No. 7255-6—A. & E. 80-20-15, dated 5th February 1921.

The proposals of the Director of Agriculture involve the following changes:—

Present scale	Pay	Proposed scale	Pay
1 Assistant Superintendent	150-10-200	2 Division Inspectors	150-10-200
1 Veterinary Inspector, 1st grade	110-4-180	2 Veterinary Inspectors for the charge of the Hospitals in Bangalore and Mysore	120-10-140
3 Do 2nd grade	100-2-110	2 Clerks for Division Inspectors	2 (30)
Clerks for Veterinary Inspectors	4 (15)	2 Peons for each Division Inspector	4 (7)
Peons for Veterinary Inspectors	4 (7)		

Government are pleased to accord their sanction to the above proposals.

**Scholarships in the Central
Sericultural School.**

No. 7636-7—A. & E. 152-20-4, DATED 15TH FEBRUARY 1921.

**PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.**

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. 1014-5—A. & E. 199-19-3, dated 26th July 1920, sanctioning certain proposals for the revision of scholarships in the Central Sericultural School and in the Taluk Popular Schools.

2. Government Order No. 3264-77—A. & E. 57-18-15, dated 28th September 1920, sanctioning the reorganisation of the Sericultural Department and calling for the submission of proposals for utilising the Sericultural Training Institute at Mysore, more largely in future in training persons likely to adopt sericulture as their principal occupation.

3. Correspondence ending with letter No. 5362—C. 274-5 of 20-21, dated 14th January 1921, from the Director of Agriculture recommending sanction to the following among other proposals of the Superintendent of Sericulture.

(1) Scholarships sanctioned in the order of 26th July 1920, referred to above for the Sericultural Training Institute, at Mysore, to be revised as under :—

Existing Scale.

Proposed Scale.

Two scholarships of Rs. 25 each for 18 months.	Three scholarships of Rs. 50 each for 18 months.
Eight scholarships of Rs. 15 each for 18 months.	Four scholarships of Rs. 15 each for 18 months.
Fifteen scholarships of Rs. 12 each for 18 months.	Nil.
Twenty Panchama scholarships of Rs. 3 each for 6 months.	Twenty Panchama scholarships of Rs. 4 each for 6 months.

(2) The sericultural staff consisting of 1 Probationer, 1 Senior Inspector, 22 Inspectors and 35 operatives to be trained under the Expert in batches of ten at a time for terms of six months each.

Order No. 7636-7—A. & E. 152-20 4, dated 15th February 1921.

Government are pleased to sanction the above proposals with the modification that the first class scholarship be fixed at Rs. 30—5—40, the increment of Rs. 5 being given after completion of six months' training provided the candidates pass a test which may be prescribed at the end of every half-year to judge if they have taken full advantage of the tuition imparted.

The Superintendent of Sericulture has proposed that the 1st class scholars may be treated as Probationers or Apprentices on the same footing as the existing Probationers in the Department. Government desire that no promise of appointment as Probationer should be held out to these scholars. Separate recommendations may be submitted after the scholars have finished their training.

The first class scholarships should be awarded on the results of a preliminary competitive examination and the names of the scholars so selected submitted for the approval of Government.

Dasara Fair.

No. 8060-1—A. & E. 48-20-17, DATED 24TH FEBRUARY 1921.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

READ—

Government Order No. 10106-68—A. & E. 244-19-1, dated 21st April 1920, directing that a Fair on the lines of the Madras Park Fair may be organised at a cost not exceeding Rs. 5,000 in the place of the Annual Dasara Exhibition which was ordered to be held once in three years.

2. Letter No. 1414, dated 28th June 1921, from the Chairman, Dasara Fair Committee, Mysore, submitting a report regarding Dasara Fair held in October 1920.

Order No. 8060-1—A. & E. 48-20-17, dated 24th February 1921.

Recorded.

2. It is reported that the fair was open for eight days and that not less than 50,000 people visited the fair during this period.

3. Exclusive of the Government grant of Rs. 5,000 the receipts of the fair amounted to Rs. 3,075 and the expenditure to about Rs. 7,075.

4. The Government are glad to note that the fair was a great success and that this was due in no small measure to the special efforts of the Fair Committee assisted by the willing co-operation of several official and non-official gentlemen to all of whom the thanks of Government are due.

K. MATTHAN,

Offg. Secy. to Govt., Depts. of Edn. & Agri.

THE MAHARAJA OF MYSORE.**

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. 4527-37—A. & E. 50-18-8, dated 27th November 1918, approving of certain modifications in the rules for the grant of loans for sericultural improvements in Mysore.

2. Government Order No. 2592-604—A. & E. 198-19-4, dated the 9th September 1920, sanctioning the grant of certain concessions for encouraging the starting of private grainages for the supply of disease-free eggs.

3. Government Order No. 3264-77—A. & E. 57-18-15, dated 28th September 1920, sanctioning the reorganisation of the Sericultural Department and calling for a comprehensive scheme embodying detailed proposals for the supply of disease-free eggs by private graineurs.

4. Letter No. 3683—C. 591-2 of 20-21, dated 18th November 1920 from the Director of Agriculture, submitting certain proposals for the organisation and development of private grainages for the supply of disease-free seed.

Order No. 7880-1—A. & E. 145-20-2, dated 19th February 1921.

The Director of Agriculture has at the instance of the Superintendent of Sericulture submitted for sanction the following proposals :—

(1) That a special officer on Rs. 70-10-100 may be appointed for the organisation and inspection of private grainages.

2. That a set of grainage instruments consisting of (a) a cheap but a suitable microscope and (b) a mortar and pestle at a total cost of Rs. 150 may be supplied to each private grainage on the understanding that if the grainage works satisfactorily for a year and if the graineur had in the meantime learnt the use of a microscope the set of instruments should be given to such graineurs at half cost.

3. The loans granted to private graineurs should be free of interest for a period of 5 years interest being levied at 5 per cent after that period.

4. That the Director of Agriculture may be authorised to grant loans up to Rs. 1,000 :—

5. That rearing rooms costing about Rs. 800 may be constructed at Government expense at Nandi, Kempanahalli and Nilsoge and offered at a nominal rent to any competent rearer willing to start a grainage and that in the event of competent people not coming forward the Department may be allowed to arrange for rearing seed cocoons on the profit sharing system.

II. Government are pleased to sanction the 2nd, 4th and 5th proposals specified above.

III. Government are not in favour of sanctioning a special officer as proposed by the Director for the organisation and inspection of private grainages. As the Sericultural Department has recently been reorganised at a large additional expenditure to Government an Officer in the sanctioned cadre may be deputed for this work.

IV. As regards the proposal to grant loans free of interest, the interest fixed at 5 per cent per annum, is itself a concession and Government therefore cannot accord sanction to exempt these loans from interest. The rules laid down in the Government Order No. 4527-37—A. & E. 50-18-8, dated 27th November 1918 will apply in the case of all loans granted to private graineurs. The Director of Agriculture is requested to see that punctual payment of interest and instalment is insisted on annually and that prompt and efficient steps are taken for the recovery of the loan in case of default.

No. 7880-1—A. & E. 145-20-2, DATED 19TH FEBRUARY 1931.

V. In the first instance, private graineurs may be started at 10 important places as suggested by the Superintendent of Sericulture and the results watched. If the results are satisfactory, proposals for starting them at other places may be submitted with a report containing necessary details as to how the scheme has worked.

The expenditure on account of the sanctioned items will be met from the provision of Rs. 10,000 in the current year's budget of the Sericultural Department.

The Director of Agriculture has also recommended that grainages which are in receipt of technical and financial aid and which conform to Government rules framed in this behalf may be granted open recognition and termed 'Aided Industrial Grainages'.

The Director is requested to submit separate detailed recommendations in the matter after consultation with the Japanese Expert.

Government Order No. R. 14-25—R. M. 66-18-2, dated the 1st July 1919, sanctioning certain rules for the grant of leave by Deputy Commissioners and Sub-Division Officers to Veterinary Inspectors and Assistant Inspectors.

2. Government Order No. 2044-55—R. M. 11-19-17, dated the 12th August 1920, directing that the control of the Civil Veterinary Department be transferred from the Revenue Commissioner to the Director of Agriculture.

3. Correspondence ending with letter No. 5344—V. D. of 1920-21, dated the 12th January 1921, from the Director of Agriculture, recommending, for the reasons given in his letter, the transfer of certain powers which are at present being exercised by the Deputy Commissioners in their districts in regard to Assistant Veterinary Inspectors, to the Superintendent, Civil Veterinary Department.

Order No. 7441-51—A & E. 88-20-21, dated 9th February 1921.

The administrative control of the Civil Veterinary Department having been recently transferred to the Agricultural Department, it has become necessary to invest the Superintendent, Civil Veterinary Department, with additional powers and to define the relation of the staff of the Veterinary Department to the Deputy Commissioners of Districts and other Revenue Officers. The Director of Agriculture therefore proposes the following arrangements:—

(1) That the Superintendent, Civil Veterinary Department, be authorised to countersign travelling allowance bills and detailed contingent bills of Veterinary Inspectors, Assistant Inspectors and their establishment and to grant leave.

(2) That with a view to enable the Deputy Commissioners to keep in close touch with the work of the Veterinary Department in their respective districts, they should, as the Heads of the District Administration and Presidents of District Boards, be official visitors of all Veterinary Hospitals and Dispensaries in their districts.

(3) That in order to keep the Deputy Commissioners informed of all veterinary work done in the district, the following returns and reports should be sent to them by the Veterinary Inspectors and Assistant Inspectors at the same time as they are sent to the Superintendent, Civil Veterinary Department:—

- (a) Monthly programme of work of the Veterinary Inspectors and Assistant Inspectors.
- (b) Fortnightly diaries of do do
- (c) Monthly returns from all Veterinary Hospitals and Dispensaries in the district.
- (d) Reports of the outbreak of contagious diseases in the district (arrangements being made to obtain reports of such outbreaks from patels on a form to be prescribed).

The Deputy Commissioners who were consulted in the matter are in general agreement with the Director of Agriculture and the Revenue Commissioner fully supports the Director's proposals. Government are, therefore, pleased to sanction the above proposals of the Director.

No. 7441-51—A. & E. 88-20-21, DATED 9th FEBRUARY 1921.

In cases of urgency, such as the outbreak of epidemic diseases among cattle or other circumstances of a like nature, when there is no time to communicate with the Director, Deputy Commissioners may issue instructions direct to the Veterinary Staff and inform the Director of Agriculture of the same. The Veterinary Staff will be bound to carry out all such instructions.

K. MATTHAN,

Taccavi and other Loans

No. 7170-8—I & C. 269-20-10, DATED 3RD FEBRUARY 1921.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

READ—

The following resolution passed at the Birthday Session of the Economic Conference, 1920—

That a Special Officer may be appointed to grant loans at each District Headquarters with a view to afford facilities to the raiyat in obtaining taccavi and other loans.

2. Letters noted in the margin from the Deputy Commissioners of several

1. No 812 dated 6th October 1920, from the Deputy Commissioner Hassan
2. , 94 20 21—E C 10-10 20, from the Deputy Commissioner, Mysore
3. , D Dis 390—Rev 20 21 dated 20th November 1920, from the Deputy Commissioner Chitaldrug
4. , C 136—20-21 dated 3rd December 1920 from the Deputy Commissioner Bangalore
5. , C C 276—20-21, dated 6th December 1920 from the Deputy Commissioner, Tumkur
6. , B C 49—20 21, dated 14th October 1920, from the Deputy Commissioner, Kadur

Districts (excepting Shimoga and Kolar) forwarding the opinions of the respective District Boards and stating that the appointment of such Special Officer is not necessary.

Order No. 7170-8—I & C. 269-20-10, dated 3rd February 1921. .

The Deputy Commissioners of Districts are of opinion that the appointment of a Special Officer as recommended by the Economic Conference is not necessary and that the present arrangements for the sanctioning and disbursement of loans are quite adequate.

2. Government agree that the appointment of a Special Officer is unnecessary and that no further action on the Resolution of the Conference is therefore called for.

C. S. BALASUNDARAM IYER,

GENERAL AND REVENUE DEPARTMENTS

READ—

Report on the working of the Industries and Commerce Department for the year 1919-20, received with letter No. 4107-319-8, dated 2nd October 1920, from the Director of Industries and Commerce.

Order No. 8106-66—I. & C. 241-20-2, dated 25th February 1921.

Recorded.

1. *Control of the Department.*—There were no material changes in the Departmental staff. Mr. V Rangaswamiengar continued to be the Director. Mr. C. Ranganatha Rao Sahib, having been appointed as Private Secretary to the Dewan, Mr. K. H. Ramayya continued to officiate as Deputy Director of Commerce. The Assistant Director Mr. B. Sitaramachar's services under the Mysore Development Syndicate were further extended by a period of six months and he has since been permitted to become a partner in the said concern and to retire from Government service. The Leather Expert Mr. Raghava Kurup resigned his appointment in October 1919 and it has not been considered immediately necessary to employ another expert in his stead. Mr. S. V. Ramaswami, Sub-Assistant Engineer, was newly recruited to the Department during the year. Mr. Sastry, Industrial Chemist, was deputed to attend the Science Congress at Nagpur and Messrs. K. H. Ramayya and R. Ananthasubramanyam Iyer to the Commercial Congress at Bombay. Mr. V. Ganesh Iyer, who was sent to England for training, having finished his course there, has been permitted to visit important Industrial Centres in France, Switzerland and Germany before his return here.

2. *Important measures passed or contemplated.*—In accordance with Government Order No. Fl. 428-30—G.F. 27-18-90, dated 21st July 1919, sanctioning a scheme for a periodical auditing of the accounts of the concerns under the control of the Department, the new system of maintaining the accounts in the several factories under the management of the Department was introduced from 1st January 1920 and the accounts are being audited by an Expert Accountant from the Comptroller's office.

The Committee appointed to consider the best manner in which the Industrial Investment and Development Funds constituted in accordance with Government Order No. 12445-59—I. & C. 286-18-3, dated 28th June 1919, submitted its report during the year, and this report has been further considered by the Special Committee appointed to examine the position of the Mysore Bank. The subject is under the consideration of Government who will shortly issue orders on the whole question of Industrial Finance.

The question of handing over to private enterprise such of the concerns as have been working successfully during the last two years is engaging the attention of Government. The question of reorganising the Department as a whole to meet the requirements of changed conditions of Industries and Commerce is also under the active consideration of Government.

3. *Industrial concerns under the control of the Department.*—During the year, 1,665 work orders were received in the Workshop of which Central Industrial Workshop. 1,375 were completed. The total sales amounted to Rs. 1,65,825. An entire Rice Mill was manufactured in the workshop and demonstrated during the Dasara Exhibition of 1919 and it is reported to have been sold to a private gentleman who has undertaken to establish a Rice Mill at Challakere. A large stock of iron ploughs manufactured in the workshop and remaining undisposed of has since been ordered by Government to be sold at half price. The designing of a plough suited to local conditions and manufacturing it on a large scale to meet local wants is being considered in consultation with the

No. 8106-66—I. & C. 241-20-2, DATED 25TH FEBRUARY, 1921.

Director of Agriculture, Standardisation of work in the Foundry Section and the manufacture of pipes and water-supply and sanitary fittings are being attempted.

During the year under review, the District Workshop at Shimoga was completed.

District Workshops. The total cost on buildings and machinery, etc., amounted to Rs. 13,923. The work was commenced in April 1919. Seven apprentices are under training in the workshop. The receipts amounted to about Rs. 2,500 and the revenue expenditure to Rs. 4,500. Government have sanctioned the establishment of similar workshops at Tumkur, Kolar and Chitaldrug. Construction work in Tumkur and Kolar are in progress and a site for the workshop at Chitaldrug has been selected.

The glycerine extraction plant ordered from England is ready for shipment and is expected to arrive shortly. A duplicate set of soap making plant and a causticiser manufactured in the workshop were added to the Factory. This has enabled the output of the Factory to be increased. During the year washing and toilet soaps of the value of about Rs. 45,000 and Rs. 68,000, respectively, were manufactured and delivered to the Agent.

Government have observed that sufficient attention is not being paid to the maintenance of sufficient stock of raw materials required for the Factory always on hand and that as a consequence the monthly output is not maintained at a uniform level. It is also necessary to employ some means whereby the proportion of output to a certain quantity of raw materials used may be easily determined. These matters deserve the early attention of the Director.

Some additional machines were purchased for the factory and the whole plant was rearranged and re-erected during the year to economise space as far as possible. Government sanctioned a sum of Rs. 50,000 for the purchase of pressing and punching machines, spinning heads, etc. Work was standardised in the Factory and as a result the annual output which was Rs. 7,250 in October 1919 increased to Rs. 76,500 at the end of June 1920. The total output for the whole year was Rs. 1,05,749. Arrangements for dealing with scrap, referred to during the previous year, were completed during the year under review. The brass foundry is now dealing with about 100 pounds of scrap every day. Attempts are being made to supply the requirements of various Government Departments in the shape of aluminium ware, scientific instruments, locks, etc.

In the course of inspection of the Metal Factory it was found that the system employed for placing finished goods on the market was defective. Government have since passed orders appointing a Sole Agent for the Factory on the recommendation of the Director.

Three hundred and sixty-two looms worked during the year in the Weaving Factory, the monthly average being about 30 looms. The total output amounted to Rs. 58,585-5-0. Power Looms were added to the Factory and are reported to have given encouraging results. A Dyeshed was also added to the Factory and all coloured yarns required for the use of the Factory were dyed locally. In the Hunsur Rug Factory, which was further continued for another term, rugs and blankets of the value of about Rs. 19,000 were manufactured. Simple machines were designed for reeling, winding and twisting silk. The proceeds of looms and loom parts sold during the year amounted to Rs. 24,000. Ten students were trained in the demonstration classes and three of them have taken to weaving on improved methods on their own account. Weaving demonstrations were carried on in the districts with the aid of 11 demonstrators and 455 weavers were trained in working with improved looms.

The accounts regarding the supply of blankets to the Indian Munitions Board were finally adjusted during the year. The transactions have resulted, allowances being made for bad debts, etc., in a profit of nearly Rs. 6,000. The manufacture of a better variety of rugs is being attempted as also of cheap blankets used by the labourers on the coffee estates, etc.

No. 8106-66—1. & C. 241-20-2, DATED 25TH FEBRUARY 1921.

The formation of a separate Art Workshop was sanctioned during the year. The Art Workshop.

The Art Workshop is divided into seven sections, viz.—

- | | |
|----------------------------------|-------------------|
| 1. Sandalwood and Ivory-carving, | 5. Copying work, |
| 2. Ivory-inlaying, | 6. Brush work and |
| 3. Wood-carving, | 7. Rattan work. |
| 4. Instrument section, | |

The workshop employed 92 workmen and 82 boys were under training. The total output during the year amounted to nearly Rs. 34,000. Articles of fine workmanship were manufactured and supplied for the use of the Viceregal Camp. The requirement of educational institutions in respect of scientific instruments, etc., were also complied with.

Sample consignments of articles received for sale in the Depot were sent to England and several orders for local manufacturers were obtained. The sales during the year amounted to Rs. 36,500. The Depot has now been placed on a self-supporting basis.

None of the Mills were working during the year owing to the fact that no sugar-cane was available in the locality, the agriculturists having substituted paddy for sugar-cane on account of the high prices prevailing in the market for that commodity. It is regrettable to find that the attempts of the Department to demonstrate this experiment have not as yet met with any success. The Director is requested to report in what way the present situation might be improved.

Action is being taken to have catalogues of machinery available in the Museum printed as also to demonstrate the working of machines built in the Central Industrial Workshop. Some of the Madras Firms are reported to have placed their machinery for sale in the Museum.

Industries under Investigation.—The work done by the Industrial Geologist has resulted in the locating of several rich kaolin deposits in the vicinity of Bangalore and experimental work carried on with the material available has proved the possibility of establishing a Porcelain Factory in the State. Government have in view the announcement to the public of certain concessions which they are prepared to grant in case of private enterprise coming forward to undertake the starting of the concern. The Industrial Geologist has also found a few deposits of fire clay in the Chitaldrug District and is now engaged in further investigations into deposits of asbestos and corundum.

Certain substantial concessions were granted to the Mysore Development Syndicate for the manufacture of essential oils and they are reported to have made satisfactory progress in the work. The Industrial Chemist carried out qualitative tests in regard to certain essential oils required for perfumery purposes in the Soap Factory. The results of the experiments are awaited.

The proposals of the Director of Industries and Commerce regarding the reorganisation of the two Home Industries Institutes were sanctioned, during the year. The reorganisation provides for the appointment of experts to train the home-workers, for creating better marketing facilities and supply of funds and raw materials to the workers. For this purpose the attaching of sale rooms to the Institutes at Bangalore and Mysore has been sanctioned and a working advance placed at the disposal of the Director.

State-aid to private enterprise.—Including 16 applications for loans pending at the beginning of the year, 84 applications for Rs. 3,20,300 were dealt with in all during the year. Twenty-seven applications were registered and 39 applications for Rs. 2, 16,200 were sanctioned. A loan of Rs. 15,000 for a rice mill at Challakere. The loan of Rs. 20,000 sanctioned to Mr. Usman Khan of Bangalore for an Electric Laundry has not yet been utilised by him.

No. 8106-66--I. & C. 241-20-2, DATED 25TH FEBRUARY 1921.

The Department was able to complete 20 out of 36 installations of machinery undertaken during the year, the more important of them being the cotton gins at Chitaldrug and Nanjangud, a Rice Mill at Challakere and two tile factories at Kolar and Sagar. The total number of power installations in all the districts at the end of the year was 176.

The total amount of loans disbursed from the commencement to date is Rs. 6,60,216, of which Rs. 2,43,636 have been recovered on account of principal and interest. The progress, however, in the work of collection of arrears and current demand cannot be considered satisfactory.

During the year Government on the recommendation of the Director and the Board of Industries and Commerce revised the rules relating to the grant of these loans. The period of repayment in the case of hire purchase and other loans has been extended to seven and ten years, respectively, while advances towards working capital are made repayable in five years. Having regard to the conditions of the money market the rate of interest was slightly raised from $6\frac{1}{2}$ to $6\frac{3}{4}$ per cent.

Industries in receipt of State aid—The Director's report on the financial condition of the several industries in which Government have an interest or to which financial help has been rendered is awaited.

Work done by the Commercial Section.—The following statistical publications were compiled by the Commercial Section:—

- I. General level of prices of principal commodities.
- II. Review of Rail-borne trade Statistics for 1918-19.
- III. Collection of statistics of Road-borne trade through 65 Coodaks for 1918-19.

Of these the first two have been printed and published.

The Road-borne Trade forms but a small fraction of the total trade of the State. The information now compiled being of an isolated character does not admit of any comparative study of statistics. The question of introducing the registration of road-borne trade statistics is engaging the consideration of Government.

Some attempts have been made to collect information on various subjects in the Bureau of Commercial Information. But the methods employed at present for collecting and disseminating information of value require considerable improvement. The report of the Deputy Director does not state the number of enquiries received and answered by the Bureau.

The museum was transferred from the Exhibition Buildings to a rented building nearer the busier parts of the Mysore City. The housing of the Museum however is defective. No information is forthcoming as to the number of visitors to the Museum, enquiries received and orders registered. No attempts appear to have been made to print a descriptive catalogue. The observations made by Government in their review on the previous year's working of the section as regards the importance of the work of this section do not appear to have been attended to.

Government regret to observe that the work done by the Commercial Section during the year has not been of an appreciable character. No programme of work has been followed and the services of the Commercial Assistants are not being suitably utilised. The question of reconstituting this section of the Department on more practical lines is engaging the active consideration of Government.

CONCLUSION.

The work turned out by the Industries and Commerce Department during the year under review confined itself for the most part in carrying on the Government concerns and improving their commercial possibilities. The work in the districts should receive greater attention and the State aided concerns and installations should secure greater assistance and support from the Department in future. Investigations have to be vigorously pursued into questions vitally connected with the development of larger industries and greater activity should be shown in the work of the Commerce Section so as to make it really useful to the public. The more or less experimental lines of work followed till now must necessarily result in disappointments and failures.

No. 8106-66—1, & C. 241-20-2, DATED 25TH FEBRUARY 1921.

in some instances, but there is no reason for doubt that the Department has done solid good work in the past and when reorganised in the light of experience gained to suit the growing needs of the State and meet the demands for further expansion and development it will be able to show a substantial progress and achieve practical results in all directions in future years.

Paragraph 4 of letter No. 5437—I. & C. 223-19-32, dated the 11th December 1920 to the Tata Iron and Steel Company, stating that it is desirable to have the accounts relating to Stores at Bhadravati checked with reference to the stores actually existing there by some independent Officer and requesting them to suggest how best the stores could be inspected and audited.

2. Paragraph IV of letter No. M. A. 1124- 20, dated the 22nd December 1920, from the Tata Iron and Steel Company, Bombay, suggesting that an internal audit department may be created by Government and posted permanently at Benkipur to audit all accounts including stores and send periodical reports to Government and the Company, etc.

Order No. 7832-4 -- I. S. 15 20-2 dated 18th February 1921

Government have already issued orders in Government Order No. 6940-4—I. & C. 212-18-9, dated the 28th January 1920, regarding the audit of accounts maintained in connection with the Iron Works and no further orders are necessary in this respect.

With regard to the periodical inspection and audit of stores, however, the Executive Engineer, Town Construction Work, Bhadravati, is requested to examine in future, once every quarter, the stock in the Company's Office at Bhadravati with reference to the stock registers, etc., maintained and submit a report to Government and the Secretary to the Board.

The stock as it stood on 31st January 1921, should be examined before the 1st March 1921, and a special report sent up to Government.

Government Order No. Fl. 2995-6—G. F. 101-77-2, dated 18th December 1917, appointing Mr. George King, F.I.A., F.F.A., for conducting the fifth Actuarial valuation of the State Life Insurance Fund.

2. Letter No. 4698, dated 15th October 1920, from the Secretary, Mysore State Life Insurance Committee, submitting copies of the reports of Mr. King on the official branch and requesting sanction for the following resolutions of the Insurance Committee:—

(1) Declaration of a reversionary bonus addition at the rate of 1½% on the original sums assured for each full year's premium paid since 30th June 1912 in respect of all policies existing on 30th June 1918.

(2) Declaration of an interim bonus of 1% on the original sum assured for each full year's premium paid in respect of claims accruing either by death or attainment of 55 years subsequent to 30th June 1918 and before the date of next valuation.

(3) Grant of a bonus of one month's pay to the non-gazetted staff of the Insurance Office for the work rendered in connection with the valuation.

Order No. Fl. 5013-62—G. F. 100-20-2, dated 9th February 1921.

Sanctioned.

The bonus to the staff will be calculated on the pay they were drawing prior to the recent Re-organisation order.

The Secretary to the Insurance Committee will notify in the *Mysore Gazette* the declaration of reversionary bonus for the information of the insured.

M. N. KRISHNA RAO,
Financial Secretary to Government.

To—The Secretary, Mysore State Life Insurance Committee.
The Comptroller, Mysore Government.
The other Heads of Departments.

**Audit Notes drawn up by Local and
Outside Audit Work of the Comp-
troller's Office.**

No. FL. 5370-408—G. F. 163-20-1, DATED 26TH FEBRUARY 1921.

**PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.**

GENERAL AND REVENUE DEPARTMENTS.

Order No. FL. 5370-408—G. F. 163-20-1, dated 26th February 1921.

The arrangements for regulating the local and outside audit work of the Comptroller's office and the disposal of the audit notes drawn up by the local and outside staff are capable of improvement. There is now considerable delay in the disposal of audit notes at every stage which should be prevented.

The following instructions supplementary to the existing rules should be strictly observed by the officers concerned.

(1) A time limit as noted in the margin should be prescribed for the prepa-

Five days after close of audit in the case of quarterly audit. Ten days do half-yearly audit. Fifteen days in other cases.	ration and submission of final local and outside audit reports to the officer in charge of the accounts audited for explanation and neces- sary action.
---	--

(2) These reports should be required to be returned to the Comptroller within 10, 15 and 30 days respectively with replies and note of action taken by the authorities concerned.

(3) Within three months from the close of audit the Comptroller should report to Government in the Administrative Department concerned such of the points noticed in the course of local and outside audits as require orders, in the form prescribed in Government Order No. FL. 366-45—G. F. 263-18-2, dated 17th July 1919.

(4) When any audit note is not finally disposed of by the Head of Department or officer concerned within the period of three months to enable the Comptroller to obtain orders of Government, the latter officer should report the fact to Government with a note of the points noticed in such report and requiring their orders.

(5) The reports received from the Comptroller according to clauses (3) and (4), and those submitted by him quarterly under Government Order of 5th October 1918 should be treated as urgent by the Departments of Government concerned and prompt action taken for their disposal.

**Horse Allowance in addition to
Travelling Allowance.**

No. FL. 4947-96—S. & A. 107-19-27, DATED 7TH FEBRUARY 1921.

**PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.**

GENERAL AND REVENUE DEPARTMENT.

READ—

Letter No. R. O. C. 159—H., dated 17th April 1920, from the Conservator of Forests bringing to notice the hardship caused by the Revision of Travelling Allowance Rules, in the case of Forest Rangers of the last 3 grades on pay Rs. 50, 60, and 70 and Probationary Rangers on Rs. 40, and recommending in the circumstances explained, that the daily allowance of these officers may be fixed at a minimum of rupee one in the Maidan, or the horse allowance given to them be declared as an addition to the travelling allowance they would otherwise earn.

No. FL. 4947-96—S. & A. 107-19-37, dated 7th February 1921.

Under Note 2 to Article 575, Mysore Service Regulations, Forest Rangers are permitted to draw ordinary travelling allowances admissible for journeys made beyond their jurisdiction in addition to horse allowance, and the deduction therefrom is made only for the days for which such travelling allowance is drawn for journeys within jurisdiction.

2. In the circumstances explained in the letter read above, Government are pleased to accept the Conservator's recommendation for allowing horse allowance in addition to travelling allowance for days for which such allowance is claimed for journeys within jurisdiction also in respect of the low-paid officers referred to. The limits of distance from Headquarters for claiming this concession will however be five miles in Malnad and 10 miles in Maidan.

3. Government further direct that the concessions of allowing horse allowance in addition to ordinary travelling allowance for journeys within or beyond jurisdiction subject to the limitations above specified be extended to officers of all Departments on pay not exceeding Rs. 70, who are granted horse allowances.

4. A list of officers who are entitled to the concession hereby sanctioned is appended to this order.

5. Necessary Addenda and Corrigenda slip to Mysore Service Regulations will issue separately.

6. This order will have effect from 1st February 1921.

M. N. KRISHNA RAO,
Financial Secretary to Government.

To—The Comptroller, Mysore Government.
The Conservator of Forests in Mysore.
The other Heads of Departments.

**Endowment of Rs. 800 by Mr. Appu
Rao alias Subba Rao of Seringapatam.**

No. 2977-9—Muz. 462-19-7, DATED 25TH FEBRUARY 1921.

**PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.**

GENERAL AND REVENUE DEPARTMENTS

READ—

Government Order No. 338-40—Muz. 674-16-2, dated 13th August 1917, accepting a charitable deposit of Rs. 1,300 made by Subba Rao *alias* Appu Rao of Seringapatam for the conduct of certain sevarthas out of the interest at 4 per cent accruing thereon, in certain temples at Seringapatam.

(2) Government Order No. 2538-40—Muz. 451-18-2, dated 22nd February 1919, accepting an additional deposit of Rs. 900 at the same rate of interest for the conduct of services in some more temples.

(3) Note No. R.C.P. 90, dated 27th November 1920, from the Muzrai Superintendent in Mysore, stating that Mr. Appu Rao has deposited in the Seringapatam Taluk Treasury in the name of the Amildar a sum of Rs. 750 for the conduct of certain additional sevarthas, in addition to the endowment of Rs. 2,300 already made by him; and that he is prepared to deposit Rs. 50 more; and requesting that the deposit may be accepted and the services stipulated conducted by the Taluk agency, as the donor represents that he wishes to spend the rest of his life in Benares.

(4) Correspondence ending with letter No. C. 392 of 1919-20, dated 4th January 1921, from the Deputy Commissioner, Mysore District, reporting that the sevass previously stipulated by the donor are being conducted under the supervision of the Taluk Amildar in accordance with the instructions issued by the Muzrai Superintendent in his No. 437, dated 2nd August 1918; and recommending that the additional endowment now offered by Mr. Subba Rao *alias* Appu Rao may be accepted and arrangements made for the stipulated sevass being conducted under the supervision of the Taluk Amildar.

Order No. 2977-9—Muz. 462-19-7, dated 25th February 1921.

Government are pleased to accept the additional endowment of Rs. 800 offered by Mr. Subba Rao *alias* Appu Rao for the performance of the services noted below and to allow interest thereon at 5 per cent till June 1922, and thereafter at such rate as may be decided by Government.

	Rs. a. p.
(1) Utsava and Nivedana during the day on the 1st Monday of the month of Pushya every year in the Sri Jyotirmaheswaraswamy temple at Seringapatam	12 0 0
(2) Ashtotra puje and santarpn on the 1st Monday of Aswija of every year in the same temple to both God and Goddess	10 0 0
(3) Ashtotra puje and santarpn on Phalguna Bahula Tadiga of every year in the Sri Ranganathaswami temple at Seringapatam	10 0 0
Total	32 0 0

2. As the donor represents that he intends to spend the rest of his days in Benares, Government accept the recommendation of the Muzrai Superintendent and the Deputy Commissioner that the services stipulated by the donor may be conducted under the supervision of the Amildars of the Taluks concerned, as a special case.

3. The half-yearly interest on the entire endowment will be drawn punctually by the Deputy Commissioner, Mysore District, and sent to the Amildars concerned for the conduct of the sevass.

T. E. JAYARAMA IYER,

Secretary to Government, Muzrai Department.

To—The Muzrai Superintendent in Mysore.

The Deputy Commissioner, Mysore District, returning vernacular papers.

The Comptroller to Government.

**Administration Report of the Electrical
Department for 1919-20**

No. E. D. S. 632-6--12 A., DATED 18TH FEBRUARY 1921.

**PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.**

PUBLIC WORKS DEPARTMENT

READ—

(1) Letter No. 6347, dated 25th October 1920, from the Chief Electrical Engineer, submitting the Administration Report of the Electrical Department for the year 1919-20.

(2) Correspondence ending with Memo No. 405—W. A. D., 2 dated 27th November 1920, from the Comptroller of Mysore, returning the report after verifying the figured statements.

Order No. E. D. S. 632-6--12 A., dated 18th February 1921.

The modified grant sanctioned for the Capital and Revenue Expenditure stood at Rs. 13,07,000 and Rs. 10,89,000 respectively. The expenditure incurred during the year 1919-20 amounted to Rs. 22,21,444 as shown below:—

	Rs.
(1) Capital account (39 Electric works)	10,12,077
Telephone extensions	.. 692
Total ..	<u>10,12,769</u>
(2) <i>Revenue Expenses.</i>	
Working expenses	10,90,561
Depreciation charges	48,431
Telephone maintenance	10,717
Jog Falls Survey, etc.	58,966
	<u>12,08,675</u>
Grand Total ..	22,21,444

2. In addition to the above items, works aggregating Rs. 81,187 in cost were carried out by the Electrical Department for other Departments, Municipalities and other private bodies. They are treated as contribution works.

CAPITAL EXPENDITURE.

3. The actual expenditure incurred under this head was Rs. 10,12,769 against the sanctioned grant of Rs. 13,07,000, resulting in a net lapse of Rs. 2,94,231. This amount is made up of as under:—

	Rs.
Excess under suspense	3,20,529
Excess under—	
Works	5,92,452
Tramways	7,000
Telephones	15,308
	<u>6,14,760</u>
Net-lapse	2,94,231

The excess under suspense was due to non-adjustment of the minus provision Rs. 1,61,000 made in the Budget as well as a fresh debit to the extent of Rs. 1,59,529 to the head.

Lapse.—There was a lapse of Rs. 3,34,000 against the grant of Rs. 4,90,000 sanctioned for the VI installation during the year. This was due to materials ordered and received for the works having been taken on to "Stock" as they were not used for the works during the year and slow progress of work due to difficulties of procuring labour and influenza epidemic in the locality, etc. The lapse of Rs. 15,038 against the grant of Rs. 16,000 sanctioned for the extensions of Telephones was due to extensions having been ordered to be held in abeyance pending the thorough overhauling of the system.

No. E. D. S. 632-0—12 A., DATED 18TH FEBRUARY 1921

The excess over and lapse above Rs 50 under a few other items are of minor importance.

4. The items of works accounted for under "Capital Expenditure" are given in the Chief Electrical Engineer's report attached.

REVENUE EXPENDITURE.

5. The grant and outlay under this head stood at Rs. 10,89,000 and Rs. 12,08,675, respectively, as shown hereunder resulting in an excess of Rs. 1,19,675.

The classification of Revenue expenditure of Rs. 12,08,675 under main sub-heads as compared with the past two years will be as follows:—

	1919-20	1918-19	1917-18
	Rs	Rs	Rs
Working expenses ...	6,40,343	546,207	4,91,321
Amount credited to Depreciation Fund .	4,16,982	407,175	3,77,182
Amount debitable to Suspense account	33,236	35,637	8,093
Expenditure debitable to Depreciation Fund. ...	48,431	330,963	92,551
Maintenance of Telephones ..	10,717	...	.
Miscellaneous Electrical expenditure ...	58,966	..	...
Total ...	1208,675	1319,982	9,69,150

REVENUE.

6. The Revenue receipts from the Cauvery Power Electrical Works for the year 1919-20 amounted to Rs. 22,90,783 as against Rs. 26,81,559 during the preceding year. This decrease is primarily due to the fall in the exchange value of sterling revenue resulting in a reduction of revenue from the Gold Mining Companies for the power supplied.

A sum of Rs. 1,52,235 was credited out of the revenue to the Krishnarajasagara Scheme in accordance with G. O. Fl. No. 1681-4—G. F 217-16-2, dated 30th August 1919, fixing the apportionment of revenue.

The gross revenue to the credit of Cauvery Power Electrical works was Rs. 21,38,548. After deducting the working expenses and the amount debited to suspense account the net revenue from the scheme was Rs. 21,38,548—6,40,343—33,236 i.e., Rs. 14,64,969 as against Rs. 17,50,685 during the year 1918-19.

The percentage of net revenue on the total capital outlay for the year under review was 11.2 as against 8.4 during 1918-19 and 11.3 during 1917-18.

A summary of the financial results of the working of the Electrical Department to end of 1919-20 is given below:—

	Rs.
Capital outlay to end of 1919-20	130,50,499
Gross earnings from power supply to end of 1919-20	3,36,93,404
Accumulated interest on Depreciation Fund	12,16,024
Total	349,09,428
Working expenses including suspense	66,90,337
Depreciation Fund	50,26,924
Interest at 4% on the capital outlay, ...	62,38,802
Amount credited to Krishnarajasagara works from 1916-17	12,95,465
Total	1,92,51,528
Net profit for 18 years from 1902-03	156,57,900
Average per year	8,69,883.3
Average for 1918-19	3,83,268.8

No. E. D. S. 632-6—12 A., DATED 18TH FEBRUARY 1921.

Note.— The total amount at the credit of the Depreciation Fund and the total charges debited thereto at the end of 1920-21 were Rs. 50,26,924 and Rs. 6,65,739 respectively.

The reduction in the average is due to loss in revenue on account of high rate of exchange as stated above.

8. The principal items of works sanctioned under "Depreciation" and which were in progress are detailed in pages 19 and 20 of the report.

9. The number of interior lighting installations in the State served by the Cauvery Power has been increased from 3,928 in 1918-19 to 4,790 in 1919-20.

A comparative statement for the past three years is given below:—

Stations	1917-18	1918-19	1919-20
1. Bangalore City ..	1,337	1,454	3,871
2. Civil and Military Station ...	1,651	1,818	
3. Mysore City ...	569	656	901
4. Kolar Gold Fields ...	..	..	18
Total ..	3,557	3,928	4,790

A similar increase was noticeable in the number of street lights, as it rose from 3,848 in 1918-19 to 4,232 in 1919-20. Their distribution according to the places served is as follows:—

Bangalore City and Civil and Military Station	..	2,590
Mysore City	..	1,487
Kolar Gold Fields	..	155
Total ..	..	4,232

10. At the end of the year under report there were 176 power installations in all as against 134 in the previous year. Of these 123 were in the City and the Civil and Military Station, Bangalore, 51 in Mysore City and 2 on the Kolar Gold Fields.

11. The total quantity of power generated during the year was 112,047,210 units as against 102,530,000 units during the previous year showing an increase of 9,517,210 units.

GENERAL.

12. Works relating to the VI Installation, 1st stage, and the electrification of the Bethamangala Pumping plant should be pushed through vigorously.

13. The accounts of all the completed works should be closed as early as practicable.

14. There were 190 interruptions during the year against 181 in the last year. Attempts should be made to reduce the number of interruptions.

LIBRARY.

15. The number of books that were in the Library at the close of the year 1918-19 was	89
Number of books added during the year	13
Total ..	102

The periodicals and journals subscribed for during the year were:—

1. Electrical World.
2. Electrical Railway Journal.
3. General Electrical Review.
4. Engineering News Records.

NQ. E. D. S. 632-6—12 A., DATED 18TH FEBRUARY 1921.

5. Indian Industries and Power.

6. Electrical Review.

16. It is noted that ornamental lamp-posts were manufactured at Bangalore at considerable savings over the cost of obtaining them from America and that the plant was maintained in a satisfactory condition.

17. Government are pleased to record their satisfaction at the successful manner in which the Department was managed by Mr. S G Forbes, Chief Electrical Engineer.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.

RAILWAY DEPARTMENTS.

READ—

Letter No. 287—Rys., dated 13th October 1920, from the Comptroller of Mysore, submitting, with recommendation, the representation of Mr. P. S. Naidu, Assistant Auditor, Mysore Railways, for enhancement of his initial pay, etc.

2. Government Order No. R. S. 1273-76—Ry. F. 50 E-20-21, dated 19th November 1920, appointing Mr. P. S. Naidu, Assistant Auditor, Mysore Railways, as Personal Assistant to the Secretary for Railways for a period of three months.

Order No. R. S. 2189-93—Ry. F. 50 E-20-21, dated 3rd February 1921.

Government are pleased to approve of the recommendation of the Comptroller that Mr. P. S. Naidu may be allowed to draw Rs. 300 plus Rs. 50 personal allowance in the grade of Rs. 250-³⁰/₄-450 from the date he reported himself for duty in the Audit Office and the personal allowance be declared under Art. 44 of Mysore Service Regulations to be unaffected by increments which he would get except the last increment which would raise his pay to Rs. 450 when the allowance should be absorbed.

2. Mr. Naidu, while employed in the Railway Secretariat, is allowed lien on the 3rd Gazetted appointment in the Railway Audit Office, in which Mr. Murugesu Mudaliar is now acting.

C. DOVE-WILSON,

Secy, for Railways, Govt. of Mysore.

To—The Chief Secretary to Government.

**PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAMARAJA OF MYSORE.**

RAILWAY DEPARTMENTS.

READ—

The Administration Report of the State Railway Department for the year 1919-20, received from the Agent, Mysore Railways, with his letter No. 129, dated 10—11th December 1920.

No. R. S. 2322-25—Ry. F. 34-G. 20-21, dated 10th February 1921.
Recorded.

2. *Personnel.*—Mr. D. G. Dani, B.S.C., F.C.H. continued as Agent and Secretary for Railways during the year.

3. *Railway Committee.*—The Committee met six times during the year and dealt with ten questions. The Committee has since been abolished.

4. *State Lines worked by the M. & S. M. Railway Company.*—The length of these lines was 411'23 miles as in the previous year up to 1st October 1919 and thereafter 271'48 miles owing to resumption by the Durbar of 139'75 miles of the marginally noted Metre Gauge lines. The gross earnings amounted to Rs. 38,52,048 as against Rs. 45,58,616 in 1918-19, showing a decrease of Rs. 7,06,569. The net earnings amounted to Rs. 16,07,742 as compared with Rs. 22,78,819 in the previous year; showing also a decrease of Rs. 6,71,077 due to corresponding decrease in the mileage worked for reasons given above. The percentage of return on the capital outlay was 6'90% as against 8'54% in the preceding year. The net gain to the State amounted to Rs. 7,99,593 as against Rs. 11,23,108 in 1918-19.

5. *Lines worked by the State.*—The total length of the Mysore Railways worked by the State was 231'75 miles up to 1st October 1919 and thereafter to 371'50 miles due to the resumption of lines referred to in para 4 *supra*. The gross earnings on these lines amounted to Rs. 20,90,699 as against Rs. 7,42,528 and the net earnings to Rs. 7,52,944 as against Rs. 21,090 respectively, in the previous year. The net return on the capital outlay was 3'30% as against '08% in 1918-19. The increase is due chiefly to the addition of the lines resumed from the M. & S. M. Ry. Company yielding a better return on capital cost and partly to improvement on the earnings of Mysore-Arsikere Railway and Kolar District and Bangalore-Chikballapur Light Railways.

6. *Locomotive Department.*—It is satisfactory to note that the number of Engine failures was minimised due to the replacement of the boilers of the engines with new ones and that the train service continued to be satisfactory as in the previous year.

Good work was turned out of the Workshops. The principal works were the construction of a travelling hand crane for 2'-0" gauge designed in the shops and the manufacture of several spare parts of Engines hitherto obtained from England.

7. *Carriage and Waggon Department.*—The work in the Carriage and Waggon shops is satisfactory. Five Metre Gauge Bogie Coaches were completely constructed during the year, and 4 more Bogie and 1 four-wheeler coaches were nearing completion. Sixty-four Goods vehicles constructed by Messrs. Burn & Co., were received and handed over to traffic.

Eighty-five Coaching and 211 Goods vehicles were taken over from the Madras and Southern Mahratta Railway Company and re-numbered when the Bangalore-Nanjangud and Birur-Shimoga sections were resumed for working. Some of the machinery ordered for the Central Workshops at Mysore were also received and fitted temporarily at Bangalore to meet the heavy demand of repairs.

8. *Traffic Department.*—On the Mysore-Arsikere Railway earnings increased under coaching and goods, the average earnings per week per mile being Rs. 95, or

No. R. S. 2322-25—RY. F. 34 G.-20-21 DATED 10TH FEBRUARY 1921.

Rs. 20 more than in the previous year and on the Kolar District and Bangalore Chikballapur Light Railways the earnings per mile per week rose from Rs. 58 to Rs. 67. The earnings from the resumed lines showed improvement

9. *Accounts and Audit Department.*—During the year, this Department was suitably strengthened and re-organised to cope with the increased work. It is satisfactory to note that one of the Accountants Mr. G. N. Rangathan competed for All-India Subordinates Prize Essay Competition of the Indian Railway Conference Association and that he was awarded the 2nd prize, none gaining the first. The first volume of the Railway Code was completed and one chapter printed.

10. *Stores Department*—A Sub-Store Depot at Shimoga has been newly opened thus increasing the total number of Stores Depots to 5 including the Central Stores. The value of stock in the Railway Stores at the commencement of the year was Rs. 7,93,085 and the value of stores purchased during the year was Rs. 9,47,435 as against Rs. 6,81,082 in 1918-19. Stores to the value of Rs. 11,71,281 were issued during the year as against Rs. 5,63,130 in the previous year, leaving a balance of Rs. 5,69,239 at the close of the year

11. *Accidents.*—There were on the State Lines 35 accidents to persons, 130 to cattle, 78 derailments, 62 Engine failures.

12. *Concluding remarks.*—The submission of the Report has been long delayed and this should be avoided in future.

C. DOVE-WILSON,

Secretary for Railways Government of Mysore.

To—The Agent, Mysore Railways
The Chief Secretary to Government
The Chief Engineer of Mysore.

Shimoga District Board Railway Loan.

No. R. S. 2278-83—Ry. F. 164 G-20-21, DATED 8TH FEBRUARY 1921.

**PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.**

RAILWAY DEPARTMENT

READ--

G. O. No. 309-13—Ry. F. 164-14-15, dated 12th August 1914, authorising the District Board of Shimoga to raise a loan of Rs. 10 lakhs on a guarantee of 4 per cent interest for the construction of certain feeder lines in the Shimoga District.

2. G. O. No. R. S. 910-915—Ry. F. 216 G-17-18, dated 18th September 1917, directing that the Shimoga District Board may reserve the amount of loan which they were authorised to raise for the Arasalu-Tirthahalli or other feeder lines in the District and interest at 5% allowed till the amount is invested in a district Board Railway.

3. Letter No. H. C. 48—L. B. 18-19, dated 20th March 1919, from the President, District Board, Shimoga, submitting for the order of Government, copy of the resolution of the District Board, dated 5th March 1919, containing certain suggestions in regard to the utilization of the amount of loan for all the Railway lines in the District and distribution of profits.

Order No. R. S. 2278-83— Ry. F. 164 G-20-21, dated 8th February 1921.

The District Board, Shimoga, represent that the subscribers to the Railway loan are doubtful of getting proper profits if the loan amount raised for the construction of the Railway line is diverted for the construction of the Tirthahalli-Arasalu or other feeder lines instead of the main line as originally intended and are withholding payments of further calls on this plea, and as such it is necessary to announce that in distributing the profits, if any, to the subscribers the profits that may accrue on the feeder lines as well as on the main line will be taken into consideration and that proportionate profits will be distributed to them in proportion to the outlay of their funds.

In the circumstances brought to notice Government are pleased to direct that the Shimoga District Board Railway loan be utilised for the main line (Shimoga-Arasalu) with a guarantee of 5 per cent interest and a proportionate share of profits when net earnings of the line exceed 5 per cent.

THE MAHARAJA OF MYSORE.**

RAILWAY DEPARTMENT.

READ—

Government Order No. R. S. 2981-85—Ry. F. 55 O. L. 16-17, dated, 30th March 1917, making the State Railway Workshop as subordinate to the Mysore-Arsikere Railway and sanctioning the adjustment of charges connected therewith.

2. Resolution No. 263 of the Railway Officers' Meeting No. 30 of 9th August 1920, requesting to revise the above Government Order in view of the expansion of the State Lines proper and to make the workshops subordinate to the main State Owned Lines with the usual centage charges, being levied as prescribed in para 291, Open Line Code, Vol. I, for works done in the Workshops for the Kolar District and Bangalore-Chikballapur Light Railways.

Order No. R. S. 2328-33—Ry. 55 O. L. 20-21, dated 11th February 1921.

Government approve of the proposal to make workshops subordinate to the State Lines proper and sanction its being brought into effect.

2. The percentage charge to be levied for work done in the workshops for the worked lines (Kolar District and Bangalore-Chikballapur Light Railways) will be calculated on the actual outlay on labour and stores and will be 5 per cent to cover interest on buildings and plant depreciation of plant, and maintenance of buildings and plant.

3. As a proportion of the cost of supervision in the workshops is already borne by the worked lines no additional percentage is admissible on that account.

Rules for Testing Eye-sight.

No. R. S. 2284-86—Ry. F. 143 G. -20-21, DATED 8TH FEBRUARY 1921.

**PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.**

RAILWAY DEPARTMENT

READ—

Letter No. 153—Enc. 4, dated 13-18th December 1920, from the Agent, Mysore Railways, submitting for sanction rules to be adopted for the testing of eye-sight framed in consultation with the Senior Surgeon with the Government of Mysore in accordance with the resolutions arrived at the meetings of the Railway Officers held on 22nd March, 14th June and 20th September 1920, respectively.

Order No. R. S. 2284-86—Ry. F. 143G. -20-21, dated 8th February 1921.

Government are pleased to accord sanction to:—

- (i) the adoption of the subjoined set of rules for testing eye-sight, and
- (ii) the equipment of the offices of the District Medical Officers of Kolar, Shimoga, Chitaldrug and Mysore or Bangalore with a set of eye-testing apparatus at a cost of Rs. 100 for each office.

C. DOVE-WILSON,

Secy. for Rys., Govt. of Mysore.

To—The Agent, Mysore Railways.
The Senior Surgeon with the Government of Mysore.
The Auditor, Mysore Railways.

Exd.—C.R.

MYSORE RAILWAYS.

RULES FOR TESTING EYE-SIGHT.

Any candidate for employment in the following Departments, in any of the grades of service named, will, before being employed, be required to obtain a certificate from the Government District Medical Officer of the District to the effect that he possesses normal vision, both as to colour and form :—

(1) Locomotive Department. —

Locomotive candidates.
Drivers.
Shunters.
Firemen of Locomotive Engines and others whose duties may require them to distinguish signals.

(2) Traffic Department:—

Traffic candidates.
Guards.
Brakesmen
Station Masters.
Assistant Station Masters.
Traffic Inspectors and others whose duties may require them to distinguish signals.

(3) Engineering Department.

Permanent Way Inspectors.
Assistant Permanent Way Inspectors.
Apprentice Permanent Way Inspectors.
Inspectors of Signals.
Assistant Inspectors of Signals.
Apprentice Inspectors of Signals and others whose duties may require them to distinguish signals.

2. A candidate is disqualified, unless both eyes are emmetropic having absolute acuteness of vision and range of accommodation.

No. R. S. 2284-86—Ry. F. 143 G. -20-21, DATED 8TH FEBRUARY 1921.

3. A candidate is disqualified by any imperfection of colour sense.
4. Strabismus or any defective action of the exterior muscles of the eyeball, disqualifies a candidate for Railway services.
5. *Method of Examination*:— (1) Each eye should be examined separately.
 (2) To determine the acuteness of the vision of candidates who cannot read Army dot-test, varying groups of black dots 1-5th of an inch square to be counted, and their position correctly named without hesitation at a distance of 15 feet; but in case of simple myopia, the distance may be reduced, and the vision tested at 10 feet.
 (3) To determine the acuteness of vision Snellen's test-types to be read correctly and without hesitation at a distance in accordance with the instructions on the test-type.
6. *To determine the colour sense*.— (1) Coloured glass letters seen through same coloured spectacles, the colours and the letters to be named. This is for the day.
 (2) Edridgegreen lamp test in the darkroom at 6 feet distance with the maximum aperture. This is the test for night.
7. Spectacles for distant visions are not allowed.
8. No man will be allowed to remain as a Driver, whose distant vision is less than 6-9 (Snellen's test-type) or 15/10 (Army test-dot).
9. In the cases of employees who have been serving for a long time, and who are unable to pass the above tests, they should be examined by the Senior Surgeon to the Government of Mysore and if he finds that their eye-sight is good for practical purposes, without the aid of spectacle and that their colour vision is absolutely normal they may be retained in the service and examined periodically.
10. The eye-sight of the employees should be as follows:—

Classes of employees	When eye-sight to be re-tested	By whom tests to be carried out
Employees mentioned under paragraph I-(1), (2) and (3) above	Every 3rd year up to the age of 50 years and after that annually or oftener if necessary.	Medical Officer of the District.
Locomotive employees promoted from lower to higher grade of service	Before the promotion is effected.	Doubtful cases should be referred to the Senior Surgeon.
Employees mentioned under paragraph, I (1), (2) and (3) who have met with an accident or been seriously ill.	Before resumption of duty	..
Employees concerned in the accidents caused by neglect of signals which they have to observe.	Within one week of the accident and before resumption of duty.	Do
Employees attaining the age of 55.	Within one week after the age is attained, and then annually.	..

11. *Record of testing*. (1) A careful record to be kept of all tests and their results.
 (2) All reports of eye-sight tests and re-tests should be sent to Heads of Departments for record and entry in Service Registers.
12. *Failure under re-test*. (1) Any failure to pass the above tests with perfect success and satisfaction, and particularly any error or hesitation, however slight in the colour tests, will involve the suspension of the employee from duty, pending Medical Examination by the Senior Surgeon.
 (2) Should he be declared unfit by the Senior Surgeon, he will be discharged from the service if no other work of a suitable kind can be found for him.
 (3) Heads of Departments will take precautions to see that no one is employed on duties necessitating an observance of signals unless the above rules have been observed in his case, and the employee is in possession of a correct certificate on prescribed form.
